**DEPARTMENT OF JUSTICE****Notice of Lodging of Consent Decrees Under Clean Water Act**

In accordance with Departmental policy, 28 CFR 50.7, notice is hereby given that two proposed consent decrees in *United States v. James R. Chaplin, et al.*, C.A. No. 5:00-CV-118, were lodged on November 8, 2002, with the United

States District Court for the Northern District of West Virginia.

The consent decrees resolve the United States' claims against James R. Chaplin and other defendants named in the complaint, pursuant to sections 309(b) and (d) of the Clean Water Act, 33 U.S.C. 1319(b) and (d). At the time the complaint was filed, the defendants owned and operated five apartment complexes and previously constructed two single family housing subdivisions, all located in the northern part of West Virginia. Defendants operated a wastewater treatment and disposal facility ("facility" or "facilities") at each apartment complex and subdivision.

One consent decree with the defendants resolves the United States' claims that the defendants (a) discharged wastewater containing pollutants above limitations in applicable permits, (a) failed to properly operate and maintain the facilities, and (c) discharged pollutants from one facility without a proper permit. Under this consent decree, the defendants will pay a civil penalty of \$175,000 and obtain a permit for the facility without a permit. Defendants will also implement injunctive relief, which includes having each facility inspected by a qualified contractor, making necessary repairs to each facility which the defendants continue to own and operate, and maintaining service contracts on the facilities.

In July 2000, Belmont Properties, Inc. ("Belmont") purchased four of the apartment complexes and became managing and controlling partner of four defendant partnerships, through which defendants James R. Chaplin and Anna Chaplin owned and operated these four complexes. Under a second consent decree, Belmont has agreed to implement the same injunctive relief measures described above for the facilities at the complexes it now owns.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decrees. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. James R. Chaplin, et al.* and DOJ Reference No. 90-5-1-06425.

The proposed consent decrees may be examined at the Office of the United States Attorney, 1100 Main Street, Suite 200, Wheeling, West Virginia 26003; and the Region III Office of the Environmental Protection Agency, 1650 Arch Street, Philadelphia, Pennsylvania

19103. Copies of the proposed decrees may be obtained by mail from the Consent Decree Library, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing a request to Tonia Fleetwood, fax number (202) 514-0097, phone confirmation number (202) 514-1547. In requesting copies of the two consent decrees exclusive of exhibits, please enclose a check in the amount of \$18.00 (.25 cents per page production costs), payable to the U.S. Treasury.

### Notice of Lodging of Amended Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on October 31, 2002, a proposed amendment to a consent decree entered on April 28, 1992 in *United States and State of Arizona v. Motorola, Inc., Siemens Corporation, Salt River Valley Water Users' Association and GlaxoSmithKline*, Civil Action No. CV-91-1835-PHX-WPC, was lodged with the United States District Court for the District of Arizona.

In this action the United States sought the performance of response actions and the recovery of response costs incurred and to be incurred by the United States with respect to releases of hazardous substances at the Indian Bend Wash, North, Superfund Site in Scottsdale, Arizona ("Site"). The consent decree entered by the Court on April 28, 1992 required the performance of certain work by the Defendants Motorola, Inc., Siemens Corporation, the Salt River Valley Water Users' Association and GlaxoSmithKline (collectively "Defendants"), with participation by the City of Scottsdale pursuant to Rule 19 of the Federal Rules of Civil Procedure.

One provision of the April 28, 1992 consent decree specified that, if EPA determined that additional work was necessary to remediate contamination at the Site, the parties would negotiate informally to incorporate a requirement for the performance of that work into the April 28, 1992 consent decree. The Amended Consent Decree would incorporate certain additional work to be performed at the Site by the Defendants and the City that EPA has

deemed necessary. This work includes, but is not limited to, the continued operation and maintenance of three groundwater treatment facilities and related extraction and monitoring well systems.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Amended Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States and State of Arizona v. Motorola, Inc., Siemens Corporation, Salt River Valley Water Users' Association and GlaxoSmithKline*, D.J. Ref. 90-11-2-413.

Commenters may request an opportunity for a public meeting in the affected area, in accordance with section 7003 (d) of RCRA, 42 U.S.C. 6973(d).

The Amended Consent Decree may be examined at the Office of the United States Attorney, Two Renaissance Square, 40 N. Central Avenue, Suite 1200, Phoenix, Arizona 85004-4408, and at U.S. EPA Region 9, 75 Hawthorne Street, San Francisco, California 94105. In requesting a copy exclusive of exhibits, please enclose a check in the amount of \$23.00 (25 cents per page reproduction cost) payable to the U.S. Treasury.

[AAG/A Order No. 298-2002]

### Privacy Act of 1974: System of Records

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), the Department of Justice, Office of Professional Responsibility (OPR), proposes to modify the following system of records previously published in full text in the **Federal Register** on December 10, 1998 (63 FR 68299

(1998)): Office of Professional Responsibility Record Index, JUSTICE/OPR-001.

OPR is adding three new routine uses to this system of records. The first routine use allows the disclosure of information to contractors and others working on behalf of OPR when necessary to accomplish an OPR function related to this system of records. The second routine use allows the disclosure of information to former employees of the Department for the purpose of responding to official inquiries by government entities or professional licensing authorities in accordance with applicable Department regulations. This routine use also allows disclosure to former employees where the Department requires information and consultation assistance from the former employee that is necessary for personnel-related or other official purposes. The third routine use will allow the disclosure of information to members of the judicial branch of the Federal government in response to a written request where disclosures are relevant to the authorized function of the recipient judicial office or court system.

Title 5 U.S.C. 552a(e)(4)(11) provides that the public be given a 30-day period in which to comment on the proposed new routine use disclosures. The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires a 40-day period in which to conclude its review of any proposal to add new routine use disclosures or make other major modifications.

You may submit any comments by December 27, 2002. The public, OMB and the Congress are invited to send comments to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Room 1400 National Place Building, Washington, DC 20530. If no comments are received, the proposal will be implemented without further notice in the **Federal Register**.

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and the Congress on the proposed new routine uses.
