(2) If the person making the oath or declaration or any supplemental oath or declaration is not the inventor (§§1.42, 1.43, or §1.47), the oath or declaration shall state the relationship of the person to the inventor, and, upon information and belief, the facts which the inventor would have been required to state. If the person signing the oath or declaration is the legal representative of a deceased inventor, the oath or declaration shall also state that the person is a legal representative and the citizenship, residence and mailing address of the legal representative.

(3) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see §3.73(b) of this chapter); and

(4) Any new oath or declaration required by paragraph (f) of this section.

(e) The Office may require such other information as may be deemed appropriate under the particular circumstances surrounding the correction of inventorship.

(f) A new oath or declaration in accordance with this section must be filed to satisfy 35 U.S.C. 371(c)(4) if the declaration was filed under PCT Rule 4.17(iv), and:

(1) There was a change in the international filing date pursuant to PCT Rule 20.2 after the declaration was executed; or

(2) A change in the inventive entity was effected under PCT Rule 92*bis* after the declaration was executed and no declaration which sets forth and is executed by the inventive entity as so changed has been filed in the application.

(g) If a priority claim has been corrected or added pursuant to PCT Rule 26*bis* during the international stage after the declaration of inventorship was executed in the international application under PCT Rule 4.17(iv), applicant will be required to submit either a new oath or declaration or an application data sheet as set forth in §1.76 correctly identifying the application upon which priority is claimed.

§1.499 Unity of invention during the national stage.

If the examiner finds that a national stage application lacks unity of invention under §1.475, the examiner may in an Office action require the applicant in the response to that action to elect the invention to which the claims shall be restricted. Such requirement may be made before any action on the merits but may be made at any time before the final action at the discretion of the examiner. Review of any such requirement is provided under §§1.143 and 1.144.
