Section 10806 of the Farm Security and Rural Investment Act of 2002 amends the Federal Food, Drug, and Cosmetic Act (the act) to provide that a food shall be deemed to be misbranded "[i]f it purports to be or is represented as catfish, unless it is fish classified within the family *Ictaluridae*." **SUPPLEMENTARY INFORMATION:**

**I. Background**

On May 13, 2002, Public Law 107-171, entitled the Farm Security and Rural Investment Act of 2002 (FSRIA), became law. Section 10806 of the FSRIA amends the food misbranding provision in section 403 of the act (21 U.S.C. 343) to provide that a food shall be deemed to be misbranded "[i]f it purports to be or is represented as catfish, unless it is fish classified within the family *Ictaluridae*." This amendment overrides prior guidance that lists fish other than those from the family *Ictaluridae* as fish bearing the acceptable name "catfish."

The guidance document states that, consistent with the amendment to section 403 of the act, importers, domestic distributors, and sellers of fish in interstate commerce bearing the term "catfish," that are not classified within the family *Ictaluridae*, may no longer use the term "catfish" on labeling, in whole or as part of their common or usual name. This guidance relates to all fish that are distributed in interstate commerce, including imports.

The document discusses how to apply FDA's common or usual name "general principles" regulation (21 CFR 102.5) in determining a name that can be used for the fish once known as "catfish," but for which that name can no longer be used.

This guidance represents the agency's current thinking on acceptable common or usual names for fish bearing the name "catfish" that are not from the family *Ictaluridae*. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

This guidance is a level 1 guidance issued consistent with FDA's good guidance practices (GGPs) regulation (§ 10.115 (21 CFR 10.115)). Consistent with GGPs, the agency is soliciting public comment, but is implementing the guidance document immediately in accordance with § 10.115(g)(2) because the agency has determined that prior public participation is not feasible or appropriate. Section 403(t) of the act is now in effect and must be implemented immediately. Thus, FDA is making the guidance effective immediately.

**II. Comments**

Interested persons may submit to the Dockets Management Branch (see **ADDRESSES**) written or electronic comments on the guidance at any time. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments should be identified with the docket number
