### III. Current Actions

Section 501 of the Workforce Investment Act (Public Law 105-220) provides the Governor of the state the option to submit a strategic Unified State Plan for two or more of the activities or programs listed in section 501(b)(2) of the Act. The Unified State Planning Guidance Instructions outlines a strategy for the submission of a unified plan for the statewide workforce investment system that meets the requirements of Title V of the Act. This reinstatement is needed in order for state governments to submit modifications to their Unified State Plan. These modifications may be needed in order to keep the Plan a viable, living document over its five-year life. The Act gives states the authority to modify WIA Plans at any time and the recently issued Training and Employment Guidance Letter No. 4-02 encourages states to use the unified planning guidance to move from stand-alone planning to a unified planning process. This reinstatement is needed in order for state governments to have available the document used during their initial submission of State Plans, should the state need to submit a modification to its existing Plan.
