SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

The Agency included in the final rule a list of those who may be potentially affected by this action. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under the **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Access Electronic Copies of this Document and Other Related Information?

In addition to using www.regulations.gov, you may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>.

II. What Does this Technical Amendment Do?

EPA issued a final rule in the **Federal Register** of December 7, 2007 (72 FR 69150) (FRL-8343-1), concerning amendments and revisions to the pesticide tolerance crop grouping regulations. This document is being issued to correct an omission in the crop grouping table in § 180.41(c)(15)(ii) for Gooseberry, and to remove unnecessary scientific names from the crop group 21 table in § 180.41(c)(22)(ii).

III. Why is this Technical Amendment Issued as a Final Rule?

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an Agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the Agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today's technical amendment final without prior proposal and opportunity for comment, because this technical amendment merely adds two subgroup numbers which were inadvertently left out to one table, and removes unnecessary scientific nomenclature from another table. This technical amendment does not change the impact of the December 7, 2007 document. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

IV. Do Any of the Statutory and Executive Order Reviews Apply to this Action?

EPA included the necessary statutory and Executive Order reviews in the December 7, 2007 final rule.

V. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of

Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a “major rule” as defined by 5 U.S.C. 804(2).
