§ 1.34 Recognition for representation.

(a) When a registered attorney or agent acting in a representative capacity, pursuant to § 1.31, appears in person or signs a paper in practice before the United States Patent and Trademark Office in a patent case, his or her personal appearance or signature shall constitute a representation to the United States Patent and Trademark Office that under the provisions of this subchapter and the law, he or she is authorized to represent the particular party in whose behalf he or she acts. In filing such a paper, the registered attorney or agent should specify his or her registration number with his or her signature. Further proof of authority to act in a representative capacity may be required.

(b) When a registered attorney or agent shall have filed his or her power of attorney, or authorization, duly executed by the person or persons entitled to prosecute an application or a patent involved in a reexamination proceeding, pursuant to § 1.31, he or she is a principal registered attorney or agent of record in the case. § 1.36 Revocation of power of attorney or authorization; withdrawal of registered attorney or agent.

A power of attorney or authorization of agent, pursuant to § 1.31, may be revoked at any stage in the proceedings

of a case, and a registered attorney or agent may withdraw, upon application to and approval by the Commissioner. A registered attorney or agent, except an associate registered attorney or agent whose address is the same as that of the principal registered attorney or agent, will be notified of the revocation of the power of attorney or authorization, and the applicant or patent owner will be notified of the withdrawal of the registered attorney or agent. An assignment will not of itself operate as a revocation of a power or authorization previously given, but the assignee of the entire interest may revoke previous powers and be represented by a registered attorney or agent of the assignee’s own selection. See § 1.613(d) for withdrawal in an interference.
