

- Potential for geological hazards, including seismic activity, to have impacts on both the proposed LNG import terminal and pipelines.
- Potential impacts of the pipelines on waterbodies and wetlands.
- Potential impacts of the pipeline on vegetation, including the clearing of forested areas and the potential for increased risk of wild fires.
- Potential impacts of the pipeline on threatened and endangered species and wildlife habitat.
- Potential impacts of the pipeline on cultural resources.
- Potential economic impacts of the project, including potential impacts on property values.
- Use of eminent domain for project development.
- Potential impacts on high-value croplands and agricultural practices in the Willamette Valley.
- Potential for cumulative impacts resulting from multiple pipeline projects in the region.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the Oregon LNG Terminal and Pipeline Project. By becoming a commentor, your concerns will be addressed in the EIS and considered by the Commission. Your comments should focus on the potential environmental effects, reasonable alternatives (including alternative facility sites and pipeline routes), and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please follow these instructions:

- Send an original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.
- Label one copy of your comments for the attention of OEP/DG2E/Gas Branch 2, PJ-11.2.
- Reference Docket No. PF07-10-000 on the original and both copies.
- Mail your comments so that they will be received in Washington, DC, on or before June 12, 2008.

The Commission strongly encourages electronic filing of any comments in response to this NOI. See 18 Code of Federal Regulations 385.2001(a)(1)(iii) and the instructions on the Commission's Internet Web site at <http://www.ferc.gov> under the link to "Documents and Filings" and "eFiling." eFiling is a file attachment process and requires that you prepare your

submission in the same manner as you would if filing on paper, and save it to a file on your hard drive. New eFiling users must first create an account by clicking on "Sign up" or "eRegister." You will be asked to select the type of filing you are making. This filing is considered a "Comment on Filing." In addition, there is a "Quick Comment" option available, which is an easy method for interested persons to submit text only comments on a project. The Quick-Comment User Guide can be viewed at <http://www.ferc.gov/docs-filing/efiling/quick-comment-guide.pdf>. Quick Comment does not require a FERC eRegistration account; however, you will be asked to provide a valid e-mail address. All comments submitted under either eFiling or the Quick Comment option are placed in the public record for the specified docket or project number(s).

Once Oregon LNG formally files its application with the Commission, you may want to become an "intervenor," which is an official party to the proceeding. Intervenor status is a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in a Commission proceeding by filing a request to intervene. Instructions for becoming an intervenor are included in the User's Guide under the "e-filing" link on the Commission's web site. Please note that you may not request intervenor status at this time. You must wait until a formal application is filed with the Commission.

Environmental Mailing List

If you wish to remain on the environmental mailing list, please return the attached Mailing List Retention Form (Appendix 2 of this NOI). If you do not return this form, we will remove your name from our mailing list.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs at 1-866-208-FERC (3372), or on the FERC Internet Web site (<http://www.ferc.gov>) using the "eLibrary link." Click on the eLibrary link, select "General Search" and enter the project docket number, excluding the last three digits (i.e., PF07-10) in the "Docket Number" field. Be sure you have selected an appropriate date range. For assistance with eLibrary, the eLibrary helpline can be reached at 1-866-208-3676, TTY (202) 502-8659, or by e-mail at FERCOnlineSupport@ferc.gov. The

eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

In addition, the FERC now offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to <http://www.ferc.gov/esubscribenow.htm>.

Public meetings or site visits will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Finally, Oregon LNG has established a web site for this project at <http://www.oregonlng.com>. The Web site includes a project overview, status, potential impacts and mitigation, and answers to frequently asked questions. Additionally, you can view the location of the project facilities online at: <http://www.oregonpipe.linepropertysearch.com>. You can also request additional information by calling Oregon LNG directly at (503) 298-4969, or by sending an e-mail to info@OregonLNG.com.

Farm Fresh; Notice of Filing of Notice of Self-Certification of Qualifying Status of a Cogeneration Facility

April 24, 2008.

Take notice that on March 31, 2008, Farm Fresh, 1832 Kempsville Road, Suite 101, Virginia Beach, Virginia 23464 filed with the Federal Energy Regulatory Commission (Commission) a notice of self-certification of a facility as a qualifying cogeneration facility pursuant to 18 CFR 292.207(a) of the Commission's regulations.

The qualifying facility consisting of 600 kW diesel engine generator set. The generator operates on #2 fuel oil. The generator will be located on a concrete pad outside of the facility. A 2500 A service entrance rated ATS will be

placed on the building between the utility transformer and the building's existing service entrance switchgear. The facility is located at 2800 Raleigh Road, NE, Suite B, Wilson NC 27896.

This qualifying interconnects with Wilson Energy's electric distribution system. The facility will provide standby power and occasionally supplementary power to Farm Fresh.

A notice of self-certification does not institute a proceeding regarding qualifying facility status; a notice of self-certification provides notice that the entity making the filing has determined the Facility meets the applicable criteria to be a qualifying facility. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to 18 CFR 292.207(d)(iii).

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Docket Nos. ER08-665-000; ER08-665-001]

Eastland Power LLC; Notice of Issuance of Order

April 25, 2008.

Eastland Power LLC (Eastland Power) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed market-based rate schedule provides for the sale of energy and capacity. Eastland Power also requested waivers of various Commission regulations. In particular, Eastland Power requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Eastland Power.

On April 24, 2008, pursuant to delegated authority, the Director, Division of Tariffs and Market

Development-West, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Eastland Power should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004). The Commission encourages the electronic submission of protests using the FERC Online link at <http://www.ferc.gov>.

Notice is hereby given that the deadline for filing protests is May 27, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Eastland Power is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Eastland Power, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Eastland Power's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

EFS Parlin Holdings LLC; Notice of Issuance of Order

April 25, 2008.

EFS Parlin Holding LLC (Parlin) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provides for the sale of energy, capacity and ancillary services at market-based rates. Parlin also requested waivers of various Commission regulations. In particular, Parlin requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Parlin.

On April 23, 2008, pursuant to delegated authority, the Director, Division of Tariffs and Market Development-West, granted the request for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Parlin, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211, 385.214 (2007). The Commission encourages the electronic submission of protests using the FERC Online link at <http://www.ferc.gov>.

Notice is hereby given that the deadline for filing protests is May 23, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Parlin is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Parlin, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Parlin's issuance of securities or assumptions of liability.
