Drug Enforcement Administration

Minakshi B. Deshmukh, M.D., Revocation of Registration, Denial of Application

On July 11, 2002, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Minakshi B.

Deshmukh, M.D. (Dr. Deshmukh) of Midland, Michigan, notifying her of an opportunity to show cause as to why DEA should not revoke her DEA Certificate of Registration, BD4361692 pursuant to 21 U.S.C. 824(a)(3), and deny any pending applications for registration pursuant to 21 U.S.C. 823(f). The Order to Show Cause alleged that Dr. Deshmukh was not authorized to handle controlled substances in the States of Michigan (where she has applied for a new DEA registration) or Ohio (the state in which she is currently registered). The Order to Show Cause also notified Dr. Deshmukh that should no request for a hearing be filed within 30 days, her hearing right would be deemed waived.

The Order to Show Cause was sent by certified mail to Deshmukh at a location in Midland, Michigan, and DEA received a signed receipt indicating that it was received on July 17, 2002. DEA has not received a request for hearing or any other reply from Dr. Deshmukh or anyone purporting to represent her in this matter.

Therefore, the Deputy Administrator, finding that (1) 30 days have passed since receipt of the Order to Show Cause, and (2) no request for a hearing have been received, concludes that Dr. Deshmukh is deemed to have waived her hearing right. After considering material from the investigative file in this matter, the Deputy Administrator now enters his final order without a hearing pursuant to 21 CFR 1301.43(d) and (e) and 1301.46.

The Deputy Administrator finds that Dr. Deshmukh currently holds DEA Certificate of Registration BD4361692, as a practitioner. Her current registered location is in Oregon, Ohio and that registration expires on June 30, 2004. Only June 5, 2001, Dr. Deshmukh submitted an application for a new DEA Certificate of Registration as a practitioner at a location in Midland, Michigan.

A review of the investigative file reveals that on June 5, 2001, the Michigan Board of Medicine (Michigan Board) entered an Order of Summary Suspension of Dr. Deshmukh's license to practice medicine in that state. Following the issuance of the above Order, and effective March 20, 2002, Mr. Deshmukh and the Michigan Board entered into a Consent Order. The terms of the Consent Order included the six-month suspension of Dr. Deshmukh's license to practice medicine, and as a condition of reinstatement, her agreement to submit to a psychological and psychiatric examination, as well as a neurological evaluation.
