Part 5—Network Administration Grants

Network Administration Funds will be set aside in the amount of \$1.5 million.

Section IV. Awarding of Grants

States and Tribes that are selected to receive both a Network One Stop or Network Readiness Grant and a Network Challenge grant may receive the combined grant funds in a single award. However, if a State or Tribe elects to receive the combined grant funds in a single award, it will have to wait until the Network Challenge grant selections are made to be awarded funds. EPA will award funds to those States and Tribes that only apply for the Network One Stop or Network Readiness Grants after final selections are made.

Funds that States or Tribes do not apply for, or ultimately qualify for, under the Network One Stop Grant or the Network Challenge Grant, will be made available through the Network Readiness Grants. EPA reserves the right to reject any application or proposal. For questions concerning grant award decisions please refer to the contact information in Section VII.

Section V. Post Award Requirements

Grant recipients must submit a copy of the semiannual program report to the regional grant manager and the headquarters contact. At a minimum, program reports will include:

- An update on the schedule and status of the implementation of the project, including any implementation problems encountered and suggestions to overcome them;
