

Act. The DEIS evaluated the two CETAP corridors in isolation of one another and of other major pending highway projects, did not adequately analyze a No Build alternative, and lacked adequate assessment of indirect and cumulative impacts on aquatic and biological resources as well as water and air quality. EPA recommends that these concerns be addressed in a revised DEIS.

ERP No. D-FHW-K40254-CA Rating 3, Riverside County Integrated Project, Hemet to Corona/Lake Elsinore Corridor a New Multi-Modal Transportation Facility, Route Location and Right-of-Way Preservation, Riverside County, CA.

Summary: EPA found that the DEIS was inadequate to satisfy the requirements of NEPA and lead to the selection of a preferred alignment containing the least environmentally damaging practicable alternative to satisfy section 404 of the Clean Water Act. The DEIS evaluated the two CETAP corridors in isolation of one another and of other major pending highway projects, did not adequately analyze a No Build alternative, and lacked adequate assessment of indirect and cumulative impacts on aquatic and biological resources as well as water and air quality. EPA recommends that these concerns be addressed in a revised DEIS.

Final EISs

ERP No. F-BLM-K67054-NV, Phoenix Project, Current Mining Operations and Processing Activities Expansion, Battle Mountain, Plan of Operations Approval, Lander County, NV.

Summary: The final EIS does not address EPA's concern that the long-term post-closure mitigation will not be adequately funded. The environmental acceptability of the project depends on adequate funding of the mitigation plan to prevent degradation of water quality and impacts to biological resources. The final EIS continues to be inadequate since it does not include an itemized cost estimate for the mitigation or assurance that funds will be available in perpetuity to perform the project startup.

ERP No. F-COE-C30011-NJ, New Jersey Shore Protection Study to Determine a Feasible Hurricane and Storm Damage Reduction Plan from Manasquan Inlet to Barnegat Inlet, Boroughs of Point Pleasant Beach, Bay Head, Mantoloking, Lavallette, Seaside Heights and Seaside Park, and Townships of Buck, Dover and Berkeley, NJ.

Summary: EPA continues to have environmental concerns and requests an

opportunity to review a complete cumulative impacts and analysis and General Conformity Determination prior to the signing of the Record of Decision for the project.

ERP No. F-FHW-J40149-CO, Colorado Forest Highway 80, Guanella Pass Road (also known as Park County Road 62/Clear Creek County Road 381/Forest Development Road 118) from U.S. 285 in Grant to Georgetown, Improvements, Funding and U.S. Army COE Section 404, NPDES and Special Use Permits Issuance, Park and Clear Creek Counties, CO.

Summary: EPA expressed environmental concerns about wetland impacts and mitigation implementation.

ERP No. F-FHW-K40244-CA, CA-120 Oakdale Expressway Project, Construction and Operation, Post Mile 3.0 to Post Mile R12.9 near Oakdale, Funding, U.S. Army COE Section 404 and NPDES Permits Issuance, Stanislaus County, CA.

Summary: EPA expressed environmental concerns and recommended that FHWA request and obtain EPA's written concurrence on the least environmentally damaging practicable alternative and conceptual mitigation plan prior to the signing of the record of decision (ROD) in accordance with the NEPA/404 Memorandum of Understanding. EPA believes that the FEIS lacks sufficient information on indirect and cumulative impacts and a qualitative PM-10 analysis. In addition, the conceptual mitigation plan presented in the FEIS does not clearly show how it will adequately offset the project's wetland impacts.

Clean Water Act Class II: Proposed Administrative Settlement, Penalty Assessment and Opportunity To Comment Regarding NEXTEL Communications, Inc., et al. and NII Holdings, Inc.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: On October 30, 2002, EPA published in the **Federal Register** information concerning a proposed settlement with NEXTEL Communications Inc., et al. and NII Holdings, Inc. The purpose of this correction is to provide additional information about this settlement. EPA has entered into a consent agreement with NEXTEL Communications, Inc., and its subsidiaries, and NII Holdings, Inc., collectively referred to as "NEXTEL", to resolve violations of the Clean Water Act ("CWA"), the Clean Air Act ("CAA"), the Resource Conservation and Recovery Act ("RCRA"), and the Emergency Planning and Community Right-to-Know Act ("EPCRA") and their implementing regulations.

The Administrator is hereby providing public notice of this consent agreement and final order and providing an opportunity for interested parties to comment on the CWA portions, as required by CWA section 311(b)(6)(C), 33 U.S.C. 1321(b)(6)(C).

NEXTEL failed to prepare Spill Prevention Control and Countermeasure ("SPCC") plans for forty-eight facilities where they stored diesel oil in above ground tanks. EPA, as authorized by CWA section 311(b)(6), 33 U.S.C. 1321(b)(6), has assessed a civil penalty for these violations. NEXTEL failed to obtain the appropriate operating permits or exemptions at eight facilities in violation of CAA section 110, 42 U.S.C. 7410, and various state implementation plan ("SIP") requirements for emergency generators. EPA, as authorized by CAA section 113(d)(1), 42 U.S.C. 7413(d)(1), has assessed a civil penalty for these violations. NEXTEL failed to file an emergency planning notification with the State Emergency Response Commission ("SERC") and to provide the name of an emergency contact to the Local Emergency Planning Committee ("LEPC"). NEXTEL failed to submit Material Safety Data Sheets ("MSDS") or a list of chemicals to the LEPC, the SERC, and the fire

department with jurisdiction over each facility for seventy-five facilities in violation of EPCRA section 311, 42 U.S.C. 11021. At sixty-six facilities, NEXTEL failed to submit an Emergency and Hazardous Chemical Inventory form to the LEPC, the SERC, and the fire department with jurisdiction over each facility in violation of EPCRA section 312, 42 U.S.C. 11022. EPA, as authorized by EPCRA section 325, 42 U.S.C. 11045, has assessed a civil penalty for these violations. NEXTEL failed to make a hazardous waste determination and improperly disposed of hazardous waste at one facility in violation of 9 VAC 20-60-261(A), (40 CFR 261.5(g)(1) and (g)(3)). NEXTEL violated RCRA section 9003(d), 42 U.S.C. 6991b(d) and 30 TAC sections 334 and 37.801, when the insurance policy for underground storage tanks failed to use the terms "corrective action" or "sudden, non-sudden or accidental release" to describe coverage for four facilities. At one facility NEXTEL failed to notify the State or local agency or department of the existence of an underground storage tank in violation of RCRA section 9002(a), 42 U.S.C. 6991(a)(1). NEXTEL failed to follow all of the relevant underground storage tank regulations in violation of RCRA section 9003, 42 U.S.C. 6991b at one facility.
