Increase in Fees and Charges for Egg, Poultry, and Rabbit Grading

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: The Agricultural Marketing Service (AMS) is increasing the fees and charges for Federal voluntary egg, poultry, and rabbit grading. These fees and charges are increased to cover the increase in salaries of Federal employees, salary increases of State employees cooperatively utilized in administering the programs, and other increased Agency costs.

EFFECTIVE DATE: January 1, 2003.

FOR FURTHER INFORMATION CONTACT: David Bowden, Jr., Chief,

Standardization Branch, (202) 720-3506.

SUPPLEMENTARY INFORMATION:

Background

The Agricultural Marketing Act (AMA) of 1946 (7 U.S.C. 1621 *et seq.*) authorizes official voluntary grading and certification on a user-fee basis of eggs, poultry, and rabbits. The AMA provides that reasonable fees be collected from users of the program services to cover, as nearly as practicable, the costs of services rendered.

The AMS regularly reviews these programs to determine if fees are adequate and if costs are reasonable. This rule will amend the schedule for fees and charges for grading services rendered to the egg, poultry, and rabbit industries to reflect the costs currently associated with them.

A recent review of the current fee schedule, effective January 1, 2002, revealed that anticipated revenue would not adequately cover increasing program costs. Costs in FY 2003 are projected at \$27.2 million. Without a fee increase, FY 2003 revenues are projected at \$26.0 million and trust fund balances would be \$15.2 million. With a fee increase, FY 2003 revenues are projected at \$27.2 million and trust fund balances would remain at \$16.4 million.

Employee salaries and benefits account for approximately 82 percent of the total operating budget. The last general and locality salary increase for Federal employees became effective on

January 1, 2002 and it materially affected program costs. Projected cost estimates for that increase were based on a salary increase of 3.6 percent, however, the increase was actually 4.52 to 5.42 percent, depending on locality. Another general and locality salary increase estimated at 2.6 percent is expected in January 2003. Also, from October 2001 through September 2003, salaries and fringe benefits of federally-licensed State employees will have increased by about 6 percent.

The impact of these cost increases was determined for resident, nonresident, and fee services. To offset projected cost increases, the hourly resident and nonresident rate will be increased by approximately 5.8 percent and the fee rate will be increased by approximately 6 percent. The hourly rate for resident and nonresident service covers graders' salaries and benefits. The hourly rate for fee service covers graders' salaries and benefits, plus the cost of travel and supervision.

Administrative charges that cover the cost of supervision for resident poultry and shell egg grading will also be increased as shown in the table below. Administrative charges for resident rabbit grading and nonresident services will not be changed.

The following table compares current fees and charges with proposed fees and charges for egg, poultry, and rabbit grading as found in 7 CFR parts 56 and 70:

Comments

Based on the analysis of costs to provide these services, a proposed rule to increase the fees for these services was published in the **Federal Register** (67 FR 48816) on July 26, 2002. Comments on the proposed rule were solicited from interested parties until August 26. No comments were received. The Agency will implement these increases, as proposed, to ensure the financial stability of its grading programs.

Executive Order 12866

This action has been determined to be not significant for purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget (OMB).

Regulatory Flexibility

Pursuant to the requirements set forth in the Regulatory Flexibility Act (RFA)(5 U.S.C. 601 *et seq.*), the AMS has considered the economic impact of this action on small entities. It is determined that its provisions will not have a significant economic impact on a substantial number of small entities.

There are about 400 users of Poultry Programs' grading services. These official plants can pack eggs, poultry, and rabbits in packages bearing the USDA grade shield when AMS graders are present to certify that the products meet the grade requirements as labeled. Many of these users are small entities under the criteria established by the Small Business Administration (13 CFR 121.201). These entities are under no obligation to use grading services as authorized under the Agricultural Marketing Act of 1946.

The AMS regularly reviews its user fee financed programs to determine if fees are adequate and if costs are reasonable. A recent review determined that the existing fee schedule, effective January 1, 2002, will not generate sufficient revenues to cover program costs while maintaining an adequate reserve balance in FY 2003. Costs in FY 2003 are projected at \$27.2 million. Without a fee increase, FY 2003 revenues are projected at \$26.0 million and trust fund balances would be \$15.2 million. With a fee increase, FY 2003 revenues are projected at \$27.2 million and trust fund balances would remain at \$16.4 million.

This action will raise the fees charged to users of grading services. The AMS estimates that overall, this rule would yield an additional \$1.2 million during FY 2003. The hourly rate for resident and nonresident service will increase by approximately 5.8 percent and the fee rate will increase by approximately 6 percent. The impact of these rate changes in a poultry plant will range from less than 0.007 to 0.037 cents per pound of poultry handled. In a shell egg plant, the range will be less than 0.021 to 0.036 cents per dozen eggs handled.

Civil Justice Reform

This action has been reviewed under Executive Order 12988, Civil Justice Reform. This action is not intended to have retroactive effect. This rule will not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule. There are no administrative procedures which must be exhausted prior to any judicial challenge to the provisions of this rule.

Paperwork Reduction

The information collection requirements that appear in the sections to be amended by this action have been previously approved by OMB and assigned OMB Control Numbers under the Paperwork Reduction Act (44 U.S.C. Chapter 35) as follows: § 56.52(a)(4)—No. 0581-0128; and § 70.77(a)(4)—No. 0581-0127.

Pursuant to 5 U.S.C. 553, it is found and determined that good cause exists for not postponing the effective date of this action until 30 days after publication in the **Federal Register**. The revised fees need to be implemented on an expedite basis in order to avoid further financial losses in the grading program. The effective date of the fee increase will be set to coincide with the billing cycle that begins on the first day of the first month after date of publication in the **Federal Register**.
