

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

December 18, 2002.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before February 24, 2003. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judith Boley Herman, Federal Communications Commission, Room 1-C804 or Room 1-A804, 445 12th Street, SW., Washington, DC 20554 or via the Internet to jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith Boley Herman at (202) 418-0214 or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-XXXX.
Title: FCC Wireless Telecommunications Bureau Technical Support Request Form.
Form No.: N/A.

Type of Review: New collection.
Respondents: Business or other for-profit, not-for-profit institutions,

individuals or households, and state, local or tribal government.

Number of Respondents: 17,500.
Estimated Time Per Response: 8 minutes.
Frequency of Response: On occasion reporting requirement.
Total Annual Burden: 2,333 hours.
Total Annual Cost: \$235,666.
Needs and Uses: The FCC Wireless Telecommunications Bureau supports several computer/internet-based systems used to support their licensing and auction services. In offering this service, the public often requests help or consultation with using these systems. The FCC currently receives these requests via telephone and e-mail. There is currently no burden or cost estimate for submitting these e-mails and telephone requests. A streamlined, electronic form should substantially decrease public and staff burden since all the information needed to facilitate a technical support request will now be submitted in a standard format. This will eliminate or at least minimize the need to follow-up with the customers to obtain all the information necessary to respond to their request. This form will also help presort requests to previously defined categories to all staff to respond quickly.

OMB Control No.: 3060-1009.
Title: Telecommunications Reporting Worksheet, CC Docket No. 96-45.
Form No.: FCC Form 499-M.
Type of Review: Revision of a currently approved collection.
Respondents: Business or other for-profit and not-for-profit institutions.
Number of Respondents: 1.
Estimated Time Per Response: 1 hour.
Frequency of Response: On occasion, annual, quarterly, monthly, and other reporting requirements, recordkeeping requirement, and third party disclosure requirement.

Total Annual Burden: 1 hour.
Total Annual Cost: N/A.
Needs and Uses: Pursuant to the Communications Act of 1934, as amended, telecommunications carriers (and certain other providers of telecommunications services) must contribute to the support and cost recovery mechanisms for telecommunications relay services, numbering administration, number portability, and universal service. The Commission is seeking comment on three connection-based proposals to further refine the record in the proceeding to revisit its universal service contribution methodology. If adopted, the proposals may entail altering the current reporting requirements to which interstate telecommunications carriers are subject under Part 54 of the Commission's rules.

OMB Control No.: 3060-0463.
Title: Telecommunications Services for Individuals with Hearing and Speech Disabilities and the Americans with Disabilities Act of 1990, 47 CFR part 64 (sections 64.601-64.605).

Form No.: N/A.
Type of Review: Revision of a currently approved collection.
Respondents: Business or other for-profit, and state, local or tribal government.

Number of Respondents: 5,052
Estimated Time Per Response: 6 hours.

Frequency of Response: On occasion, annual and every five year reporting requirements, third party disclosure requirement, and recordkeeping requirement.

Total Annual Burden: 26,831 hours.
Total Annual Cost: N/A.
Needs and Uses: Title IV of the Americans with Disabilities Act (ADA), which is codified at section 225 of the Communications Act of 1934, as amended (the Act), mandates that the Federal Communications Commission (FCC) ensure that interstate and intrastate telecommunications relay services (TRS) are available, to the extent possible and in the most efficient manner, to individuals in the United States with hearing and speech disabilities. Title IV aims to further the Act's goal of universal service by providing to individuals with hearing or speech disabilities telephone services that are functionally equivalent to those available to individuals without such disabilities. Since the establishment of this mandate, the Commission has taken numerous steps to increase the availability of TRS, and to ensure that TRS users have access to the same services available to all telephone service users.

Federal Communications Commission.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Submission for OMB Review; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency is submitting a request for review and approval of a collection of information under the

emergency processing procedures in the Office of Management and Budget (OMB) regulation 5 CFR 1320.13. FEMA is requesting that this information collection be approved by January 21, 2003. The approval will authorize FEMA to use the collection through July 31, 2003. FEMA plans to follow this emergency request with a request for a 3-year approval. The request will be processed under OMB's normal clearance procedures in accordance with the provisions of OMB regulation 5 CFR 1320.10. To help us with the timely processing of the emergency and normal clearance submissions to OMB, FEMA invites the general public to comment on the proposed collection of information.

SUPPLEMENTARY INFORMATION: Section 420 of the Robert R. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, authorizes the President to provide assistance, including grants, equipment, supplies, and personnel, to any State for the suppression of any fire on publicly or privately-owned forest or grassland, which threatens such destruction as would constitute a major disaster. Under E.O. 12148, the President has delegated this authority to the Director of FEMA, who in turn has re-delegated

the authority to the Response and Recovery Executive Associate Director. FEMA has issued regulations pertaining to fire suppression assistance (FSA) contained in 44 CFR part 206, subpart L.

Collection of Information:
Title: Request for Fire Suppression Assistance.

Type of Information Collection: Reinstatement, with change, of a previously approved collection for which approval has expired.

OMB Number: 3067-0066.

Abstract: FEMA provides assistance for fire suppression of forest or grassland fires, which threatens destruction to life and/or improved property as would constitute a major disaster under Fire Suppression Assistance Program (FSAP). FEMA Form 20-10, Financial Status Report, is used by the Grantee during the closeout process to provide FEMA with a final reporting of costs under the FSAP. FEMA Form 90-91, Damage Survey Report, is prepared by the Principal Advisor, State Forester, and a FEMA representative upon termination of eligible fire suppression assistance. Standard Form (SF) 424, Federal Assistance (referred to by States as a Fire Project Application), is submitted

by a State immediately after FEMA's Regional Director terminates fire suppression assistance. Standard Form 270, Request for Advance or Reimbursement, is used by the State as an option to receive funds. In addition, under Section 420 of the Stafford Act there must be a FEMA-State Agreement. Also, a State Administrative Plan must be developed by the State for the Administration of a Fire Suppression Assistance Grant. The plan must designate the State agency that will be responsible for the administration of the program and ensure compliance with the law and regulation applicable to (FSA) grants and ensure the administrative plan is incorporated into the State Emergency Plan. Applicants are required to notify FEMA of all benefits, actual or anticipated, received from other sources for the lost for which they are applying to FEMA for assistance. The State may appeal any cost or eligibility determination under the approved declaration within 60 days after receipt of the notice of action being appealed.

Affected Public: State, local or tribal government.

Estimated Total Annual Burden Hours:

Information collection	Respondents per year	House per response	Total burden
FEMA-Statement Agreement	11	1.5 hour	16.5 hours
Standard Form 424	42	1 hour	42 hours
FEMA Form 20-10	42	1 hour	42 hours
FEMA Form 90-91	42	30 minutes	21 hours
Standard Form 270 or Letter of Credit	1	30 minutes	30 minutes
State Administrative Plan	11	8 hour	88 hours
Hazard Mitigation Plan	11	160 hours	1,760 hours
Appeals	1	1 hour	1 hour
Duplication of Benefits	1	1 hour	1 hour
Estimated total	42	1,972

Estimated Cost: FEMA anticipate costs will be significantly less for the majority of applying States—approximately \$500.00 per year for those States with State Administrative Plans and Hazard Mitigation Plans already developed as a requirement of receiving fire suppression assistance grants previously. A GS-12 at \$23.94 per hour processes 6 fire suppression assistance grants, it takes no more than 11 hours to process each grant from start to finish. Seven personnel processing 6 grants = 42 grants × 11 hours = 462 hours × \$23.94 = \$11,060.28.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall

have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses. Submit comments to the OMB within 30 days of the date of this notice. To ensure that FEMA is fully aware of any comments or concerns that you share with OMB, please provide us with a copy of your comments. FEMA will continue to

accept comments for 60 days from the date of this notice.

OMB Addresses: Interested persons should submit written comments to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Desk Officer for the Federal Emergency Management Agency, 725 17th Street, NW., Washington, DC 20503.

FEMA Addresses: Submit written comments to Muriel B. Anderson, Chief, Records Management Branch, Information Resources Management Division, Information Technology and Services Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472.
