**§ 1.638 Opposition and reply; time for filing opposition and reply.**

(a) Unless otherwise ordered by an administrative patent judge, any opposition to any motion shall be filed within 20 days after service of the motion. An opposition shall identify any material fact set forth in the motion which is in dispute and include an argument why the relief requested in the motion should be denied.

[60 FR 14525, Mar. 17, 1995]

**§ 1.639 Evidence in support of motion, opposition, or reply.**

(a) Except as provided in paragraphs (c) through (g) of this section, proof of any material fact alleged in a motion, opposition, or reply must be filed and served with the motion, opposition, or reply unless the proof relied upon is part of the interference file or the file of any patent or application involved in the interference or any earlier application filed in the United States of

which a party has been accorded or seeks to be accorded benefit.

(b) Proof may be in the form of patents, printed publications, and affidavits. The pages of any affidavits filed under this paragraph shall, to the extent possible, be given sequential numbers, which shall also serve as the record page numbers for the affidavits in the event they are included in the party's record (§1.653). Any patents and printed publications submitted under this paragraph and any exhibits identified in affidavits submitted under this paragraph shall, to the extent possible, be given sequential exhibit numbers, which shall also serve as the exhibit numbers in the event the patents, printed publications and exhibits are filed with the party's record (§1.653).

(c) If a party believes that additional evidence in the form of testimony that is unavailable to the party is necessary to support or oppose a preliminary motion under §1.633 or a motion to correct inventorship under §1.634, the party shall describe the nature of any proposed testimony as specified in paragraphs (d) through (g) of this section. If the administrative patent judge finds that testimony is needed to decide the motion, the administrative patent judge may grant appropriate interlocutory relief and enter an order authorizing the taking of testimony and deferring a decision on the motion to final hearing.

(d) When additional evidence in the form of expert-witness testimony is needed in support of or opposition to a preliminary motion, the moving party or opponent should:

(1) Identify the person whom it expects to use as an expert;

(2) State the field in which the person is alleged to be an expert; and

(3) State:

(i) The subject matter on which the person is expected to testify;

(ii) The facts and opinions to which the person is expected to testify; and

(iii) A summary of the grounds and basis for each opinion.

(e) When additional evidence in the form of fact-witness testimony is necessary, state the facts to which the witness is expected to testify.

## § 1.640

## 37 CFR Ch. I (7-1-02 Edition)

(f) If the opponent is to be called, or if evidence in the possession of the opponent is necessary, explain the evidence sought, what it will show, and why it is needed.

(g) When inter partes tests are to be performed, describe the tests stating what they will be expected to show.

[49 FR 48455, Dec. 12, 1984, as amended at 58 FR 49434, Sept. 23, 1993; 60 FR 14525, Mar. 17, 1995]

### **§ 1.640 Motions, hearing and decision, redeclaration of interference, order to show cause.**

(a) A hearing on a motion may be held in the discretion of the administrative patent judge. The administrative patent judge shall set the date and time for any hearing. The length of oral argument at a hearing on a motion is a matter within the discretion of the administrative patent judge. An administrative patent judge may direct that a hearing take place by telephone.

(b) Unless an administrative patent judge or the Board is of the opinion that an earlier decision on a preliminary motion would materially advance the resolution of the interference, decision on a preliminary motion shall be deferred to final hearing. Motions not deferred to final hearing will be decided by an administrative patent judge. An administrative patent judge may consult with an examiner in deciding motions. An administrative patent judge may take up motions for decisions in any order, may grant, deny, or dismiss any motion, and may take such other action which will secure the just, speedy, and inexpensive determination of the interference. A matter raised by a party in support of or in opposition to a motion that is deferred to final hearing will not be entitled to consideration at final hearing unless the matter is raised in the party's brief at final hearing. If the administrative patent judge determines that the interference shall proceed to final hearing on the issue of priority or derivation, a time shall be set for each party to file a paper identifying any decisions on motions or on matters raised sua sponte by the administrative patent judge that the party wishes to have reviewed at final hearing as well as identifying any deferred motions that the party

wishes to have considered at final hearing. Any evidence that a party wishes to have considered with respect to the decisions and deferred motions identified by the party or by an opponent for consideration or review at final hearing shall be filed or, if appropriate, noticed under § 1.671(e) during the testimony-in-chief period of the party.

(1) When appropriate after the time expires for filing replies to oppositions to preliminary motions, the administrative patent judge will set a time for filing any amendment to an application involved in the interference and for filing a supplemental preliminary statement as to any new counts which may become involved in the interference if a preliminary motion to amend or substitute a count has been filed. Failure or refusal of a party to timely present an amendment required by an administrative patent judge shall be taken without further action as a disclaimer by that party of the invention involved. A supplemental preliminary statement shall meet the requirements specified in § 1.623, 1.624, 1.625, or 1.626, but need not be filed if a party states that it intends to rely on a preliminary statement previously filed under § 1.621(a). At an appropriate time in the interference, and when necessary, an order will be entered re-declaring the interference.

(2) After the time expires for filing preliminary motions, a further preliminary motion under § 1.633 will not be considered except as provided by § 1.645(b).

(c) When a decision on any motion under § 1.633, 1.634, or 1.635 or on any matter raised sua sponte by an administrative patent judge is entered which does not result in the issuance of an order to show cause under paragraph (d) of this section, a party may file a request for reconsideration within 14 days after the date of the decision. The request for reconsideration shall be filed and served by hand or Express Mail. The filing of a request for reconsideration will not stay any time period set by the decision. The request for reconsideration shall specify with particularity the points believed to have been misapprehended or overlooked in rendering the decision. No
