- Represents zero or rounds to 0.0 in data cells. In first column, represents greater than 100 for national rank and greater than 3 for state rank. (X) Not applicable. (NA) Not available.

<sup>1</sup> Rank in population among urban places (2,500 or more population). Rank in state excludes unincorporated places. See text.

<sup>2</sup> Hispanic origin based on the White population of Spanish mother tongue. Percentages shown based on sample data prorated to the 100-percent count of the White population and on the 100-percent count of the total population. These estimates are in italics. See text.

<sup>3</sup> 1850 census results for San Francisco were destroyed by fire. Data from the 1852 state census of California appear to include Chinese with White in most geographic areas. The reported White population of San Francisco was 34,320 (98.7 percent).

<sup>4</sup> Total population erroneously excludes Mare Island Naval Reservation (population 1,596). Corrected data are not available with Mexican classified as a race.
