Written comments regarding the burden-hour estimates or other aspects of the collection of information requirements contained in the proposed rule should be sent to both BEA and OMB following the instructions given in the ADDRESSES section above.

Regulatory Flexibility Act

The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under the provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that this proposed rulemaking, if adopted, will not have a significant economic impact on a substantial number of small entities. Few small U.S. businesses are subject to the reporting requirements of this survey. U.S. companies that have direct investments abroad tend to be quite large, thereby excluding them from the definition of small entity. The proposed changes to the BE-11 annual survey would not increase the burden on small businesses. The exemption level for the BE-11 survey is set in terms of the size of a U.S. company's foreign affiliates (foreign companies owned 10 percent or more by the U.S. company); if a foreign affiliate has total assets, sales, or net income (loss) greater than the exemption level, it must be reported on Form BE-11B(LF), BE-11B(SF), BE-11B(FN), BE-11B(EZ), or BE-11C. With the increase in the exemption level for the BE-11 survey for nonbank affiliates of nonbank U.S. Reporters from \$40 million to \$60 million, the burden on small businesses would not increase and is likely to decrease since the U.S. parent company required to file the report is typically many times larger than its largest foreign affiliate. BEA estimates that about 1,700 majority-owned nonbank foreign affiliates will shift from being reported on the long form to the short form under the \$225 million exemption level. About 3,000 nonbank foreign affiliates will no longer be required to be reported under the \$60 million exemption level; almost 4,000 foreign affiliates were added to the sample due to growth in the universe since the 2004 BE-10 benchmark survey. About 200 U.S. Reporters will no longer be required to report the annual survey

because all of their affiliates would be exempt.

Because few small businesses are impacted by this rule, and because those small businesses that are impacted are subject to only minimal recordkeeping burdens, the Chief Counsel for Regulation certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities.

SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of October 31, 2006 (71 FR 63728), FDA published a proposed rule to reclassify the absorbable hemostatic device intended to produce hemostasis from class III (premarket approval) to class II (special controls). FDA invited interested persons to comment on the proposed rule by January 29, 2007. In the **Federal Register** of May, 8, 2007 (72 FR 26011), FDA reopened the comment period for 30 days in response to two requests for additional time for preparation of comments.

On July 2, 2007, FDA received a petition under 21 CFR 10.30 and 10.35 requesting that the agency refrain from issuing a final regulation for the proposed reclassification and the draft special controls guidance for the absorbable hemostatic device until an updated and complete administrative record is made available to the public. The petitioner also requested that FDA reopen the rulemaking for the proposed reclassification to allow submission of comments based on the administrative record. FDA has updated the administrative record in the Division of Dockets Management (see **ADDRESSES**). FDA is also reopening the comment period for 30 days. Although you can comment on any guidance at any time (see 21 CFR 10.115(g)(5)), elsewhere in this issue of the **Federal Register**, FDA is reopening the comment period on a notice of availability of a draft guidance document that would serve as the special control if the device is reclassified.

II. How to Submit Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments regarding this document. Submit a single copy of electronic comments to <http://www.regulations.gov> or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Please note that on January 15, 2008, the FDA Division of Dockets Management Web site transitioned to the Federal Dockets Management System (FDMS). FDMS is a Government-wide, electronic docket management system. Electronic comments or submissions will be accepted by FDA through FDMS only.

Dated: September 4, 2008.

SUPPLEMENTARY INFORMATION:

Background and Explanation of Provisions

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend the Procedure and Administration Regulations (26 CFR part 301) relating to section 6707A. Section 811 of the American Jobs Creation Act of 2004, Public Law 108-357 (118 Stat. 1418) added section 6707A to the Code to provide a monetary penalty for the failure to include on any return or statement any information required to be disclosed under section 6011 with respect to a reportable transaction. The temporary regulations set forth the rules relating to the assessment of the penalty as well as the factors that the Commissioner (or the Commissioner's delegate) will consider in deciding whether the penalty should be rescinded based on promoting compliance with the Code and effective tax administration. The text of those temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the amendments.
