economic development in the 406 counties which comprise the Appalachian Region. Investments made throughout this 13-State Region include the building of a 3,025-mile economic development highway system and an area development program which funds economic and community development projects at the local level with a special focus on distressed counties.

*Appalachian development highway system.*—The Appalachian development highway system (ADHS), including local access roads, is designed to improve the accessibility of Appalachia; to reduce highway transportation costs to and within Appalachia; and to provide the highway transportation facilities necessary to accelerate the overall development of Appalachia. Studies have found the ADHS to be cost-beneficial, generating significant economic impacts.

Since FY 1999, funding for the ADHS has been provided predominantly from the Highway Trust Fund. The Transportation Equity Act for the 21st Century (TEA21) authorized \$2.25 billion for the construction of the ADHS and local access road projects under Section 201 of the Appalachian Regional Development Act. TEA21 authorizes \$450 million annually to be appropriated out of the Highway Trust Fund for each of fiscal years 1999 through 2003. The ARC exercises programmatic and administrative control over these funds as it did when a direct appropriation was received.

The cumulative status of the system of roads follows:

\*Includes TEA21 funds.

*Area development program.*—Area development funds are allocated by formula to the 13 member-States for projects that promote sustainable regional development, with assistance targeted at the most distressed and underdeveloped counties.

Since 1999 roughly half of all ARC program funding has supported projects benefiting such counties, which represent about one quarter of the region's total and contain roughly 10% of the region's population.

Area development funds projects which advance the goals and objectives of ARC's strategic plan. This strategic plan commits ARC to achieving five goals. These goals are (1) education and skills training, (2) physical infrastructure, (3) leadership and civic capacity, (4) diversified and entrepreneurial local economies, and (5) improved health care. The Commission has taken aggressive steps to ensure that the area development program will make progress on accomplishing these goals, to better target resources to those communities with the greatest needs, and to increase flexibility in project submission.

Each Governor submits for Commission approval an annual strategy statement detailing the areas of emphasis within the Region. All project applications submitted by the Governors address these priorities and describe the goals, objec-

tives, and projected inputs, outputs, and outcomes. In 2003, the Commission will focus on both its system of reporting on the results of projects it funds and standardization of results measurement with those of other agencies that are engaged in similar activities.

In addition to the regular allocation of area development funds, ARC also identifies regional problems and opportunities and sets aside resources for special initiatives. The ongoing entrepreneurship initiative seeks to ensure that Appalachian communities have the commitment and resources to help entrepreneurs start and expand local businesses. To date, this initiative has funded 237 projects, providing \$20 million in ARC funds and leveraging over \$19 million more from other sources. Ninety-one projects that have been completed report the creation of 389 new businesses and the creation or retention of 1,283 jobs in the region. It is estimated that the 146 ongoing projects will create another 859 businesses and create or retain 2,726 jobs.

The budget provides \$56 million for area development with an approximate workload as follows:

	2001 actual	2002 est.	2003 est.
Area development projects .....	484	485	485

*Local development districts and technical assistance programs.*—Multi-county local development districts (LDDs) assist local governments throughout Appalachia in planning and working together on a regional basis. LDD funding from the ARC provides a cost-share with member governments, enabling local professional staff to help plan, initiate, and implement projects at the grass roots level. Technical assistance serves to strengthen the state and local governments, LDDs and non-profit organizations in the Region. TEA21 added seven new counties to the Region, for a total of 406. This increased the number of LDDs served from 69 to 71. The budget provides \$5 million for the LDDs and \$1 million for technical assistance, with the approximate approved workload as follows:

	2001 actual	2002 est.	2003 est.
Planning districts aided .....	71	71	71
Technical assistance projects .....	24	24	24

*Salaries and expenses.*—The Federal Co-Chairman represents the Federal Government on the Commission and leads in the coordination of programs serving the Appalachian Region across the Federal Government. Since 1989, the Office of the Federal Co-Chairman has included an Inspector General.

In this Federal-State partnership, the Federal Government contributes half of the expenses of a professional staff which works with the States and the Federal staff in operating the program. The other half of these non-Federal employee expenses are provided by member States. The budget provides a total of \$4 million for salaries and expenses.

The Architectural and Transportation Barriers Compliance Board (Access Board) was established by section 502 of the Rehabilitation Act of 1973 to ensure compliance with the Architectural Barriers Act of 1968. Since that time, the Access Board has been the only independent Federal agency whose primary mission is accessibility for people with disabilities. The Access Board has responsibility under four major pieces of legislation: the Architectural Barriers Act of 1968 (ABA); the Americans with Disabilities Act of 1990 (ADA); the Telecommunications Act of 1996; and section 508 of the Rehabilitation Act.

The Access Board's first major responsibility was to enforce the ABA, ensuring accessibility in facilities built, altered, or leased using certain Federal funds. In 2003, the Board will continue to process, investigate, and resolve complaints of noncompliance. The Access Board has a proven record of voluntary, amicable resolution of access issues.

Under the Americans with Disabilities Act (ADA), the Access Board gained responsibility for two major public roles: to develop minimum accessibility guidelines for places of public accommodation, commercial facilities, State and local government facilities, and transportation vehicles and facilities, all of which are covered under the ADA; and to offer training and technical assistance to individuals and organizations throughout the country on removing architectural, transportation and communication barriers.

In pursuing these responsibilities under the ADA, the Board uses citizens' advisory committees, negotiated rule-making, and other communication channels to encourage the

SALARIES AND EXPENSES—Continued

public's full participation in the Federal rulemaking process for developing its ADA Accessibility Guidelines (ADAAG). In addition, the Board is working with the building industry toward the development of a single set of minimum accessibility guidelines, using ADAAG as the basis.

Section 508 of the Rehabilitation Act of 1973, as amended, requires that when federal departments or agencies develop, procure, maintain, or use electronic and information technology, they shall ensure that the technology is accessible to people with disabilities, unless an undue burden would be imposed on the department or agency. In the Rehabilitation Act Amendments of 1998 (Title IV of the Workforce Investment Act of 1998) the Board was given the responsibility to develop the standards that electronic and information technology must meet to be accessible to people with disabilities.

Consistent with the Government Performance and Results Act, (GPRA) the Access Board has adopted the following mission statement to guide its programs: *The Board is the catalyst for achieving an accessible America.* This statement recognizes that achieving an accessible America requires bringing together public and private sectors. The Board has established long range goals that aim to bring together public and private sectors for achieving an accessible America. The Board's long-range goals are to:

- Take a leadership role in the development of codes and standards for accessibility
- Work in partnership with Federal agencies and others to make the Federal government a model of compliance with accessibility standards
- Be known as the leading source of information about accessibility and disseminate that information to our customers in effective ways

In 2003, the Board will continue to work on its major goal of taking a leadership role in the development of codes and standards for accessibility. The board plans to complete work on guidelines for outdoor developed areas, and publish notices of proposed rulemaking on public rights-of-ways and passenger vessels. Following its second goal, the Board will continue work with other Federal agencies to identify and publicize best practices in compliance with the Architectural Barriers Act. In line with its third goal, the Board will be in position to make better use of its web pages to disseminate information to the public. Finally, the Board will continue to use its website to efficiently distribute information about compliance with section 508.

The Chemical Safety and Hazard Investigation Board, as authorized by the Clean Air Act Amendments of 1990, became operational in 1998. It is an independent, non-regulatory agency that promotes chemical safety and accident prevention through investigating chemical accidents; making recommendations for accident prevention; conducting special studies; and advising the President and Congress on key issues relating to chemical safety and on actions taken by the Environmental Protection Agency, the Department of Labor, and other Federal agencies to implement Board recommendations. As authorized by law, the Board submitted a separate request to Congress and OMB concurrently, of \$9.0 million for 2003.

meetings are held by staff and State Advisory Committees to gather data and issue reports providing information about civil rights problems. In addition, the Commission appraises and reports on Federal agencies, enforcement of civil rights laws. Complaints alleging discrimination are referred to the proper Federal agencies.

The Commission provides liaison with private groups, public groups, and the media to provide civil rights information to Government officials, organizations, and the public. The Commission issues publications and public service announcements to discourage discrimination and denial of equal protection of the laws. The Commission also provides a library resource to support civil rights research, studies, hearings, and other Commission activities, and makes this information available to the general public.

The Committee for Purchase From People Who Are Blind or Severely Disabled administers the Javits-Wagner-O'Day (JWOD) Act of 1971, as amended. Its primary objective is to use the purchasing power of the Federal Government to provide people who are blind or have other severe disabilities with employment and training that will develop and improve job skills as well as prepare them for employment options outside the JWOD Program. In 2003, the Committee's goal is to employ approximately 50,000 people who are blind or have other severe disabilities in 650 producing nonprofit agencies. The Committee's duties include promoting the program; determining which products and services are suitable for Gov-

ernment procurement from qualified nonprofit agencies serving people who are blind or have other severe disabilities; maintaining a procurement list of such products and services; determining the fair market price for products and services on the procurement list; and making rules and regulations necessary to carry out the purposes of the Act. In 2003 the Committee's goal is to have sales of \$1.6 billion.

The Committee staff's responsibilities include promoting and assessing the overall programs; supervising the selection and assignment of new products and services; assisting in establishing prices; reviewing and adjusting these prices; verifying the qualifications of nonprofit agencies; and monitoring their performance. The increased resources proposed for 2003 would enable the Committee to continue its marketing efforts, which are essential to protecting jobs for people with disabilities involved in supplying commercial-type products such as office supplies to Federal customers under the JWOD Program. The education functions to be supported by these funds would focus on informing Federal purchase card holders about JWOD products and working with private sector distributors of those products, including e-commerce vendors.

The Commodity Futures Trading Commission (CFTC) administers the Commodity Exchange Act of 1936, as amended. The purpose of the CFTC is to further the economic utility of the futures markets by encouraging their efficiency, assuring their integrity, and protecting participants against abusive trade practices, fraud, and deceit. The object of commodity futures trading regulation is to enable the markets to better serve their designated functions of providing a price discovery mechanism and a means of offsetting price risk. By properly serving these functions, the futures markets serve the public interest by contributing toward better planning, more efficient distribution and consumption, and more economical marketing. The commodity futures and options markets represent one of America's most innovative and competitive contributions to the international financial services industry.

The Administration proposes additional dollar resources above the fiscal year 2002 level for the Commission. These resources contribute to the Commission's ability to investigate and detect fraud and abuse and ensure the continued integrity of the commodities markets. In addition, these funds would provide the Commission with enforcement and surveillance resources to respond to the continued growth and use of complex trading and derivative instruments.

*Market surveillance, analysis and research.*—Responsibilities under this program include daily surveillance of the market activity of large individual traders and fundamental economic market factors to insure orderly markets. Contract terms and conditions are reviewed to insure conformity with

**Enforcement.**—The enforcement program is responsible for detecting, investigating, and litigating violations of the Act or regulations. These violations may include actual and attempted market manipulations, cheating and defrauding customers, and abusive trading practices such as fictitious trading, wash trading, and pre-arranged trading. This program may seek remedies through the administrative process or by injunctive actions in the Federal Courts.

**Trading and markets.**—This program is designed to protect customer funds, prevent and detect financial, sales practice and trading abuses, and to assure the financial integrity and fitness of firms holding customer funds. In order to assure compliance with statutory requirements, this program monitors compliance activities of designated contract markets and the National Futures Association, conducts audits and reviews of registrants, and reviews self-regulatory organizations' rules and proposed rule changes. The program also develops regulations pursuant to statutory requirements and coordinates with other domestic and international regulators relative to cross border financial services affecting futures and options products.

Authorizing legislation will be proposed to establish a transactions fee on commodity futures and option contracts traded on approved exchanges to cover the cost of the Commission's regulatory activities. The collection and use of this fee, once authorized, will be contingent on appropriation action. For 2003, the fee would be effective on April 1, 2003 and be set on round turn transactions and would generate offsetting governmental collections of approximately \$33 million. The authorizing legislation would in future years give appropriators the ability to adjust the fee in order to match the Commission's appropriated level. The enactment of such fee legislation would allow the Commission, the Federal government's regulator of the futures industry, to overcome past budget restraints without harming the competitive position of U.S. exchanges.

The Corporation for National and Community Service works with non-profits, faith-based groups, schools, and other civic organizations to engage Americans of all ages and backgrounds in community-based service which addresses the Nation's educational, human, public safety, and environmental needs, including homeland security, to achieve meaningful results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service.

*National Service Trust.*—The Trust serves as a secure repository for educational awards set aside for eligible participants in National Service programs.

*AmeriCorps grants.*—With funds both channelled through States and provided directly to community based organizations, AmeriCorps grants enable communities to address prob-

lems they identify by using the skills of individuals serving in National Service positions.

*Innovation, assistance, and other activities.*—This activity provides support to programs receiving assistance under AmeriCorps or Learn and Serve America or to organizations or States which would like to create programs or apply to the Corporation for funding. This activity also includes funds for challenge grants for teaching and other national service programs, where private sources provide at least 50 percent of the amount required to operate the program.

*Evaluation.*—This activity supports studies of the impact and effectiveness of Corporation programs.

*National Civilian Community Corps.*—This residential National Service program provides unique service opportunities for members and communities.

*Learn and Serve America.*—Through grants to State educational agencies, colleges and consortia of colleges and nonprofit organizations, and other means, opportunities will be provided to students to participate in service learning activities.

*NCSA program administration.*—These funds will be provided to State Commissions to develop National Service plans and manage these activities within their States and will be used by the Corporation to administer these activities.

*Points of Light Foundation.*—A grant will be provided to this nongovernment, nonprofit 501(c)(3) entity to enable it to increase opportunities for Americans to participate in voluntary activities.

*America's Promise.*—A grant will be provided to this nongovernment, nonprofit 501(c)(3) entity to enable it to mobilize individuals, groups and organizations to build and strengthen the character and competence of the Nation's youth.

*General programming.*—The Corporation for Public Broadcasting provides grants to qualified public television and radio stations to be used at their discretion for purposes related to program production or acquisition and general operations. The Corporation also supports the production and acquisition of radio and television programs for national distribution. In addition, the Corporation assists in the financing of several system-wide activities, including national satellite interconnection services and the payment of music royalty fees, and provides limited technical assistance, research, and planning services to improve system-wide capacity and perform-

ance. By custom, the appropriation for the Corporation has been enacted two years in advance. For 2003 and 2004, appropriations of \$365 million and \$380 million were enacted in the 2001 and 2002 appropriations acts, respectively.

The Administration proposes that the Corporation receive appropriations like other programs that receive Federal assistance. Therefore, a 2005 funding request for the Corporation will be proposed in the FY 2005 President's Budget.

Public broadcasting assists in the educational and cultural development of our Nation. Funding for the Corporation facilitates the provision of universally available educational, non-commercial public telecommunications services that meet the needs of local communities across the country.

*Digital transition.*—In April 1997, the Federal Communications Commission issued regulations requiring broadcasters to transition from analog to digital broadcasting. Public broadcasters must convert to digital by May 1, 2003, with the possibility of extensions or waivers. Both the Corporation for Public Broadcasting and the Department of Commerce support public broadcasting's digital transition. Commerce Department funding will be targeted for digital transmission equipment, while the Corporation's funding will support necessary investments related to digital program production, development and distribution.

The Administration does not support the Court's proposal to lease the entire parking garage underneath the building partially occupied by the Court and to sublease parking spaces to other Federal agencies. The privately owned building is rented by the General Service Administration (GSA) on behalf of several agencies, and determinations on the leasing of parking spaces are more appropriately addressed by GSA.

The Veterans Judicial Review Act, 38 U.S.C. §§ 7251-7292 (1988) established the United States Court of Veterans Appeals (renamed United States Court of Appeals for Veterans Claims as of March 1, 1999, Public Law 105-368) under Article I of the United States Constitution. The Court is empowered to review decisions of the Board of Veterans' Appeals and may affirm, modify, revise, or remand a decision of the Board of Veterans' Appeals as it deems appropriate. The type of review performed by the Court is similar to that which is performed in Article III courts under the Administrative Procedure Act, title 5 U.S.C. §§ 551 et seq. In actions before it, the Court has the authority to decide all relevant questions of law, to interpret constitutional, statutory, and regulatory provisions, and to determine the meaning or applicability of the terms of an action by the Secretary of the Department of Veterans Affairs. The Court, being created by an act of Congress, may issue all writs necessary or appropriate in aid of its jurisdiction, 28 U.S.C. § 1651.

The Court is empowered to: compel actions of the Secretary that are found to have been unlawfully withheld or unreasonably delayed; and set aside decisions, findings, conclusions, rules, and regulations issued or adopted by the Secretary, the Board of Veterans' Appeals, or the Chairman of the Board that are found to be arbitrary or capricious. The Court may also set aside decisions which are abuse of discretion or otherwise not in accordance with the law, contrary to constitutional right, in excess of statutory jurisdiction or authority, or without observance of the procedures required by law. In cases involving benefits under the laws administered by the Department, the Court may hold unlawful or set aside findings of material facts if the findings are clearly erroneous.

The Court's principal office location is Washington, D.C.; however, it is a national court, empowered to sit anywhere in the United States.

*Pro bono program.*—The Legal Services Corporation administers a grant program to provide pro bono representation and legal assistance to claimants who file appeals with the Court. Congress funds the grant program through the Court's appropriation. To maintain impartiality, the Court does not administer the program or comment on the program's budget estimate.

*Practice registration fees.*—38 U.S.C. § 7285 established a fund, which receives no appropriations, that will be used by the U.S. Court of Appeals for Veterans Claims to employ independent counsel to pursue disciplinary matters involving practitioners and to defray costs for the implementation of the standards of practice before the Court.

This fund, established under 38 U.S.C. § 7298 will be used to pay judges' retired pay and annuities, refunds, and allowances to surviving spouses and dependent children. Participating judges pay one percent of their salaries to cover creditable service for retirement annuity purposes for which payment is required and 2.2 percent of their salaries for survivor annuity purposes for which payment is required. Additional funds as are needed to cover the unfunded liability may be transferred from the annual appropriation of the U.S. Court of Appeals for Veterans Claims.

The National Capital Revitalization and Self-Government Improvement Act established the Court Services and Offender Supervision Agency for the District of Columbia as an independent Federal agency, which has assumed the District of Columbia (D.C.) pretrial services, adult probation, and parole supervision functions. The mission of the Agency is to increase public safety, prevent crime, reduce recidivism and support the fair administration of justice in close collaboration with the community. The D.C. Public Defender Service provides legal representation services within the District of Columbia, and transmits its budget with that of the Agency,

yet operates as an independent District of Columbia agency, as required by law.

The Agency's budget supports the Community Supervision Program, the Pretrial Services Agency, and D.C. the Public Defender Service.

**Community Supervision Program.**—This activity provides supervision in the community of adult offenders on probation, parole or supervised release—consistent with a crime prevention strategy that integrates supervision, routine drug testing, treatment, and graduated sanctions. The activity also develops and provides probation and parole authorities with timely and useful information for decision-making. For 2003, \$11,920,000 is requested to expand the supervision of offenders in the community, improve the quality and timeliness of diagnostic and investigative reports for probation and parole decision-makers, improve educational and vocational rehabilitative services for offenders, provide substance abuse treatment for offenders under supervision, and increase drug testing collection capabilities in community supervision offices.

**Pretrial Services Agency.**—This activity assists the trial and appellate levels of both the Federal and local courts in determining eligibility for pretrial release by providing background information on all arrestees. The Pretrial Services Agency is further responsible for supervising conditions of release and reporting on defendants' compliance to the court. For 2003, \$1,733,000 is requested to establish a Day Reporting Center to improve and increase intensive supervision capabilities, provide additional mental health treatment and assessment services for pretrial defendants under supervision, and to improve performance management data collection.

**Public Defender Service.**—This activity provides legal representation to indigent defendants and provides support in the form of training, consultation and legal reference services to members of the local bar appointed as counsel in criminal, juvenile, and mental health cases involving indigent individuals. For 2003, \$874,000 is requested to provide personnel, training, and support to meet the increased demand for technical expertise by defense lawyers handling DNA-based cases and to provide Constitutionally mandated legal representation to individuals facing parole revocation before the U.S. Parole Commission.

In 2003, the Court Services and Offender Supervision Agency will continue to work closely with all elements of the District of Columbia and Federal criminal justice, courts, corrections, and rehabilitation systems to improve offender supervision and court services programs, policy, and practice.

The Defense Nuclear Facilities Safety Board, authorized by Public Law 100-456, is responsible for evaluating the content and implementation of the standards relating to the design, construction, operation, and decommissioning of defense nuclear facilities of the Department of Energy (DOE) (as defined in Public Law 100-456). The Board also reviews the design of new DOE defense nuclear facilities and periodically reviews and monitors construction of such facilities to ensure adequate protection of public and worker health and safety. In addition, the National Defense Authorization Act for 1992 and 1993 (Public Law 102-190) expanded the Board's jurisdiction to include facilities and activities involved with the assembly, disassembly, and testing of nuclear weapons. The Board is also responsible for investigating any event or practice at a defense nuclear facility which has or may adversely affect public health and safety. The Board makes specific recommendations to the Secretary of Energy on measures that should be adopted to ensure that both public and employee health and safety are adequately protected.

The Delta Regional Authority (DRA), authorized by P.L. 106-554, was established to assist an eight-state, 236-county region of demonstrated distress in obtaining the transportation and basic public infrastructure, skills training, and opportunities for economic development essential to strong local economies.

The DRA was created as a Federal-State partnership modeled after other regional development agencies. DRA will focus on: basic public infrastructure in distressed counties and isolated areas of distress; transportation infrastructure facilitating the economic development of the region; business

development; and job training or employment-related education.

The Denali Commission was established by the Denali Commission Act of 1998 (P.L. 105-277) to promote sustainable rural infrastructure development, to provide job training and

other economic development services in rural communities with a focus on distressed communities, and to deliver services in the most cost-effective manner practicable in the State of Alaska. The Denali Commission is composed of 7 members with a Federal Cochairperson. The Commission is required to develop an annual work plan that ensures coordination of State and Federal agencies for cost-shared and sustainable utilities and infrastructure related projects that promote health, safety, and economic self-sufficiency throughout rural Alaska under a statutory overhead ceiling of not more than 5 percent.

The Omnibus Consolidated and Emergency Supplemental Appropriations Act of 1999 (P.L. 105-277) established the annual transfer of interest from the Oil Spill Liability Trust Fund to the Denali Commission. The Denali Commission, in consultation with the Coast Guard, developed a program in which these funds are to be used to repair or replace bulk fuel storage tanks in Alaska which are not in compliance with Federal law, including the Oil Pollution Act of 1990, or State law.

Under the National Capital Revitalization and Self-Government Improvement Act of 1997, the Federal Government is required to finance the District of Columbia Courts beginning in 1998. This Federal payment to the District of Columbia Courts funds the operations of the District of Columbia Court of Appeals, Superior Court and the Court System. Beginning in 1999, the Federal Government also provides funds for capital improvements. Beginning in 2000, funding for Defender Services in the District of Columbia Courts is provided through a separate account. In 2002, funding for the Family Court was provided through a separate account. Beginning in 2003, funding for the Family Court is included in the District of Columbia Courts account.

By law, the annual budget includes estimates of the expenditures for the operations of the District of Columbia Courts prepared by the Joint Committee on Judicial Administration in the District of Columbia and the President's recommendation for funding District Courts operations. The President's recommended level of \$159 million includes: \$127 million for District of Columbia Court of Appeals, Superior Court of the District of Columbia and the District of Columbia Court System operations; and \$32 million for capital improvements for District courthouse facilities. Under a separate transmittal to Congress, the District Courts are requesting \$193 million; \$131 million for operations and \$62 million for capital improvements.

The District of Columbia Courts appoint and compensate attorneys to represent persons who are financially unable to obtain such representation under three Defender Services programs: the Criminal Justice Act (CJA) program provides court-appointed attorneys to indigent persons who are charged with criminal offenses; the Counsel for Child Abuse and Neglect (CCAN) program provides court-appointed attorneys for family proceedings in which child neglect is alleged, or where the termination of the parent-child relationship is under consideration and the parent, guardian, or custodian of the child is indigent; the Guardianship program provides for the representation and protection of mentally incapacitated individuals and minors whose parents are deceased. In addition to legal representation, these programs provide indigent persons with services such as: transcripts of court proceedings; expert witness testimony; foreign and sign language interpretation; and investigations and genetic testing. The President's recommended funding level for Defender Services is \$32 million. Under a separate transmittal to Congress, the Courts are requesting \$45 million for Defender Services.

**[FEDERAL PAYMENT FOR FAMILY COURT ACT]**

[For carrying out the District of Columbia Family Court Act of 2001, \$24,016,000, of which \$23,316,000 shall be for the Superior Court of the District of Columbia and \$700,000 shall be for the Mayor of the District of Columbia of which \$200,000 shall be for completion of a plan by the Mayor on integrating the computer systems of the District of Columbia government with the Family Court

of the Superior Court of the District of Columbia: *Provided*, That the Mayor shall submit a plan to the President and the Congress within 6 months of enactment of that Act, so that social services and other related services to individuals and families serviced by the Family Court of the Superior Court and agencies of the District of Columbia government (including the District of Columbia Public Schools, the District of Columbia Housing Authority, the Child and Family Services Agency, the Office of the Corporation Counsel, the Metropolitan Police Department, the Department of Health, and other offices determined by the Mayor) will be able to access and share information on the individuals and families served by the Family Court: *Provided further*, That \$500,000 of such amount provided to the Mayor shall be for the Child and Family Services Agency to be used for social workers to implement Family Court reform: *Provided further*, That the chief judge of the Superior Court shall submit the transition plan for the Family Court of the Superior Court as required under the District of Columbia Family Court Act of 2001 to the Comptroller General (in addition to any other requirements under such section): *Provided further*, That the Comptroller General shall prepare and submit to the President and Congress an analysis of the contents and effectiveness of the plan, including an analysis of whether the plan contains all of the information required under such section within 30 calendar days after the submission of the plan by the Superior Court: *Provided further*, That the funds provided under this heading to the Superior Court shall not be made available until the expiration of the 30-day period (excluding Saturdays, Sundays, legal public holidays, and any day on which neither House of Congress is in session because of an adjournment sine die, a recess of more than 3 days, or an adjournment of more than 3 days) which begins on the date the Comptroller General submits such analysis to the President and Congress: *Provided further*, That the Mayor shall prepare and submit to the President, Congress, and the Comptroller General a plan for the use of the funds provided to the Mayor under this heading, consistent with the requirements of the District of Columbia Family Court Act of 2001, including the requirement to integrate the computer systems of the District government with the computer systems of the Superior Court: *Provided further*, That the Comptroller General shall prepare and submit to the President and Congress an analysis of the contents and effectiveness of the plan within 30 calendar days after the submission of the plan by the Mayor: *Provided further*, That the funds provided under this heading to the Mayor shall not be made available until the expiration of the 30-day period (excluding Saturdays, Sundays, legal public holidays, and any day on which neither House of Congress is in session because of an adjournment sine die, a recess of more than 3 days, or an adjournment of more than 3 days) which begins on the date the Comptroller General submits such plan to the President and Congress.] (*District of Columbia Appropriations Act, 2002.*)

The National Capital Revitalization and Self-Government Improvement Act of 1997, as amended (the Act), requires the Secretary of the Treasury to make payments at the end of each fiscal year, beginning in 1998, from the General Fund of the Treasury into the District of Columbia Judicial Retirement and Survivors Annuity Fund (Judicial Fund). Annual payments consist of amounts necessary to amortize: the original unfunded liability over 30 years; the net experience gain or loss over 10 years; any other changes in actuarial liability over 20 years; and amounts necessary to fund the normal cost and covered administrative expenses for the year. This account receives the annual payments from the General Fund and immediately transfers those amounts to the Judicial Fund through an expenditure transfer.

The National Capital Revitalization and Self-Government Improvement Act requires that the adult felon population of the District of Columbia be transferred to the Federal Prison System by no later than December 31, 2001. To assist in this transition, the Act established a Corrections Trustee to provide financial oversight and assistance to the District of Columbia Department of Corrections.

The last inmates were transferred out of the Lorton Correctional Complex on November 19, 2001, and the transition

of District of Columbia adult felony inmates to the Federal Bureau of Prisons was completed. With the transfers, the Federal Bureau of Prisons has approximately 7,000 District of Columbia inmates in its custody.

The remaining property at the Lorton Correctional Complex will be vacated and prepared for transfer to Fairfax County during the remainder of 2002. Included in preparatory work will be the closing of the sewerage treatment plant and the removal of underground storage tanks. Continuing Lorton-based functions will be relocated from the Lorton complex. With the completion of its mission, the Corrections Trustee will terminate operations at the end of 2002.

The National Capital Revitalization and Self-Government Improvement Act of 1997, as amended (the Act), established the Federal Supplemental District of Columbia Pension Fund (Supplemental Fund) to pay retirement benefits for District of Columbia law enforcement officers, firefighters, and teachers after the District of Columbia Federal Pension Liability Trust Fund has been depleted, and to pay any necessary expenses to administer the fund. The Supplemental Fund consists of: amounts deposited into the fund; any amount appropriated to the fund; and any income earned from investment of the assets in public debt securities. The Act requires the Secretary of the Treasury to make payments at the end of each fiscal year, beginning in 1998, from the General Fund of the Treasury into the Supplemental Fund. Annual payments consist of amounts necessary to amortize; the original unfunded liability over 30 years; the net experience gain or loss over 10 years; and any other changes in actuarial liability over 20 years, and amounts necessary to fund covered administrative expenses for the year.

ment, agency, or independent establishment thereof.” Each agency was to pay 25 percent of its estimated yearly bill each quarter by depositing its payment into this account. Even if all agencies did not submit payment on time, Treasury was directed to pay the Government-wide bill, making up the difference from a permanent, indefinite appropriation account, which was then to be reimbursed by the appropriate agencies.

The 2001 Consolidated Appropriations Act amended this system by repealing the permanent, indefinite appropriation account, by directing Treasury to draw down agency funds for payment of water and sewer bills, by requiring agency Inspectors General to analyze how promptly the user agency makes its payment, and by making these amendments retroactive to 1990.

The National Capital Revitalization and Self-Government Improvement Act of 1997, as amended (the Act), established the District of Columbia Federal Pension Liability Trust Fund (Trust Fund) to pay retirement benefits for District of Columbia law enforcement officers, firefighters, and teachers, and to pay any necessary expenses to administer the Trust Fund or expenses incurred by the Secretary of the Treasury in carrying out his responsibilities regarding such retirement benefits. The Trust Fund consists of the proceeds of accumulated pension assets transferred from the District of Columbia during 1999 and liquidated, pursuant to the Act, and any income earned from investment of the assets in public debt securities.

**[ADMINISTRATIVE PROVISION]**

[Of the Federal funds made available in the District of Columbia Appropriations Act, 2001, Public Law 106–522 for the Metropolitan Police Department (114 Stat. 2441), \$100,000 for the police mini-station shall remain available for the purposes intended until September 30, 2002: *Provided*, That the \$1,000,000 made available in such Act for the Washington Interfaith Network (114 Stat. 2444) shall remain available for the purposes intended until December 31, 2002: *Provided further*, That \$3,450,000 made available in such Act for Brownfield Remediation (114 Stat. 2445), shall remain available until expended.] (*District of Columbia Appropriations Act, 2002.*)

**GENERAL PROVISIONS**

SEC. 101. Whenever in this Act, an amount is specified within an appropriation for particular purposes or objects of expenditure, such amount, unless otherwise specified, shall be considered as the maximum amount that may be expended for said purpose or object rather than an amount set apart exclusively therefor.

SEC. 102. Appropriations in this Act shall be available for expenses of travel and for the payment of dues of organizations concerned with the work of the District of Columbia government, when authorized by the Mayor: *Provided*, That in the case of the Council of the District of Columbia, funds may be expended with the authorization of the chair of the Council.

SEC. 103. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government: *Provided*, That nothing contained in this section shall be construed as modifying or affecting the provisions of section 11(c)(3) of title XII of the District of Columbia Income and Franchise Tax Act of 1947 (70 Stat. 78; Public Law 84–460; D.C. Code, sec. 47–1812.11(c)(3)).

SEC. 104. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 105. No funds appropriated in this Act for the District of Columbia government for the operation of educational institutions, the compensation of personnel, or for other educational purposes may be used to permit, encourage, facilitate, or further partisan political activities. Nothing herein is intended to prohibit the availability of school buildings for the use of any community or partisan political group during non-school hours.

SEC. 106. None of the funds appropriated in this Act shall be made available to pay the salary of any employee of the District of Columbia government whose name, title, grade, and salary are not available for inspection by the House and Senate Committees on Appropriations, the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Council of the District of Columbia, or their duly authorized representative.

SEC. 107. [(a) Except as provided in subsection (b), no] No part of this appropriation shall be used for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

[(b) The District of Columbia may use local funds provided in this Act to carry out lobbying activities on any matter other than—

- (1) the promotion or support of any boycott; or
- (2) statehood for the District of Columbia or voting representation in Congress for the District of Columbia.

(c) Nothing in this section may be construed to prohibit any elected official from advocating with respect to any of the issues referred to in subsection (b).]

SEC. 108. At the start of the fiscal year, the Mayor shall develop an annual plan, by quarter and by project, for capital outlay borrowings: *Provided*, That within a reasonable time after the close of each quarter, the Mayor shall report to the Council of the District of Columbia and the Congress the actual borrowings and spending progress compared with projections.

SEC. 109. (a) None of the funds provided under this Act to the agencies funded by this Act, both Federal and District government agencies, that remain available for obligation or expenditure in fiscal year [2002] 2003, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure for an agency through a reprogramming of funds which: (1) creates new programs; (2) eliminates a program, project, or responsibility center; (3) establishes or changes allocations specifically denied, limited or increased by Congress in this Act; (4) increases funds or personnel by any means for any program, project, or responsibility center for which funds have been denied or restricted; (5) reestablishes through reprogramming any program or project previously deferred through reprogramming; (6) augments existing programs, projects, or responsibility centers through a reprogramming of funds in excess of \$1,000,000 or 10 percent, whichever is less; or (7) increases by 20 percent or more personnel assigned to a specific program, project or responsibility center; unless the Committees on Appropriations of both the Senate and House of Representatives are notified in writing 30 days in advance of any reprogramming as set forth in this section.

(b) None of the local funds contained in this Act may be available for obligation or expenditure for an agency through a transfer of any local funds from one appropriation heading to another unless the Committees on Appropriations of the Senate and House of Representatives are notified in writing 30 days in advance of the transfer, except that in no event may the amount of any funds transferred exceed four percent of the local funds in the appropriation.

SEC. 110. Consistent with the provisions of 31 U.S.C. 1301(a), appropriations under this Act shall be applied only to the objects for which the appropriations were made except as otherwise provided by law.

SEC. 111. [(a)] Notwithstanding any other provisions of law, the provisions of the District of Columbia Government Comprehensive Merit Personnel Act of 1978 (D.C. Law 2-139; D.C. Official Code, sec. 1-601.01 et seq.), enacted pursuant to section 422(3) of the District of Columbia Home Rule Act (87 Stat. 790; Public Law 93-198; D.C. Official Code, sec. 1-204.22(3)), shall apply with respect to the compensation of District of Columbia employees: *Provided*, That for pay purposes, employees of the District of Columbia government shall not be subject to the provisions of title 5, United States Code.

[(b)(1) CERTIFICATION OF NEED BY CHIEF TECHNOLOGY OFFICER.—Section 2706(b) of the District of Columbia Government Comprehensive Merit Personnel Act of 1978, as added by section 2 of the District Government Personnel Exchange Agreement Amendment Act of 2000 (D.C. Law 13-296), is amended by inserting after “Director of Personnel” each place it appears the following: “(or the Chief Technology Officer, in the case of the Office of the Chief Technology Officer)”.

(2) INCLUSION OF OVERHEAD COSTS IN AGREEMENTS.—Section 2706(c)(3) of such Act is amended by striking the period at the end and inserting the following: “, except that in the case of the Office of the Chief Technology Officer, general and administrative costs shall include reasonable overhead costs and shall be calculated by the Chief Technology Officer (as determined under such criteria as the Chief Technology Officer independently deems appropriate subject to the review of the City Administrator, including a consideration of standards used to calculate general, administrative, and overhead

costs for off-site employees found in Federal law and regulation and in general private industry practice).”.

(3) REPORTING REQUIREMENT.—Section 2706 of such Act is amended—

(A) by redesignating subsection (f) as subsection (g); and

(B) by inserting after subsection (e) the following new subsection:

“(f) Not later than 45 days after the end of each fiscal year (beginning with fiscal year 2002), the Chief Technology Officer shall prepare and submit to the Council and to the Committees on Appropriations of the House of Representatives and Senate a report describing all agreements entered into by the Chief Technology Officer under this section which are in effect during the fiscal year.”.]

[(c) The authority which the Chief Financial Officer of the District of Columbia exercised with respect to personnel, procurement, and the preparation of fiscal impact statements during a control period (as defined in Public Law 104-8) shall remain in effect through July 1, 2002.]

[(d) Section 424(b)(3) of the District of Columbia Home Rule Act (sec. 1-204.24b(c), D.C. Official Code) is amended—

(1) by striking “determined” and all that follows through “exceed” and inserting “equal to”; and

(2) by striking “IV” and inserting “I”.]

[(e) EFFECTIVE DATE.—The amendment made by subsection (d) shall apply with respect to pay periods in fiscal year 2002 and each succeeding fiscal year.]

SEC. 112. No later than 30 days after the end of the first quarter of the fiscal year ending September 30, [2002] 2003, the Mayor of the District of Columbia shall submit to the Council of the District of Columbia the new fiscal year [2002] 2003 revenue estimates as of the end of the first quarter of fiscal year [2002] 2003. These estimates shall be used in the budget request for the fiscal year ending September 30, [2003] 2004. The officially revised estimates at midyear shall be used for the midyear report.

SEC. 113. No sole source contract with the District of Columbia government or any agency thereof may be renewed or extended without opening that contract to the competitive bidding process as set forth in section 303 of the District of Columbia Procurement Practices Act of 1985 (D.C. Law 6-85; D.C. Code, sec. 2-303.03), except that the District of Columbia government or any agency thereof may renew or extend sole source contracts for which competition is not feasible or practical: *Provided*, That the determination as to whether to invoke the competitive bidding process has been made in accordance with duly promulgated rules and procedures and said determination has been reviewed and certified by the Chief Financial Officer of the District of Columbia.

SEC. 114. (a) In the event a sequestration order is issued pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 (99 Stat. 1037; Public Law 99-177), after the amounts appropriated to the District of Columbia for the fiscal year involved have been paid to the District of Columbia, the Mayor of the District of Columbia shall pay to the Secretary of the Treasury, within 15 days after receipt of a request therefor from the Secretary of the Treasury, such amounts as are sequestered by the order: *Provided*, That the sequestration percentage specified in the order shall be applied proportionately to each of the Federal appropriation accounts in this Act that are not specifically exempted from sequestration by such Act.

(b) For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (99 Stat. 1037; Public Law 99-177), the term “program, project, and activity” shall be synonymous with and refer specifically to each account appropriating Federal funds in this Act, and any sequestration order shall be applied to each of the accounts rather than to the aggregate total of those accounts: *Provided*, That sequestration orders shall not be applied to any account that is specifically exempted from sequestration by the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 115. ACCEPTANCE AND USE OF GIFTS. (a) APPROVAL BY MAYOR.—

(1) IN GENERAL.—An entity of the District of Columbia government may accept and use a gift or donation during fiscal year [2002] 2003 if—

(A) the Mayor approves the acceptance and use of the gift or donation (except as provided in paragraph (2)); and

(B) the entity uses the gift or donation to carry out its authorized functions or duties.

(2) EXCEPTION FOR COUNCIL AND COURTS.—The Council of the District of Columbia and the District of Columbia courts may accept and use gifts without prior approval by the Mayor.

(b) RECORDS AND PUBLIC INSPECTION.—Each entity of the District of Columbia government shall keep accurate and detailed records of the acceptance and use of any gift or donation under subsection (a), and shall make such records available for audit and public inspection.

(c) INDEPENDENT AGENCIES INCLUDED.—For the purposes of this section, the term “entity of the District of Columbia government” includes an independent agency of the District of Columbia.

(d) EXCEPTION FOR BOARD OF EDUCATION.—This section shall not apply to the District of Columbia Board of Education, which may, pursuant to the laws and regulations of the District of Columbia, accept and use gifts to the public schools without prior approval by the Mayor.

SEC. 116. None of the Federal funds provided in this Act may be used by the District of Columbia to provide for salaries, expenses, or other costs associated with the offices of United States Senator or United States Representative under section 4(d) of the District of Columbia Statehood Constitutional Convention Initiatives of 1979 (D.C. Law 3–171; D.C. Official Code, sec. 1–123).

SEC. 117. None of the funds appropriated under this Act shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

SEC. 118. None of the Federal funds made available in this Act may be used to implement or enforce the Health Care Benefits Expansion Act of 1992 (D.C. Law 9–114; D.C. Official Code, sec. 32–701 et seq.) or to otherwise implement or enforce any system of registration of unmarried, cohabiting couples, including but not limited to registration for the purpose of extending employment, health, or governmental benefits to such couples on the same basis that such benefits are extended to legally married couples.

SEC. 119. ACCEPTANCE AND USE OF GRANTS NOT INCLUDED IN CEILING. (a) IN GENERAL.—Notwithstanding any other provision of this Act, the Mayor, in consultation with the Chief Financial Officer may accept, obligate, and expend Federal, private, and other grants received by the District government that are not reflected in the amounts appropriated in this Act.

(b) REQUIREMENT OF CHIEF FINANCIAL OFFICER REPORT AND COUNCIL APPROVAL.—No such Federal, private, or other grant may be accepted, obligated, or expended pursuant to subsection (a) until—

(1) the Chief Financial Officer of the District of Columbia submits to the Council a report setting forth detailed information regarding such grant; and

(2) the Council within 15 calendar days after receipt of the report submitted under paragraph (1) has reviewed and approved the acceptance, obligation, and expenditure of such grant.

(c) PROHIBITION ON SPENDING IN ANTICIPATION OF APPROVAL OR RECEIPT.—No amount may be obligated or expended from the general fund or other funds of the District government in anticipation of the approval or receipt of a grant under subsection (b)(2) of this section or in anticipation of the approval or receipt of a Federal, private, or other grant not subject to such paragraph.

(d) QUARTERLY REPORTS.—The Chief Financial Officer of the District of Columbia shall prepare a quarterly report setting forth detailed information regarding all Federal, private, and other grants subject to this section. Each such report shall be submitted to the Council of the District of Columbia, and to the Committees on Appropriations of the House of Representatives and the Senate, not later than 15 days after the end of the quarter covered by the report.

SEC. 120. (a) RESTRICTIONS ON USE OF OFFICIAL VEHICLES.—Except as otherwise provided in this section, none of the funds made available by this Act or by any other Act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer’s or employee’s official duties. For purposes of this paragraph, the term “official duties” does not include travel between the officer’s or employee’s residence and workplace (except: (1) in the case of an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or is otherwise designated by the Chief of the Department; (2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day; (3) the Mayor of the District of Columbia; and (4) the Chairman of the Council of the District of Columbia).

(b) INVENTORY OF VEHICLES.—The Chief Financial Officer of the District of Columbia shall submit, by November 15, [2001] 2002, an inventory, as of September 30, [2001] 2002, of all vehicles owned,

leased or operated by the District of Columbia government. The inventory shall include, but not be limited to, the department to which the vehicle is assigned; the year and make of the vehicle; the acquisition date and cost; the general condition of the vehicle; annual operating and maintenance costs; current mileage; and whether the vehicle is allowed to be taken home by a District officer or employee and if so, the officer or employee’s title and resident location.

(c) No officer or employee of the District of Columbia government (including any independent agency of the District but excluding the Office of the Chief Technology Officer, the Chief Financial Officer of the District of Columbia, and the Metropolitan Police Department) may enter into an agreement in excess of \$2,500 for the procurement of goods or services on behalf of any entity of the District government until the officer or employee has conducted an analysis of how the procurement of the goods and services involved under the applicable regulations and procedures of the District government would differ from the procurement of the goods and services involved under the Federal supply schedule and other applicable regulations and procedures of the General Services Administration, including an analysis of any differences in the costs to be incurred and the time required to obtain the goods or services.

SEC. 121. Notwithstanding any other provision of law, not later than 120 days after the date that a District of Columbia Public Schools (DCPS) student is referred for evaluation or assessment—

(1) the District of Columbia Board of Education, or its successor, and DCPS shall assess or evaluate a student who may have a disability and who may require special education services; and

(2) if a student is classified as having a disability, as defined in section 101(a)(1) of the Individuals with Disabilities Education Act (84 Stat. 175; 20 U.S.C. 1401(a)(1)) or in section 7(8) of the Rehabilitation Act of 1973 (87 Stat. 359; 29 U.S.C. 706(8)), the Board and DCPS shall place that student in an appropriate program of special education services.

SEC. 122. (a) COMPLIANCE WITH BUY AMERICAN ACT.—No funds appropriated in this Act may be made available to any person or entity that violates the Buy American Act (41 U.S.C. 10a–10c).

(b) SENSE OF THE CONGRESS; REQUIREMENT REGARDING NOTICE.—

(1) PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS.—In the case of any equipment or product that may be authorized to be purchased with financial assistance provided using funds made available in this Act, it is the sense of the Congress that entities receiving the assistance should, in expending the assistance, purchase only American-made equipment and products to the greatest extent practicable.

(2) NOTICE TO RECIPIENTS OF ASSISTANCE.—In providing financial assistance using funds made available in this Act, the head of each agency of the Federal or District of Columbia government shall provide to each recipient of the assistance a notice describing the statement made in paragraph (1) by the Congress.

(c) PROHIBITION OF CONTRACTS WITH PERSONS FALSELY LABELING PRODUCTS AS MADE IN AMERICA.—If it has been finally determined by a court or Federal agency that any person intentionally affixed a label bearing a “Made in America” inscription, or any inscription with the same meaning, to any product sold in or shipped to the United States that is not made in the United States, the person shall be ineligible to receive any contract or subcontract made with funds made available in this Act, pursuant to the debarment, suspension, and ineligibility procedures described in sections 9.400 through 9.409 of title 48, Code of Federal Regulations.

SEC. 123. None of the funds contained in this Act may be used for purposes of the annual independent audit of the District of Columbia government for fiscal year [2002] 2003 unless—

(1) the audit is conducted by the Inspector General of the District of Columbia, in coordination with the Chief Financial Officer of the District of Columbia, pursuant to section 208(a)(4) of the District of Columbia Procurement Practices Act of 1985 (D.C. Official Code, sec. 2–302.8); and

(2) the audit includes as a basic financial statement a comparison of audited actual year-end results with the revenues submitted in the budget document for such year and the appropriations enacted into law for such year using the format, terminology, and classifications contained in the law making the appropriations for the year and its legislative history.

SEC. 124. None of the funds contained in this Act may be used by the District of Columbia Corporation Counsel or any other officer or entity of the District government to provide assistance for any petition drive or civil action which seeks to require Congress to pro-

vide for voting representation in Congress for the District of Columbia.

SEC. 125. (a) None of the funds contained in this Act may be used for any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

(b) Any individual or entity who receives any funds contained in this Act and who carries out any program described in subsection (a) shall account for all funds used for such program separately from any funds contained in this Act.

SEC. 126. None of the funds contained in this Act may be used after the expiration of the 60-day period that begins on the date of the enactment of this Act to pay the salary of any chief financial officer of any office of the District of Columbia government (including any independent agency of the District) who has not filed a certification with the Mayor and the Chief Financial Officer of the District of Columbia that the officer understands the duties and restrictions applicable to the officer and the officer's agency as a result of this Act (and the amendments made by this Act), including any duty to prepare a report requested either in the Act or in any of the reports accompanying the Act and the deadline by which each report must be submitted, and the District's Chief Financial Officer shall provide to the Committees on Appropriations of the Senate and the House of Representatives by the 10th day after the end of each quarter a summary list showing each report, the due date and the date submitted to the committees.

SEC. 127. (a) None of the funds contained in this Act may be used to enact or carry out any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 802) or any tetrahydrocannabinols derivative.

(b) The Legalization of Marijuana for Medical Treatment Initiative of 1998, also known as Initiative 59, approved by the electors of the District of Columbia on November 3, 1998, shall not take effect.

SEC. 128. Nothing in this Act may be construed to prevent the Council or Mayor of the District of Columbia from addressing the issue of the provision of contraceptive coverage by health insurance plans, but it is the intent of Congress that any legislation enacted on such issue should include a "conscience clause" which provides exceptions for religious beliefs and moral convictions.

#### PROMPT PAYMENT OF APPOINTED COUNSEL

SEC. 129. (a) ASSESSMENT OF INTEREST FOR DELAYED PAYMENTS.—If the Superior Court of the District of Columbia or the District of Columbia Court of Appeals does not make a payment described in subsection (b) prior to the expiration of the 45-day period which begins on the date the Court receives a completed voucher for a claim for the payment, interest shall be assessed against the amount of the payment which would otherwise be made to take into account the period which begins on the day after the expiration of such 45-day period and which ends on the day the Court makes the payment.

(b) PAYMENTS DESCRIBED.—A payment described in this subsection is—

(1) a payment authorized under section 11–2604 and section 11–2605, D.C. Code (relating to representation provided under the District of Columbia Criminal Justice Act);

(2) a payment for counsel appointed in proceedings in the Family Division of the Superior Court of the District of Columbia under chapter 23 of title 16, D.C. Code; or

(3) a payment for counsel authorized under section 21–2060, D.C. Code (relating to representation provided under the District of Columbia Guardianship, Protective Proceedings, and Durable Power of Attorney Act of 1986).

(c) STANDARDS FOR SUBMISSION OF COMPLETED VOUCHERS.—The chief judges of the Superior Court of the District of Columbia and the District of Columbia Court of Appeals shall establish standards and criteria for determining whether vouchers submitted for claims for payments described in subsection (b) are complete, and shall publish and make such standards and criteria available to attorneys who practice before such Courts.

(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to require the assessment of interest against any claim (or portion of any claim) which is denied by the Court involved.

(e) EFFECTIVE DATE.—This section shall apply with respect to claims received by the Superior Court of the District of Columbia or the District of Columbia Court of Appeals during fiscal year [2002], and claims received previously that remain unpaid at the end of

fiscal year 2001, and would have qualified for interest payment under this section] 2003.

#### FEDERAL CONTRIBUTION FOR ENFORCEMENT OF LAW BANNING POSSESSION OF TOBACCO PRODUCTS BY MINORS

SEC. 130. (a) CONTRIBUTION.—There is hereby appropriated a Federal contribution of \$100,000 to the Metropolitan Police Department of the District of Columbia, effective upon the enactment by the District of Columbia of a law which reads as follows:

##### "BAN ON POSSESSION OF TOBACCO PRODUCTS BY MINORS

"SECTION 1. (a) IN GENERAL.—It shall be unlawful for any individual under 18 years of age to possess any cigarette or other tobacco product in the District of Columbia.

"(b) EXCEPTIONS.—

"(1) POSSESSION IN COURSE OF EMPLOYMENT.—Subsection (a) shall not apply with respect to an individual making a delivery of cigarettes or tobacco products in pursuance of employment.

"(2) PARTICIPATION IN LAW ENFORCEMENT OPERATION.—Subsection (a) shall not apply with respect to an individual possessing products in the course of a valid, supervised law enforcement operation.

"(c) PENALTIES.—Any individual who violates subsection (a) shall be subject to the following penalties:

"(1) For any violation, the individual may be required to perform community service or attend a tobacco cessation program.

"(2) Upon the first violation, the individual shall be subject to a civil penalty not to exceed \$50.

"(3) Upon the second and each subsequent violation, the individual shall be subject to a civil penalty not to exceed \$100.

"(4) Upon the third and each subsequent violation, the individual may have his or her driving privileges in the District of Columbia suspended for a period of 90 consecutive days."

(b) USE OF CONTRIBUTION.—The Metropolitan Police Department shall use the contribution made under subsection (a) to enforce the law referred to in such subsection.]

SEC. [131] 130. The Mayor of the District of Columbia shall submit to the Senate and House Committees on Appropriations, the Senate Governmental Affairs Committee, and the House Government Reform Committee quarterly reports addressing the following issues: (1) crime, including the homicide rate, implementation of community policing, the number of police officers on local beats, and the closing down of open-air drug markets; (2) access to drug abuse treatment, including the number of treatment slots, the number of people served, the number of people on waiting lists, and the effectiveness of treatment programs; (3) management of parolees and pre-trial violent offenders, including the number of halfway house escapes and steps taken to improve monitoring and supervision of halfway house residents to reduce the number of escapes to be provided in consultation with the Court Services and Offender Supervision Agency; (4) education, including access to special education services and student achievement to be provided in consultation with the District of Columbia Public Schools; (5) improvement in basic District services, including rat control and abatement; (6) application for and management of Federal grants, including the number and type of grants for which the District was eligible but failed to apply and the number and type of grants awarded to the District but for which the District failed to spend the amounts received; and (7) indicators of child well-being.

SEC. [132] 131. Nothing in this Act bars the District of Columbia Corporation Counsel from reviewing or commenting on briefs in private lawsuits, or from consulting with officials of the District government regarding such lawsuits.

#### RESERVE FUNDS

SEC. [133] 132. (a) IN GENERAL.—Section 202(j) of Public Law 104–8, the District of Columbia Financial Responsibility and Management Assistance Act of 1995 is amended to read as follows:

"(j) RESERVE FUNDS.—

"(1) BUDGET RESERVE.—

"(A) IN GENERAL.—For each of the fiscal years [2002] 2003 and [2003] 2004, the budget of the District government for the fiscal year shall contain a budget reserve in the following amounts:

"(i) \$120,000,000, in the case of fiscal year [2002] 2003.

"(ii) \$70,000,000, in the case of fiscal year [2003] 2004.

"(B) AVAILABILITY OF FUNDS.—Any amount made available from the budget reserve described in subparagraph (A) shall remain available until expended.

## RESERVE FUNDS—Continued

["(C) AVAILABILITY OF FISCAL YEAR 2001 BUDGET RESERVE FUNDS.—For fiscal year 2001, any amount in the budget reserve shall remain available until expended.]

"(2) CUMULATIVE CASH RESERVE.—In addition to any other cash reserves required under section 450A of the District of Columbia Home Rule Act, for each of the fiscal years [2004] 2005 and [2005] 2006, the budget of the District government for the fiscal year shall contain a cumulative cash reserve of \$50,000,000.

"(3) CONDITIONS ON USE.—The District of Columbia may obligate or expend amounts in the budget reserve under paragraph (1) or the cumulative cash reserve under paragraph (2) only in accordance with the following conditions:

"(A) The Chief Financial Officer of the District of Columbia shall certify that the amounts are available.

"(B) The amounts shall be obligated or expended in accordance with laws enacted by the Council in support of each such obligation or expenditure.

"(C) The amounts may not be used to fund the agencies of the District of Columbia government under court ordered receivership.

"(D) The amounts may be obligated or expended only if the Mayor notifies the Committees on Appropriations of the House of Representatives and Senate in writing 30 days in advance of any obligation or expenditure.

"(4) REPLENISHMENT.—Any amount of the budget reserve under paragraph (1) or the cumulative cash reserve under paragraph (2) which is expended in 1 fiscal year shall be replenished in the following fiscal year appropriations to maintain the required balance."

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect October 1, [2001] 2002.

[(c) CONFORMING AMENDMENTS.—Section 159(c) of the District of Columbia Appropriations Act, 2001 (Public Law 106-522; 114 Stat. 2482) is amended to read as follows:

"(c) EFFECTIVE DATE.—

"(1) IN GENERAL.—Except as provided in paragraph (2), this section and the amendments made by this section shall take effect on October 1, 2000.

"(2) REPEAL OF POSITIVE FUND BALANCE REQUIREMENT.—The amendment made by subsection (b)(2) shall take effect October 1, 1999.

"(3) TRANSFER OF FUNDS.—All funds identified by the District government pursuant to section 148 of Public Law 106-113, as reflected in the certified annual financial report for fiscal year 2000, shall be deposited during fiscal year 2002 into the Emergency and Contingency Reserve Funds established pursuant to section 159 of Public Law 106-522, during fiscal year 2002."

[(d) CONTINGENCY RESERVE FUND.—Section 450A(b) of the Home Rule Act (Public Law 93-198) is amended—

(1) by striking paragraph (1) and inserting the following:

"(1) IN GENERAL.—There is established a contingency cash reserve fund (in this subsection referred to as the 'contingency reserve fund') as an interest-bearing account (separate from other accounts in the General Fund) into which the Mayor shall deposit in cash not later than October 1 of each fiscal year (beginning with fiscal year 2002) such amount as may be required to maintain a balance in the fund of at least 3 percent of the total budget appropriated for operating expenditures for such fiscal year which is derived from local funds (or, in the case of fiscal years prior to fiscal year 2007, such amount as may be required to maintain a balance in the fund of at least the minimum contingency reserve balance for such fiscal year, as determined under paragraph (2))."; and

(2) by striking subparagraph (B) of paragraph (2) and inserting the following:

"(B) APPLICABLE PERCENTAGE DEFINED.—In subparagraph (A), the 'applicable percentage' with respect to a fiscal year means the following:

"(i) For fiscal year 2002, 0 percent.

"(ii) For fiscal year 2003, 0 percent.

"(iii) For fiscal year 2004, 0 percent.

"(iv) For fiscal year 2005, 1 percent.

"(v) For fiscal year 2006, 2 percent."]

[SEC. 134. INTEGRATED PRODUCT TEAM. No funds appropriated by this Act shall be available for an Integrated Product Team until reorganization plans for the Integrated Product Team and a Capital Construction Services Administration have been approved, or deemed

approved, by the Council: *Provided*, That this paragraph shall not apply to funds appropriated for the Office of Contracting and Procurement.]

SEC. [135] 133. No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer of the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council a revised appropriated funds operating budget in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (Public Law 93-198; D.C. Official Code, sec. 1-204.42), for all agencies of the District of Columbia government for such fiscal year that is in the total amount of the approved appropriation and that realigns all budgeted data for personal services and other-than-personal-services, respectively, with anticipated actual expenditures.

[SEC. 136. Section 403 of the District of Columbia Home Rule Act, approved December 24, 1973 (Public Law 93-198; D.C. Official Code, sec. 1-204.03), is amended as follows:

(1) Subsection (c) is amended by striking "shall receive, in addition to the compensation to which he is entitled as a member of the Council, \$10,000 per annum, payable in equal installments, for each year he serves as Chairman, but the Chairman".

(2) A new subsection (d) is added to read as follows:

"(d) Notwithstanding subsection (a), as of the effective date of the District of Columbia Appropriations Act, 2001, the Chairman shall receive compensation, payable in equal installments, at a rate equal to \$10,000 less than the annual compensation of the Mayor."]

SEC. [137] 134. RISK MANAGEMENT FOR SETTLEMENTS AND JUDGMENTS. In addition to any other authority to pay claims and judgments, any department, agency, or instrumentality of the District government may pay the settlement or judgment of a claim or lawsuit in an amount less than \$10,000, in accordance with the Risk Management for Settlements and Judgments Amendment Act of 2000, effective October 19, 2000 (D.C. Law 13-172; D.C. Official Code, sec. 2-402).

[SEC. 138. Notwithstanding section 602(c)(1) of the District of Columbia Home Rule Act (sec. 1-206(c)(1), D.C. Code), the Closing of Portions of 2nd and N Streets, N.E. and Alley System in Square 710, S.O. 00-97, Act of 2001 (D.C. Act 14-106) shall take effect on the date of the enactment of such Act or the date of the enactment of this Act, whichever is later.]

SEC. [139] 135. None of the funds contained in this Act may be used to issue, administer, or enforce any order by the District of Columbia Commission on Human Rights relating to docket numbers 93-030-(PA) and 93-031-(PA).

[SEC. 140. (a) Notwithstanding 20 U.S.C. 1415, 42 U.S.C. 1988, 29 U.S.C. 794a, or any other law, none of the funds appropriated under this Act, or in appropriations Acts for subsequent fiscal years, may be made available to pay attorneys' fees accrued prior to the effective date of this Act that exceeds a cap imposed on attorneys' fees by prior appropriations Acts that were in effect during the fiscal year when the work was performed, or when payment was requested for work previously performed, in an action or proceeding brought against the District of Columbia Public Schools under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.).

(b) No later than 60 days after the date of enactment of this Act, the Superintendent of Schools for the District of Columbia shall submit to the Committees on Appropriations for the Senate and the House of Representatives a written report for each of the fiscal years 1999, 2000, and 2001, detailing a complete itemized list, by year, of the judgments for attorneys' fees awarded to plaintiffs who prevailed in cases brought against the District of Columbia or the District of Columbia Public Schools under section 615(i)(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1415(i)(3)). Such report shall specify: (1) the amount of each judgment; (2) the total amount paid on each judgment as of the date of the report; (3) the principal balance remaining due on each such judgment as of the date of the report, the amount of interest due as of December 31, 2001 on each unpaid amount; and the prospective annual rate of interest applicable to the judgment as of January 1, 2002; (4) the name of the Court and case number for each judgment; (5) the aggregate total due in principal and interest on the judgments; and (6) the amount paid by the District of Columbia, in each case listed, to defense counsel representing the District or the District of Columbia Public Schools.]

[SEC. 141. The Comptroller General, in consultation with the relevant agencies and members of the Committees on Appropriations Subcommittees on the District of Columbia, shall submit by March

31, 2002 a report to the Committees on Appropriations of the House and the Senate and the Committee on Governmental Affairs of the Senate and the Committee on Government Reform of the House of Representatives detailing the awards in judgment rendered in the District of Columbia that were in excess of the cap imposed by prior appropriations Acts in effect during the fiscal year when the work was performed, or when payment was requested for work previously performed, in actions brought against the District of Columbia Public Schools under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.): *Provided*, That such report shall include a comparison, to the extent practicable, of the causes of action and judgments rendered against public school districts of comparable demographics and population as the District.】

SEC. 136. (a) None of the funds contained in this Act may be made available to pay the fees of an attorney who represents a party who prevails in an action or any attorney who defends any action, including an administrative proceeding, brought against the District of Columbia Public Schools under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) if—

(1) the hourly rate of compensation of the attorney exceeds 250 percent of the hourly rate of compensation under section 11-2604(a), District of Columbia Code; or

(2) the maximum amount of compensation of the attorney exceeds 250 percent of the maximum amount of compensation under section 11-2604(b)(1), District of Columbia Code, except that compensation and reimbursement in excess of such maximum may be approved for extended or complex representation in accordance with section 11-2604(c), District of Columbia Code; and

(3) in no case may the compensation limits in paragraphs (1) and (2) exceed \$2,500.

(b) Notwithstanding the preceding subsection, if the Mayor and the Superintendent of the District of Columbia Public Schools concur in a Memorandum of Understanding setting forth a new rate and amount of compensation, then such new rates shall apply in lieu of the rates set forth in the preceding subsection to both the attorney who represents the prevailing party and the attorney who defends the action. (District of Columbia Appropriations Act, 2002.)

The Equal Employment Opportunity Commission (EEOC) is the Federal agency responsible for enforcement of: the Age Discrimination in Employment Act of 1967; title VII of the Civil Rights Act of 1964, as amended; the Equal Pay Act of 1963; in the Federal sector only, section 501 of the Rehabilitation Act of 1963; the Americans with Disabilities Act of 1990; and the Civil Rights Act of 1991. These acts prohibit employment discrimination based on race, sex, religion, national origin, age, or disability status. The EEOC is also responsible for carrying out Executive Order 12067, which promotes coordination and minimizes conflict and duplication among Federal agencies that administer statutes or regulations involving employment discrimination.

Note.— For the Private Sector Program, total workload estimates reflect the carryover from prior years as well as new charge receipts and deferrals from State and local agencies. The estimates of total workload in the Federal Sector Program reflect the carryover from prior years in addition to new hearings or appeal requests that EEOC receives during the year. Details, by program and activity, appear in the tables below.

The EEOC's budget supports three activities:

**Executive direction and support.**—This activity provides for the direction and coordination of the Commission's programs. It also provides administrative and management support services for the agency. EEOC will continue to enhance support to front-line staff to improve the efficiency and effectiveness of service to the public during 2003.

**Enforcement.**—This activity resolves charges of employment discrimination filed with the Commission and pursues litigation to enforce compliance with Title VII, the Equal Pay Act, the Age Discrimination in Employment Act, the Americans with Disabilities Act, and the Civil Rights Act of 1991. In

General and special funds—Continued

SALARIES AND EXPENSES—Continued

2003, EEOC plans to continue the assessment of agency operations, which began during fiscal year 2002, as part of the Commission's workforce restructuring efforts. The Commission will focus on reducing management layers, ensuring that the largest number of employees is in direct service delivery positions, and retraining employees as an internal part of restructuring efforts. In the private-sector program, EEOC will expand its Alternative Dispute Resolution program and dedicate resources toward prevention of discrimination by identifying and eliminating barriers to compete in the workplace. The agency will also work to expand EEOC's coordination role for Federal civil rights employment discrimination policy among Federal agencies and at the State and local level during 2003.

The purpose of the Export-Import Bank (Eximbank) is to aid in the financing and promotion of U.S. exports. To accomplish its objectives, the bank's authority and resources are used to: assume commercial and political risks that exporters or private institutions are unwilling or unable to undertake; overcome maturity and other limitations in private sector export financing; assist U.S. exporters to meet officially sponsored foreign export credit competition; and provide leadership and guidance in export financing to the U.S. exporting and banking communities and to foreign borrowers. The bank provides its export credit support through direct loan, loan guarantee and insurance programs. The bank is actively assisting small- and medium-sized businesses.

The 2003 budget proposes \$11.5 billion in lending levels, funded by a program budget of \$541.4 million and administrative expenses of \$68.4 million.

The 2003 program budget is a 26 percent nominal decrease from 2002. The increase in lending levels for 2003 is achieved with this request level because of a new credit risk methodology that uses more focused estimates of default risks.

Until this budget, the U.S. Government (USG) used the premium charged by private sector lenders to other governments as a proxy for the default costs of USG loans to these countries. While this was the best available method, it captured not just default risk, but also other elements, such as profits, opportunity costs, tax effects and other factors not relevant to the budget cost of USG credits. The new method isolates just the default risk portion of the private market premiums. In short, the risk of new USG international credits has not decreased, but budget costs are now based only on this default risk, not on other extraneous factors.

As required by the Federal Credit Reform Act of 1990, this account records, for Eximbank, the subsidy costs associated with direct loans and direct grants obligated, and loan guarantees and insurance committed in 1992 and beyond, as well as administrative expenses. The subsidy amounts are estimated on a present value basis; administrative expenses are estimated on a cash basis.

*Operating results and financial condition.*—The bank is a wholly owned Government corporation. Capital stock of \$1 billion was purchased by the U.S. Treasury.

The bank has a reserve for possible credit losses, which provides for the risk of loss inherent in the lending process. This reserve is a general reserve, available to absorb credit losses related to the total loan portfolio. The reserve is increased by provisions charged to expenses and decreased by charge-offs, net of recoveries.

The provision for possible credit losses is based on the bank's evaluation of the adequacy of the reserve, taking into consideration a variety of factors, including repayment status of loans, future risk factors, the relationship of the reserve to the portfolio, and worldwide economic conditions. Providing for such possible losses does not imply that any loans will be written off. It simply recognizes the fact that the prospects for collection of some of the bank's loans are impaired. It does not provide for losses on a country-by-country basis and is intended only to provide an overall revaluation of the loan portfolio.

The bank's net operating income was \$1,061 million in 2001. Total Government deficit in the corporation was \$642 million on September 30, 2001.

The Farm Credit Administration (FCA) is an independent Federal agency that examines and regulates the Farm Credit System (System) for safety and soundness. The System is a cooperative agricultural credit system of farm credit banks and associations that lends to farmers, ranchers, and their cooperatives. Since 1990, the FCA also performs annual examinations of the Federal Agricultural Mortgage Corporation. In addition, FCA annually examines The National Consumer Cooperative Bank and its affiliate, The NCCB Development Corporation.

As of October 1, 2001, the System was comprised of six Farm Credit Banks, one Agricultural Credit Bank, 115 associations, four service corporations, the Federal Farm Credit Bank Funding Corporation, the Farm Credit System Financial Assistance Corporation, and the Federal Agricultural Mortgage Corporation. The Agricultural Credit Bank makes loans to agricultural, aquatic, and public utility cooperatives and other persons or organizations owned by or having transactions with such cooperatives.

Assessments based upon estimated administrative expenses are collected from institutions in the System and the Federal Agricultural Mortgage Corporation and are available for administrative expenses. Obligations are incurred within fiscal year budgets approved by the Farm Credit Administration Board.

The Farm Credit System Financial Assistance Corporation (FAC) was created by the Agricultural Credit Act of 1987 to provide funds to System institutions experiencing financial difficulties. Authority for FAC to issue obligations and provide assistance expired in 1992, after \$1.26 billion in FAC debt had been issued. Proceeds of FAC debt issuances were paid into, and amounts for assistance and other expenses were paid from, the FAC Assistance Fund. The FAC was re-classified from a Government-sponsored enterprise to a Federal entity beginning in 1993, when most of the private capital in FAC, provided by the System, was rebated from the FAC Trust Fund pursuant to the Reconciliation and Agriculture Appropriations Acts of 1989.

The Farm Credit System Insurance Corporation (Corporation) was established to ensure the timely payment of principal and interest on System debt obligations purchased by investors. The Corporation is managed by a three member Board of Directors that consists of the same members as the Farm Credit Administration Board of Directors. The Corporation derives its revenues from insurance premiums collected from insured System banks and from the investment

income earned on its investment portfolio. Insurance premiums are assessed on System banks based on the level of accruing and non-accruing loans outstanding in each bank and its affiliated associations' loan portfolio. Congress established a secure base amount of 2 percent of outstanding System obligations, or such other amounts determined by its Board of Directors to be actuarially sound to maintain the Insurance Fund. The Insurance Fund was slightly below the secure base amount at September 30, 2001. Also in September, the Corporation's Board initiated premium assessments beginning in January 2002 at 3 basis points on accrual loans and 25 basis points on nonaccrual loans.

The Insurance Fund is available for payment on System obligations if an insured System bank defaults on its primary liability. The Insurance Fund is also available to ensure the timely retirement of certain eligible borrower stock, pay the operating costs of the Corporation, and satisfy defaults by System institutions on obligations issued by the FAC after amounts in the FAC Trust Fund are exhausted. The Corporation can exercise its authority to make loans, purchase System bank assets or obligations, provide other financial assistance and otherwise act to reduce its exposure to losses.

The Corporation has the authority to make refunds of excess Insurance Fund balances. No refunds are anticipated before 2006.

*Licensing.*—This activity includes the authorization or licensing of radio stations, telecommunications equipment, radio operators, as well as the authorization of common carrier and other services and facilities. It also includes policy direction, program development, legal services, and executive direction, as well as support services associated with licensing activities.

*Competition.*—This activity includes formal inquiries, rule making proceedings to establish or amend the Commission's rules and regulations, action on petitions for rule making and requests for rule interpretations or waivers, economic studies and analyses, and development of equipment standards. It also includes policy direction, program development, legal services, and executive direction, as well as support services associated with activities to promote competition in the public interest.

*Enforcement.*—This activity includes enforcement of the Commission's rules, regulations and authorizations—including investigations, inspections, compliance monitoring and sanctions of all types. It also includes the receipt and disposition of formal complaints regarding common carrier rates and services; the review and acceptance/rejection of carrier tariffs; and the review, prescription and audit of carrier accounting practices. Additionally, it also includes policy direction, program development, legal services, and executive direction, as well as support services associated with enforcement activities.

*Consumer Information Services.*—This activity includes the publication and dissemination of Commission decisions and actions, and related activities; public reference and library services; the duplication and dissemination of Commission records and databases; the receipt and disposition of public inquiries and informal consumer complaints; consumer, small business and public assistance; and public affairs and media relations. It also includes policy direction, program development, legal services, and executive direction, as well as support services associated with consumer information activities.

*Spectrum Management.*—This activity includes management of the electromagnetic spectrum as mandated by the Communications Act of 1934 as amended. Spectrum management includes the structure and processes for allocating, assigning, licensing, and regulating the use of this scarce resource to the private sector and state and local governments in a way that promotes competition while ensuring that the public interest is best served. In order to manage spectrum in both an efficient and equitable manner, the Commission evaluates needs; prepares economic, technical and engineering studies; coordinates with Federal agencies; develops cross-border sharing arrangements; and represents U.S. interests in international fora. It also includes policy direction, program development, legal services, and executive direction, as well as support services associated with spectrum management activities.

The Telecommunications Act of 1996 provides for a major restructuring of the Nation's communications laws, promotes universal service and open access to information networks, and provides for flexible government regulations. Under the Act, telecommunications carriers that provide interstate tele-

communications services are required to contribute funds for the preservation and advancement of universal service. The contributions are used to provide services eligible for universal service support as prescribed by the FCC. Telecommunications carriers receive a credit towards their contribution by providing discount service to schools, libraries, and health care providers. Support will also be provided to carriers offering services in high cost areas of the United States and to carriers offering services to low income consumers.

This program provides for direct loans for the purpose of purchasing spectrum licenses at the Federal Communications Commission's auctions. The licenses are being purchased on an installment basis, which constitutes an extension of credit. The first year of activity for this program was 1996.

As required by the Federal Credit Reform Act of 1990, this account records, for this program, the subsidy costs associated with the direct loans obligated in 1992 and beyond (including modifications of direct loans or loan guarantees that resulted from obligations or commitments in any year), as well as administrative expenses of this program. The subsidy amounts are estimated on a present value basis and administrative expenses are estimated on a cash basis.

**AUCTION RECEIPTS**

(Legislative proposal, subject to PAYGO)

The Administration will propose legislation regarding the auction of spectrum currently assigned to television channels 60-69 (747-762 and 777-792 MHz) and 52-59 (698-746 MHz). The legislation will: shift the statutory deadline for the 60-69 auction from 2000 to 2004; shift the statutory deadline for the auction of channels 52-59 from 2002 to 2006; and promote clearing the spectrum in channels 60-69 for new wireless services in an effective and equitable manner.

**ANALOG SPECTRUM LEASE FEE**

(Legislative proposal, subject to PAYGO)

To facilitate clearing of the analog television broadcast spectrum and provide taxpayers some compensation for use of this scarce resource, the Administration will propose legislation authorizing the Federal Communications Commission (FCC) to establish an annual \$500 million lease fee on the use of analog spectrum by commercial broadcasters as of 2007. The FCC will promulgate a rulemaking to apportion the aggregate fee amount among commercial broadcasters. Upon return of its analog spectrum license to the FCC, an individual broadcaster will be exempt from the fee.

**FEDERAL DEPOSIT INSURANCE CORPORATION**

The Federal Deposit Insurance Corporation (FDIC or Corporation) was created by the Banking Act of 1933 to provide protection for bank depositors and to foster sound banking practices. The Financial Institutions Reform Recovery and Enforcement Act of 1989 established the Bank Insurance Fund (BIF), the Savings Association Insurance Fund (SAIF), and the Federal Savings and Loan Insurance Corporation (FSLIC) Resolution Fund (FRF). The Federal Deposit Insurance Corporation Improvement Act of 1991 generally requires the Corporation to use the least costly method to resolve failed banks, and mandates that the Corporation take prompt corrective action against under-capitalized financial institutions.

The deposit insurance ceiling protection has been \$100,000 since March 31, 1980. In order to accomplish its varied functions to protect depositors, the Corporation is authorized to promulgate and enforce rules and regulations relating to the supervision of insured institutions and to perform other regulatory and supervisory duties consistent with its responsibilities as an insurer. The Corporation is required to set assessment rates for insured financial institutions semi-annually to maintain the reserves of the BIF and SAIF at 1.25 percent of total insured deposits.

The BIF, a public enterprise revolving fund, derives its income principally from insurance assessments paid by insured banks. The revolving fund represents the accumulated net income of the BIF and is reserved for the protection of depositors in insured banks, as well as for the payment of administrative and insurance expenses. As of September 2000, BIF's fund balance totaled \$30 billion, excluding reserves for future failed bank resolutions. The net worth of the BIF reached 1.25 percent of total insured deposits in May 1995.

The Federal Deposit Insurance Corporation Improvement Act of 1991 authorizes the FDIC to borrow up to \$30 billion from the Treasury to cover deposit insurance losses and provide additional loans from the Federal Financing Bank for working capital purposes. The BIF is not expected to borrow any of the \$30 billion line of credit from the Treasury or from the Federal Financing Bank to finance working capital needs.

The SAIF insures depository institutions formerly insured by the Federal Savings and Loan Insurance Corporation. In July 1995, SAIF assumed responsibility for resolving failed thrifts from the Resolution Trust Corporation (RTC).

The Deposit Insurance Funds Act of 1996 imposed a special assessment to bring SAIF's reserves up to 1.25 percent of insured deposits. By the end of 1998, SAIF's reserve ratio reached 1.39 percent. However, on January 1, 1999, FDIC was required by law to transfer all funds in the SAIF above 1.25 percent to a Special Reserve. Approximately \$1 billion was transferred. The Gramm Leach Bliley Act of 1999 eliminated the Special Reserve. Approximately \$1 billion was transferred to the SAIF on November 12, 1999. The transfer increased the reserve ratio to 1.45 percent. As of September 30, 2001, the reserve ratio was 1.39 percent.

The FSLIC Resolution Fund (FRF) is the successor to FSLIC assets and liabilities from thrift resolutions prior to August 1989. Beginning in August 1989, the RTC assumed responsibility for the FSLIC's unresolved cases. On December 31, 1995, the RTC was terminated and its assets and liabilities were transferred to FRF.

Funds for FRF operations have come from: income earned on its assets; liquidation proceeds from receiverships; the proceeds of the sale of bonds by the Financing Corporation; and, a portion of insurance premiums paid by SAIF members prior to 1993. The Financial Institutions Reform, Recovery, and Enforcement Act authorizes appropriations to make up for any shortfall. The FRF will terminate upon the disposition of all its assets, and any net proceeds will be paid to the Treasury. Net proceeds from the former RTC will be paid to the Resolution Funding Corporation.

FDIC's Office of Inspector General (OIG) is an independent unit within the Corporation that conducts audits and investigations of corporate activities and assists the Corporation in preventing and detecting fraud, waste, abuse, and mismanagement. The OIG was established by the FDIC Board of Directors pursuant to the Inspector General Act amendments of 1988 (Public Law 100-504). The Resolution Trust Corporation Completion Act, enacted December 17, 1993, provided that the FDIC Inspector General be appointed by the President and confirmed by the Senate. The Completion Act, thus, added FDIC to the establishments whose OIGs have separate appropriation accounts under Section 1105(a) of Title 31, United States Code. The OIG's first appropriation was for its fiscal year 1998 expenses. The OIG's appropriations are derived from the Bank Insurance Fund, the Savings Association Insurance Fund, and the FSLIC Resolution Fund.

The High Intensity Drug Trafficking Areas (HIDTA) program was established by the Anti-Drug Abuse Act of 1988, as amended, and the Office of National Drug Control Policy's reauthorization, P.L. 105-277, to provide assistance to Federal, State and local law enforcement entities operating in those areas most adversely affected by drug trafficking. Since January, 1990, counties in 28 areas have been designated as HIDTAs: New York; Los Angeles; Miami; Houston; Baltimore/Washington, DC; Puerto Rico/Virgin Islands; Southwest Border, which includes South Texas, West Texas, New Mexico, Arizona and Southern California; Chicago; Atlanta; Philadelphia/Camden; Gulf Coast (Alabama, Louisiana, and Mississippi); Lake County (Indiana); Midwest (Iowa, Kansas, Missouri, Nebraska, North Dakota, and South Dakota); Pacific Northwest (Washington); Rocky Mountain (Colorado, Utah, and Wyoming); Northern California (San Francisco Bay area); South Eastern Michigan; Appalachia (Kentucky, Tennessee, and West Virginia); Central Florida; Milwaukee; North Texas; Central Valley California; Hawaii; New England (Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont); Ohio; Oregon; Northern Florida; and Nevada.

Funds made available under the HIDTA program are disbursed at the discretion of the Director of the Office of National Drug Control Policy for joint local, State, and Federal initiatives.

The HIDTA program provides funding to enhance and coordinate drug-control activities among State, local and Federal law enforcement agencies participating in designated High Intensity Drug Trafficking Areas. Funding for State and local law enforcement agencies is provided through grants from ONDCP. Funding for Federal agencies is provided through transfers to those agencies. All funding in the HIDTA program is awarded at the discretion of the Director of ONDCP, based on a review of drug-related threat assessments, and proposed program strategies and budgets submitted by the HIDTAs. Estimates for the 2002 and 2003 transfers to Federal agencies cannot be determined until proposed budgets for that year are reviewed.

The HIDTA appropriation also provides funding for services and activities related to auditing State and local grants and Federal transfers.

The Anti-Drug Abuse Act of 1988, as amended, and the Office of National Drug Control Policy's reauthorization, P.L. 105-277, established the Special Forfeiture Fund to be administered by the Director of the Office of National Drug Control Policy. The monies appropriated to the Fund support high-priority drug control programs and may be transferred to drug control agencies.

For 2003, funds appropriated to this account will be used for the following activities:

**National Youth Anti-Drug Media Campaign.**—The National Youth Anti-Drug Media Campaign is an integrated advertising and communications campaign harnessing the power

of the media and other organizations to educate America's youth to reject illegal drugs.

**Drug-Free Communities Program.**—The Drug-Free Communities Program provides grants to local community coalitions to support expansion of their efforts to reduce substance abuse among our youth.

**National Drug Court Institute.**—The National Drug Court Institute facilitates the growth of the drug court movement by: promoting and disseminating education, research and scholarship concerning drug court programs and providing a comprehensive drug court training series for practitioners.

**Counterdrug Intelligence Executive Secretariat.**—The Counterdrug Intelligence Executive Secretariat provides staff support to the Counterdrug Intelligence Coordinating Group (CDICG), an interagency body established to oversee and improve coordination of counterdrug intelligence programs.

**Anti-Doping Support.**—This funding continues the effort to educate athletes on the dangers of drug use and to eliminate illegal drug use in Olympic sports.

**National Alliance for Model State Drug Laws.**—This funding is provided to encourage States to adopt and implement laws, policies, and regulations to reduce drug trafficking, drug use, and their related consequences.

**World Anti-Doping Agency.**—ONDCP is a full participant in the World Anti-Doping Agency, and as such, is responsible for the associated dues.

**National Drug Control Performance Measures.**—This funding is provided to conduct evaluation research to assess the effectiveness of the National Drug Control Strategy.

Pursuant to the Office of National Drug Control Policy Re-authorization Act of 1998 (title VII of Division C of Public Law 105-277), the Counterdrug Technology Assessment Center serves as the central counterdrug research and development organization for the United States Government.

The Center operates two programs—a Research and Development program (R&D) and a Technology Transfer program (TTP):

- The R&D program identifies law enforcement’s scientific and technological needs, coordinates Federal counterdrug R&D initiatives, supports improvements to counterdrug capabilities that transcend the need of any single Federal agency, and helps expand addiction and rehabilitation research and its associated technologies.
- The TTP provides state-of-the-art, affordable, easily integrated and maintainable tools to enhance the capabilities of State and local law enforcement agencies for counterdrug missions. The technologies transferred to State and local law enforcement agencies range from hand-held drug detection devices to major case-building computer systems.

The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (Public Law 101-73, August 9, 1989) established the Appraisal Subcommittee of the Federal Financial Institutions Examination Council. Subsequent legislation (Public Law 101-235) authorized the Secretary of the Department of Housing and Urban Development to designate a member of the Appraisal Subcommittee.

The Subcommittee is charged with ensuring that real estate appraisals used in federally-related transactions are performed in accordance with uniform standards by appraisers certified and licensed by the States. Its responsibilities include: (1) monitoring the requirements established by the States for the certification and licensing of appraisers; (2) monitoring the requirements established by the Federal financial institutions' regulatory agencies regarding appraisal standards; (3) monitoring and reviewing the practices, procedures, activities, and organization of the Appraisal Foundation; and, (4) maintaining a national registry of licensed and certified appraisers.

Subcommittee activities, including grants awarded to the Appraisal Foundation, were initially funded from a one-time appropriation of \$5 million. These funds were repaid to Treas-

ury at the end of 1998 in accordance with the Economic Growth and Regulatory Paperwork Reduction Act of 1996. The Subcommittee is now operating on fee income from state-licensed and certified real estate appraisers in the national registry.

to ensure the Banks remain adequately capitalized and able to raise funds in the capital markets. The Finance Board succeeded the former Federal Home Loan Bank Board with respect to the Banks.

The management of the Finance Board is vested in a five-member board of directors. The board of directors is composed of the Secretary of Housing and Urban Development and four other individuals appointed by the President, with the advice and consent of the Senate. The term of a Director is seven years.

The Finance Board has the power to: (1) supervise the Banks and promulgate and enforce such regulations and orders as are necessary; (2) suspend or remove for cause a director, officer, employee, or agent of any Bank or joint office; (3) determine necessary expenditures of the Finance Board and the manner in which such expenditures shall be incurred, allowed, and paid; and, (4) use the United States mail in the same manner and under the same conditions as a department or agency of the United States.

The Federal Labor Relations Authority (FLRA): (1) serves as a neutral party in the settlement of disputes that arise between unions, employees, and agencies on matters outlined in the Federal Service Labor Management Relations Statute; (2) decides major policy issues; (3) prescribes regulations; and, (4) disseminates information appropriate to the needs of agencies, labor organizations, and the public. Establishment of the FLRA gives full recognition to the role of the Federal Government as an employer.

In addition, the FLRA is engaged in case-related interventions and training and facilitation of labor-management relationships in its unified Collaboration and Alternative Dispute Resolution Program. Approximately 2000 case-related intervention services were conducted in 2001. Training and facilitation workload is reflected in the following manner: the FLRA promotes labor-management cooperation by providing training and assistance to labor organizations and agencies on resolving disputes; and trains the parties on rights and responsibilities under the Federal Labor Relations Management Statute. In 2001, the FLRA conducted over 250 programs involving over 10,000 employees, union representatives, arbitrators, and other practitioners.

The FLRA is composed of the Authority, the Office of the General Counsel, and the Federal Service Impasses Panel.

*Authority.*—The Authority adjudicates labor-management disputes in the Federal sector including: appeals on negotiability issues; exceptions to arbitration awards; appropriate units for the purposes of exclusive recognition; eligibility of labor organizations for national consultation rights; and unfair labor practice complaints.

Within the Authority, administrative law judges hold hearings on unfair labor practice complaints, issue reports, and make recommendations to the Authority to allow timely settlement of disputes arising between agencies and unions. The Authority also provides all components with administrative services.

The Office of the Inspector General is responsible for conducting and supervising audits and investigations related to the functions of the FLRA, pursuant to the provisions of the Inspector General Act of 1978, as amended in 1988.

Case dispositions are reflected in the following table:

**CASE DISPOSITIONS**

The Federal Mediation and Conciliation Service (FMCS or the Service) provides assistance to parties in labor disputes in industries affecting commerce through conciliation and mediation.

*Dispute mediation.*—The Service assists labor and management in the mediation and prevention of disputes, other than those involving rail and air transportation, whenever such disputes threaten to cause a substantial interruption of interstate commerce or a major impairment to the national defense. The Service also makes mediation and conciliation services available to Federal agencies and organizations representing Federal employees in the resolution of negotiation disputes. The Service provides mandatory mediation and, where necessary, impartial boards of inquiry to assist in re-

solving labor disputes involving private nonprofit health care institutions. The workload shown below includes assignments closed in both the private and public sectors.

*Preventive mediation, public information, and educational activities.*—Through its preventive mediation program, the Service initiates and develops labor-management committees, training programs, conferences, and specialized workshops dealing with issues in collective bargaining. Mediators also participate in education, advocacy and outreach (EAO) activities such as lectures, seminars, and conferences.

*Arbitration services.*—The Service assists parties in disputes by utilizing the arbitration process for the resolution of disputes arising under or in the negotiation of collective bargaining agreements in the private and public sectors.

*Management and administrative support.*—This activity provides for overall management and administration, policy planning, research and evaluation, and employee development.

*Labor-management cooperation project.*—The Labor Management Cooperation Act of 1978 (29 U.S.C. 175a) authorizes the Service to carry out this program of contracts and grants to support the establishment and operation of plant, area, and industry labor-management committees.

*Alternative Dispute Resolution (ADR) Projects.*—The Service assists other Federal agencies by providing mediation and technical assistance in the area of ADR. The ADR cases reduce litigation costs and speed federal processes. The FMCS is funded for this work through interagency reimbursable agreements.

The Federal Retirement Thrift Investment Board is responsible for managing the Thrift Savings Fund (Fund). The Fund is a special tax-deferred savings fund established by the Federal Employees' Retirement System Act of 1986. Due to the fiduciary nature of the Fund, it is not included in the totals of the Federal budget. Information on the financial status and activities of the Fund follows this account.

Program administration for the Fund is financed from the Fund. Program expenses are derived first from Fund forfeitures of agency one percent automatic contributions for employees who separate from the Federal government prior to vesting and then from earnings on all participant and agency contributions to the Fund.

**INFORMATION SCHEDULES FOR THE THRIFT SAVINGS FUND**

The Fund is composed of individual accounts maintained by the Federal Retirement Thrift Investment Board on behalf of the individual Federal employee participants in the Fund. All Federal civilian employees and members of the uniformed services are eligible to contribute to the Fund. However, only those civilian employees covered by the Federal Employees' Retirement System (or equivalent retirement systems) and a limited category of uniformed services personnel may have their contributions matched by the employing agencies in accordance with the formulas prescribed by law. Employees are entitled to select how contributions are distributed among five investment funds: a U.S. Government securities investment fund; a fixed income index investment fund; a common stock index investment fund; a small capitalization stock index investment fund; and an international stock index investment fund.

Employee participation in the Fund is entirely voluntary, so actual results could vary significantly from these estimates. The estimated status of the Fund is shown below:

the marketing of goods and services and by ensuring that consumer markets function competitively. The FTC's work is based on the belief that competition among producers, and accurate information in the hands of consumers, bring the best products and lowest prices to marketplace, spur innovation, and strengthen the economy.

**Consumer protection.**—The Commission is charged with eliminating unfair or deceptive acts or practices affecting commerce. The goal of the consumer protection mission is to prevent fraud, deception, and unfair business practices in the marketplace. The mission works to accomplish this goal through three objectives: (1) identify fraud, deception, and unfair practices that cause the greatest consumer injury; (2) stop fraud, deception, and unfair practices through law enforcement; and, (3) prevent consumer injury through education.

**Maintaining competition.**—The Commission's efforts are aimed at fostering and preserving our competitive market. The goal of the maintaining competition mission is to prevent anticompetitive mergers and other anticompetitive business practices in the marketplace. The mission works to accomplish this goal through three objectives: (1) identify anticompetitive mergers and practices that cause the greatest consumer injury; (2) stop anticompetitive mergers and practices through law enforcement; and, (3) prevent consumer injury through education.

The President's 2003 request will fund a total 1,080 FTE, which includes 6 reimbursable FTE. The program level for the Commission will increase from \$155,982,000 in 2002 to \$176,509,000 in 2003, allowing the Commission to maintain the current performance of its missions. The 2003 requested program level will be fully funded by offsetting collections from two sources: Hart-Scott-Rodino Act premerger notification filings as authorized by 18 U.S.C. 18a; and new fees that will be assessed, collected and used to cover costs of developing, implementing and maintaining a national database of telephone numbers of consumers who choose not to receive telephone solicitations, as authorized by the Telephone Consumer and Abuse Prevention Act (15 U.S.C. 6101, *et seq.*, as amended).

Public Law 93-642 established the Harry S. Truman Scholarship Foundation to operate the scholarship program that is the permanent Federal memorial to the 33rd President of the United States. The Foundation awards scholarships for up to four years to qualified students who demonstrate outstanding potential for and interest in careers in public service at the local, State, or Federal level or in the non-profit sector.

In its annual competition, the Foundation selects up to 80 new Truman Scholars. The maximum award is \$30,000 for four years.

*Scholarship awards.*—This activity is comprised of scholarships awarded to cover eligible educational expenses.

*Program administration.*—This activity covers all costs of operating the program, including annual program announcement, interview and selection of Truman Scholars, calculation and disbursement of scholarship awards, monitoring of student progress, and special services and activities for scholars, including an orientation week for new scholars, a summer education and internship program, and workshops and conferences.

Title XV of Public Law 99-498 established the Institute of American Indian and Alaska Native Culture and Arts De-

velopment as an independent non-profit educational institution. The mission of the Institute is to serve as a multi-tribal center of higher education for Native Americans and is dedicated to the study, creative application, preservation and care of Indian arts and culture. The Institute is federally chartered and under the direction and control of a Board of Trustees appointed by the President of the United States.

*Payment to the Institute.*—This activity supports the operations of the Institute, and provides \$1 million in Federal matching funds for the construction of a library technology center.

The Intelligence Community Management Account (ICMA) was established by Congressional direction to provide resources that directly support the Director of Central Intelligence (DCI) and the Intelligence Community as a whole in coordinating cross-program activities, improving budget oversight, and strengthening Community Management. The ICMA includes the Community Management Staff, the National Intelligence Council, the Center for Security Evaluations, the Advanced Research and Development program, the National Counterintelligence Executive, and the National Drug Intelligence Center.

The Community Management Staff is the DCI's principal source of advice and assistance in planning and executing his intelligence community management responsibilities. These include: developing the National Foreign Intelligence Program budget; developing intelligence plans and requirements; and overseeing research and development activities. The Advanced Research and Development program is responsible for coordination of advanced technology within the Intelligence Community and for encouragement of investment in high risk/high return technologies. The National Intelligence Council provides analytical support to the DCI and national policy makers. The Center for Security Evaluation is responsible for evaluating and improving security capabilities at United States embassies. The National Counterintelligence Executive was established as the primary mechanism to coordinate U.S. government national-level counterintelligence policy and activities. The National Drug Intelligence Center was established to coordinate strategic organizational drug intelligence from national security and law enforcement agencies.

The U.S. International Trade Commission is an independent, quasi-judicial federal agency established by Congress with a wide range of trade-related mandates. The mission of the Commission is twofold: administer U.S. trade remedy laws in a fair and objective manner; and provide the President, the United States Trade Representative, and the Congress with independent, quality advice and information on matters of international trade and competitiveness.

For 2003, the Commission requests an appropriation of \$56 million in order to fund existing mandated investigative activity and related operations, a mandatory 4.6 percent pay increase, and information technology projects that are designed to improve electronic transaction capability, provide broader public access to public data and other information, develop more timely and accurate trade information for the trade community, and improve transparency in the Commission's procedures and finances. The 2003 request represents a 5.4 percent increase over its 2002 funding availability of \$53 million and a 7.9 percent increase over the 2002 appropriation of \$51 million.

In September 2001, the Commission issued the fourth edition of its Strategic Plan and is currently implementing the 2002 Performance Plan. For the purpose of developing the

Strategic Plan, the Commission's functions were divided into five operations and, in order to facilitate the linkage of financial resources to the achievement of strategic goals, the budget justification is structured in the same manner. There are 19 strategic goals for the five operations. In 2000 and 2001 these goals were met in virtually all instances.

As presented in the Commission's Strategic Plan, there are five major operations that serve the Commission's external customers:

- *Import Injury Investigations:* These cover the conduct of the Commission's countervailing duty, antidumping, and sunset review investigations (collectively known as Title VII investigations), safeguards and market disruption investigations, and appellate litigation of challenges to the Commission's determinations.

- *Intellectual Property-Based Import Investigations:* These cover the conduct of the Commission's adjudicatory investigations (referred to as section 337 investigations) regarding alleged unfair methods of competition and unfair acts in the importation of goods into the United States and most frequently involve allegations of patent or trademark infringement.

- *Research:* This covers all activities related to the acquisition, maintenance, and application of analytical and technical trade expertise. This expertise is applied through studies regarding the performance and global competitiveness of various U.S. industries, the impact of changes in trade policy on the overall economy or subsets thereof, trade and competitiveness issues, and the probable economic effect of tariff reductions and trade agreements.

- *Trade Information Services:* This covers a wide range of activities that provide Commission staff, the Congress, the Executive Branch, and the general public with reliable and timely trade information and analysis. These activities include work on legislative reports for Congress, the maintenance and publication of Harmonized Tariff Schedule of the United States, maintenance of a tariff and trade database (Dataweb), and library services. Also included within this operation is the development of trade data compilations tailored for use by U.S. negotiators, and nomenclature expertise and related assistance to U.S. trade negotiating delegations (principally to the World Trade Organization and the World Customs Organization) as well as Congressional staff.

- *Trade Policy Support:* This covers direct support activities for policy makers such as the provision of technical expertise and objective information on trade issues to congressional committees and members' offices, the United States Trade Representative, interagency committees, and U.S. delegations to multilateral organizations.

All of these operations define the output of the Commission, emphasizing the benefits that the Commission provides in facilitating an open trading system based on the rule of law and economic self-interest. Within each operation, specific critical success indicators and strategic goals are identified. The Commission's Strategic Plan, Performance Plan, and Performance Report are available at <http://www.usitc.gov>.

Pursuant to section 175 of the Trade Act of 1974, the budget estimates for the Commission are transmitted to Congress without revision by the President.

Public Laws 99-500, 101-208, and 102-221 established the James Madison Memorial Fellowship Foundation to operate a fellowship program to encourage graduate study of the framing, principles, and history of the American Constitution. Appropriations of \$10 million in 1988 and 1989 established

JAMES MADISON MEMORIAL FELLOWSHIP TRUST FUND—Continued

the foundation's trust fund. The funds have been invested by the Secretary of the Treasury in U.S. Treasury securities, and the interest earned on these funds is available for carrying out the activities of the foundation. Funds raised from private sources and the surcharges from commemorative coin sales are also placed in the trust fund.

The foundation is authorized to award graduate fellowships of up to \$24,000 to high school teachers of American history, American government, and social studies. College seniors and recent college graduates who want to become secondary school teachers of these subjects are also eligible.

*Fellowship awards.*—This activity is comprised of fellowship awards to cover educational expenses. It also supports the foundation's annual Summer Institute on the U.S. Constitution, which all current fellows are required to attend. The Institute is an intensive educational experience that will ensure that all fellows know the history of the framing, ratification, and implementation of the U.S. Constitution and the Bill of Rights. The foundation awarded 61 fellowships in 2001 and plans to award at least 65 in both 2002 and 2003.

*Program administration.*—This activity covers the costs of planning, fund-raising, and the operation of the fellowship program.

Established by the Civil Service Reform Act of 1978, the Board serves as guardian of the Federal Government's merit-based system of employment, principally by hearing and deciding appeals from Federal employees of removals and other major personnel actions. The Board also hears and decides other types of civil service cases, reviews regulations of the Office of Personnel Management, and conducts studies of the merit systems. The intended results (outcomes) of MSPB's efforts are to assure that (1) personnel actions taken involving employees are processed within the law, and (2) actions taken by OPM and other agencies support and enhance Federal merit principles.

The number of decisions issued by the Board is shown in the following table:

The General Fund payment to the Morris K. Udall Fund is invested in Treasury securities with maturities suitable to the needs of the Fund. Interest earnings from the investments are used to carry out the activities of the Morris K. Udall Foundation. The Foundation awards scholarships, fellowships and grants, and funds activities of the Udall Center. In 2000, Public Law 106-568 authorized the Morris K. Udall Foundation to establish training programs for professionals in health care policy and public policy, such as the Native Nations Institute (NNI). NNI, based at the University of Arizona, will provide Native Americans with leadership

and management training and analyze policies relevant to tribes.

The U.S. Institute for Environmental Conflict Resolution is a Federal program established by P.L. 105-156 to assist

parties in resolving environmental, natural resource, and public lands conflicts. The Institute is part of the Morris K. Udall Foundation, and serves as an impartial, non-partisan institution providing professional expertise, services, and resources to all parties involved in such disputes. The Institute helps parties determine whether collaborative problem solving is appropriate for specific environmental conflicts, how and when to bring all the parties to the table, and whether a third-party facilitator or mediator might be helpful in assisting the parties in their efforts to reach consensus or to resolve the conflict. In addition, the Institute maintains a roster of qualified facilitators and mediators with substantial experience in environmental conflict resolution, and can help parties in selecting an appropriate neutral. (See *www.ecr.gov* for more information about the Institute.)

Public Law 102-259 established the Morris K. Udall Scholarship and Excellence in National Environmental Policy Foundation to provide educational resources to promote studies in the natural environment and Native American public health and tribal policy.

In 2001, the Foundation awarded 80 undergraduate scholarships. Eleven Native American Congressional Summer Internship Program recipients spent ten weeks in Congressional offices and the White House participating in a program created by the Udall Foundation. For the fifth year, the Foundation awarded two Graduate Fellowships to Ph.D. candidates whose dissertation topics were in the area of environmental public policy and conflict resolution and whose work contributed to the mission of the Foundation.

In 2002 and 2003, the Foundation will maintain its current level of scholarships, fellowships and internships.

The National Archives and Records Administration (NARA) provides for basic operations dealing with management of the Government's archives and records, operation of Presidential Libraries, and for the review for declassification of classified security information.

*Records services.*—This activity provides for selecting, preserving, describing, and making available to the general public, scholars, and Federal agencies the permanently valuable historical records of the Federal Government; the historical materials and Presidential records in Presidential Libraries; for preparing related publications and exhibit programs; and for conducting the appraisal of all Federal records.

Through the records declassification program, historically valuable information in the records of the Federal Government and in donated historical materials are made available to the public by declassifying as much information as possible without endangering the national security.

This activity also provides oversight for the information security program established by Executive Order 12958 as amended by Executive Order 13142 and reports annually to the President on the status of that program. It is also responsible for policy oversight for the National Industrial Security Program established under Executive Order 12829.

NARA, in research and development collaboration with national and international partners, is building an Electronic Records Archives (ERA) that will ensure the preservation of and access to Government electronic records. The pace of technological progress makes formats in which the records are stored obsolete within a few years, threatening to make them inaccessible even if they are preserved intact. ERA will preserve electronic records, regardless of the original format, retain them indefinitely, and enable requesters to access them on computer systems now and in the future. In 2003, NARA will also continue work on the Electronic Records Management (ERM) initiative. The ERM will compliment the ERA research by piloting government-wide procedures and standards for managing electronic records.

*Archives related services.*—This activity provides for the publication of the *Federal Register*, the *Code of Federal Regulations*, the *U.S. Statutes-at-Large*, and Presidential documents, and for a program to improve the quality of regulations and the public's access to them.

This activity also includes the administration and reference services portion for the National Historical Publications and Records Commission. This Commission makes grants nationwide to preserve and publish records that document American history.

*Archives II facility.*—Provides for construction and related services of the new archival facility which was opened to the public in 1993. Costs of construction are financed by \$302 million of federally guaranteed debt issued in 1989. Since 1994 and continuing in 2003, the Archives seeks appropriations for the annual payments for interest and redemption of debt to be made under the contract for construction and related services.

*Homeland security information sharing.*—\$7 million will be allocated for training personnel at the state and local level in the proper use and handling of classified and sensitive but unclassified homeland security information. Funding will also be used to facilitate security clearances for appropriate individuals at the state and local level, and to ensure that Federal agencies have the necessary classification authority for homeland security information.

This account provides for the repair, alteration, and improvement of Archives facilities and Presidential Libraries nationwide, and provides adequate storage for holdings. It will better enable the National Archives to maintain its facilities in proper condition for public visitors, researchers, and employees in NARA facilities, and also maintain the structural integrity of the buildings. Funding requested in 2003 will determine appropriate options for preserving and providing access to 20th century military service records. These funds will allow NARA to complete preliminary design studies and analysis, including work flow and cost estimates, for housing and access options for these massive and valuable records. Technology and facility approaches will be examined. Funding is also requested to assist with the repair of the plaza adjacent to the Lyndon Baines Johnson Presidential Library. This plaza is in need of critical repair due to water damage.

*National Historical Publications and Records Commission Grants.*—This program provides for grants funding that the Commission makes, nationwide, to preserve and publish records that document American history. Administered within the National Archives, which preserves Federal records, the NHPRC helps state, local, and private institutions preserve non-Federal records, helps publish the papers of major figures in American history, and helps archivists and records managers improve their techniques, training, and ability to serve a range of information users.

The National Archives Trust Fund Board may solicit and accept gifts or bequests of money, securities, or other personal property, for the benefit of or in connection with the national archival and records activities administered by the National Archives and Records Administration (44 U.S.C. 2305).

In accordance with 44 U.S.C. 2112, the Bush Presidential Library received a \$4 million endowment from the Bush Library Foundation. The money was deposited in the gift fund and invested in accordance with established National Archives Trust and Gift Fund procedures. Income earned on the investment will be used to offset a portion of the Library's operation and maintenance costs.

The National Capital Planning Commission (NCPC) is the central planning agency for the Federal government in the National Capital Region. It develops long-range plans and conducts project reviews in order to ensure the orderly development of the National Capital Region. In 2003, NCPC will work with its federal partners and the District of Columbia to fully implement the National Capital Urban Design and Security Plan approved in 2002. This plan will serve as a guide to federal agencies in the design and construction of streetscape projects that will enhance the security of federal facilities and preserve the historic design of the nation's capital.

The Commission has been responsible for developing plans and recommendations for meeting the library and information needs of the Nation, for coordinating Federal, State, and local activities to meet these needs, for advising the President and the Congress on implementation of national and international library and information services policies, and for providing advice on general policies about library services under the Museum and Library Services Act.

The Administration requests no funding for this agency in 2003. The Administration believes that other agencies can take on the responsibilities of the Commission that continue to be necessary. Its other activities have failed to demonstrate that their results justify their costs.

Federal credit unions are privately owned, cooperative associations organized for the purpose of promoting thrift among their members and creating a source of credit for provident or productive purposes, authorized by the Federal Credit Union Act of 1934, as amended.

The Administration's activities consist of: (a) Insuring deposits of Federal credit unions, (b) chartering new Federal credit unions, (c) making periodic examinations of their financial condition and operating practices, and (d) providing administrative services. The operating fund is reimbursed for the insurance fund's share of the agency's administrative expenses by the insurance fund. The reimbursement percentage, which is reviewed and adjusted periodically, is currently at 66.72 percent. Data relating to activities are shown below:

The insurance fund is used to carry out a program of insurance for member accounts in Federal credit unions and State-chartered credit unions which apply and qualify for insurance, authorized by Public Law 91-468, enacted October 19, 1970.

**Budget program.**—The activities consist of: (a) providing member account insurance, (b) formulating standards and requirements for insured credit unions, and (c) providing for liquidation or other disposition of the assets and liabilities of solvent and insolvent insured credit unions. The fund also reimburses the operating fund for its share of the Agency's administrative costs. The reimbursement percentage, which is reviewed and adjusted periodically, is currently at 66.72 percent for 2001, and will be 62 percent for 2002.

The extent of the program is estimated as follows:

Item:	2001 actual	2002 est.	2003 est.
Number of insured credit unions .....	10,145	9,841	9,545
Insured shares of member institutions as of June 30 (in millions of dollars) .....	\$386,624	\$402,089	\$418,173

It is estimated that approximately 3,914 State-chartered credit unions will be enrolled in the program by the end of 2002.

**Financing.**—For insurance year 2001 there was no annual insurance premium assessment. As a result of Public Law 98-369 (July 18, 1984), each insured credit union is also required to deposit and maintain in the insurance fund 1 percent of its member share accounts. The fund is structured to be entirely self supporting through the monies paid by member credit unions. The monies received plus the income generated from their investment are expected to cover all administrative and financial costs, as well as increase the fund balance proportionate to insured share growth. In 2001 the income generated from the 1 percent deposit eliminated the need to assess a premium. The fund has \$100 million in borrowing authority from the Treasury for use in unforeseen emergencies. The reserve requirement was changed in 2000 due to the provisions of the Credit Union Membership Access Act (P.L. 105-219), which requires the normal operating level, an equity ratio specified by the Board, to be not less than 1.2 percent and not more than 1.5 percent. For 2001, the Board set the normal operating level at 1.3 percent prior to the beginning of the calendar year.

**Operating results.**—Anticipated net income of \$175 million will be retained in the fund, raising the balance to \$5.3 billion by the end of 2002.

The National Credit Union Central Liquidity Facility was established under Public Law 95-630. It began operations on October 1, 1979. The Central Liquidity Facility provides loans to member credit unions for seasonal and emergency needs.

The two primary sources of funds for the Facility are stock subscriptions from credit unions and borrowings from the Federal Financing Bank. Credit unions, which choose to become members of the Facility, are required to purchase stock equal to one-half of 1 percent of their assets. One-half of the subscription in stock is forwarded to the Facility and deposited in the fund. The remaining half of the subscription remains on call in the credit union in investments as approved by the NCUA Board.

The National Endowment for the Arts provides grants to, or contracts with, groups, individuals of exceptional talent in specified fields, and State or regional organizations engaged in or concerned with the arts in service to the American public. Programs encourage individual and institutional development of the arts, education in the arts, preservation of America's artistic heritage, wider availability and appreciation of the arts, leadership in the arts, and the stimulation of non-Federal sources of support for the Nation's artistic activities.

This presentation includes Gifts and Donations and the Arts and Artifacts Indemnity Fund which previously had been shown separately.

The National Foundation on the Arts and the Humanities Act of 1965, as amended, authorizes the Arts Endowment to receive money and other donated property. Such gifts may be used, sold, or otherwise disposed of to support arts projects and activities. Budget authority in this schedule reflects cash received each year by the Arts Endowment.

The Arts and Artifacts Indemnity Act of 1975, as amended authorizes the Federal Council on the Arts and Humanities to enter into indemnity agreements to cover certain eligible works of art while on traveling exhibition in the United States or abroad. Loss or damage claims certified by the Council are paid from this fund.

The National Endowment for the Humanities supports educational and scholarly activities in the humanities, the preservation of America's cultural and intellectual resources, and opportunities for Americans to engage in lifelong learning in the humanities. In 2003, the NEH will continue with important activities including partnerships with State humanities councils, efforts to preserve brittle books and serials, the strengthening of humanities teaching and learning, and museum exhibitions, documentary media projects, and reading programs that reach popular audiences. The Endowment will also strengthen its efforts to collect, analyze, and disseminate information on the state of the humanities.

Support is provided through outright grants, matching grants, and a combination of the two. Eligible applicants include state humanities councils, schools, higher education institutions, libraries, museums, historical organizations, professional associations, other cultural institutions, and individuals.

This presentation also includes the Gifts and Donations account. The National Foundation on the Arts and the Humanities Act of 1965, as amended, authorizes the Humanities Endowment to receive money and other donated property. Such gifts may be used, sold, or otherwise disposed of to support humanities projects and activities. Budget authority in this schedule reflects cash received each year by the Endowment.

The President's Budget includes a \$10 million initiative in National leadership grants to recruit and train librarians. The budget does not continue funding for congressionally-designated special interest projects.

State formula grants are made to assist public libraries in improving library services, promoting access to learning and information resources to users of all ages, to promote wider access to information through technology, and to support collaborative activities between museums and libraries. National leadership grants provide incentives through a national competition for libraries, either individually or in collaboration with partner organizations, to develop model programs, identify best practices to improve information access and services, and disseminate their findings.

*Field investigation.*—Charges of unfair labor practices and petitions for elections to resolve representation disputes are investigated by regional office personnel. Ninety-five percent of the unfair labor practice cases and 85 percent of the representation cases are closed by settlement, dismissal, or withdrawal. The remainder are prepared for public hearing. The agency strives to maximize the voluntary settlement of all cases and to avoid litigation.

*Administrative law judge hearing.*—Administrative law judges conduct public hearings in unfair labor practice cases. Their findings and recommendations are set forth in their decisions.

*Board adjudication.*—In an unfair labor practice case, a judge's decision becomes a Board order if no exceptions are filed. About 30 percent of these decisions become automatic Board orders or are complied with voluntarily. The remainder, with exceptions filed, requires contested Board decision. In representation cases, regional directors initially decide the issues by Board delegation. The Board itself decides representation issues on referral from regional directors or by granting a request for review of a regional director's decision. The Board also rules on objection and challenge questions in election cases.

*Securing compliance with Board orders.*—If the parties do not voluntarily comply with the Board's order involving unfair labor practices, the Board must request that the appellate courts enforce its decisions.

*Mediator and alternative dispute resolution (ADR) services.*—The Board mediates disputes over wages, hours, and working conditions for some 746 rail and air carriers and approximately 795,000 employees in the two industries.

The Board also provides technical assistance to enable labor and industry representatives to explore informally the relevant economic and noneconomic problems that condition collective bargaining in the railroad and airline industries. The Board's ADR program provides collective bargaining training, facilitation, and grievance mediation services to the labor-management community.

*Emergency disputes.*—When the parties fail to resolve their disputes through mediation, they are urged to submit their differences to arbitration. If neither mediation nor voluntary arbitration is successful, the President, when notified of disputes which substantially threaten to interrupt essential service, may appoint emergency boards to investigate and report on the dispute. Such reports usually serve as a basis for resolving the disputes.

The Northeast Rail Service Act of 1981 (P.L. 102-29) amended the Railway Labor Act (RLA) by adding a new emergency dispute procedure covering disputes between a publicly

funded and operated commuter carrier and its employees. The 1981 Act requires the Board to appoint the public members of factfinding panels on Conrail.

**Arbitration under sections 3 and 7 of the RLA.**—Railroad employee grievances resulting from disputes over the interpretation or application of collective bargaining contracts may be brought for settlement to the National Railroad Adjustment Board (NRAB). The divisions of the Board are composed of an equal number of carrier and union representatives compensated by the party or parties they represent. Public Law 89-456 provides for the adjustment of disputes involving grievances resulting from interpretation or application of bargaining agreements in the railroad industry otherwise referable to the NRAB.

Administrative direction and support for the public law boards, special boards of adjustment, and the NRAB are provided by Federal employees who are compensated by the National Mediation Board.

The National Transportation Safety Board (NTSB), as an independent nonregulatory agency, is charged with promoting transportation safety through the investigation of accidents, the conduct of special studies, the development of recommendations to prevent accidents, the evaluation of the effectiveness of other Government agencies in preventing transportation accidents, and the review of appeals of adverse certificate and civil penalty actions taken by the Administrators of agencies of the Department of Transportation involving airman and seaman certificates and licenses.

In 2003, the Administration requests a total funding level of \$70 million for NTSB Salaries and Expenses to allow the NTSB to fulfill its role in improving safety on the Nation's transportation system.

The National Transportation Safety Board is mandated by Congress to investigate all catastrophic transportation accidents and, therefore, has no control over the frequency of costly accident investigations. The emergency fund provides a funding mechanism by which periodic accident investigation cost fluctuations can be met without delaying critical phases of the investigations. The current balance of \$2 million is sufficient to cover unanticipated costs associated with an increased number of accidents, and thus the Administration does not propose new funding in 2003.

The National Veterans Business Development Corporation (NVBDC) has undertaken a variety of initiatives to fulfill its mandate under P.L. 106-50. It has hired a permanent CEO and President, Major General Charles R. Henry USA (Ret), and the President has appointed the ninth, and final member of NVBDC's Board of Directors.

With its infrastructure in place, NVBDC has begun to perform outreach activities to the nation's veterans, and others, by building a world class web site. The web site will be an informational clearing house that will enable a veteran to access entrepreneurial training and technical assistance services offered by all levels of government, the private sector, community-based organizations, trade associations, and like organizations. It is also investigating partnerships with the private sector to offer veteran entrepreneurs opportunities to pursue government and private sector contracts and to sell their goods and services to each other in a secure electronic environment.

Concurrently, NVBDC is energetically pursuing a variety of paths to financial self-sufficiency. For example, it is investigating the potential for creating a venture capital fund. It has also defined separate areas for fundraising activities; individual contributions, corporate contributions, foundation contributions, events and targeted meetings with potential contributors across the country, direct mail and web site contributions.

Furthermore, NVBDC is continuing to build partnerships, and conduct outreach activities, with Federal departments and agencies, veterans serving organizations, community-based organizations, and private sector corporations.

The major activities of the Corporation include: establishing neighborhood partnership programs known as NeighborWorks Organizations (NWOs); assisting in the expansion of NeighborWorks organizations to additional neighborhoods; providing training and technical assistance; identifying, evaluating, supporting and replicating successful neighborhood preservation projects that show promise for reversing neighborhood decline; promoting a national secondary market and other financing mechanisms for NWOs; and granting lending and equity capital to promote homeownership and other affordable housing.

The Corporation receives both Federal and non-Federal funding to finance its program activities. For 2003, a program level of \$105,000,000 is requested. The following tables reflect the total program activity of the Corporation and include all sources of financing, both Federal and non-Federal.

**Nuclear Reactor Safety.**—A major part of the NRC's mission is to ensure that its licensees design, construct, and operate civilian reactor facilities safely. The Atomic Energy Act and the Energy Reorganization Act provide the foundation for regulating the Nation's civilian nuclear power industry. Nuclear reactor safety encompasses all NRC efforts to ensure that civilian nuclear reactor facilities and non-power reactors are operated in a manner that provides adequate protection of public health and safety and the environment, and protects against radiological sabotage and theft or diversion of special nuclear materials. These efforts include reactor licensing; reactor license renewal; operator licensing; financial assurance; inspection; performance assessment; identification and resolution of safety issues; reactor regulatory research; regulation development; operating experience evaluation; incident investigation; threat assessment; emergency response; investigation of alleged wrong doing by licensees, applicants, contractors, or vendors; imposition of enforcement sanctions for violations of NRC requirements; and reactor technical and regulatory training. In light of the September 11, 2001 terrorist attacks, NRC will perform a comprehensive review of our security and safeguards program for civilian reactor facilities.

**Nuclear Materials Safety.**—Nuclear materials safety encompasses all NRC efforts to ensure that NRC-regulation aspects of nuclear fuel cycle facilities and nuclear materials activities are handled in a manner that provides adequate protection of public health and safety. These efforts include, licensing/certification, inspection, and enforcement activities; regulation and guidance development; nuclear materials research; identification and resolution of safety and safeguard issues; operating experience evaluation; incident investigation; threat assessment; emergency response; technical training; and inves-

tigation of alleged wrongdoing by licensees, applicants, certificate holders, contractors and vendors. In light of the September 11, 2001 terrorist attacks, NRC will perform a comprehensive review of our security and safeguards program for nuclear fuel cycle facilities and nuclear materials activities.

**Nuclear Waste Safety.**—Nuclear waste safety encompasses the NRC's high-level waste regulatory activities associated with high-level waste disposal at the potential Yucca Mountain repository as mandated by the Nuclear Waste Policy Act, the Nuclear Waste Policy Amendments Act, and; the Energy Policy Act; NRC regulatory and oversight activities for decommissioning, which involves safely removing a facility from service and reducing residual radiation to a level that permits the property to be released for unrestricted or restricted use; the safe and secure storage and transportation of radioactive materials through the certification of spent fuel storage containers and transportation packages. Low-level radioactive waste activities associated with the disposal of waste are addressed in accordance with the Low-Level Radioactive Waste Policy Act. In light of the September 11, 2001 terrorist attacks, NRC will perform a comprehensive review of our security and safeguards program for decommissioning reactors, spent fuel storage installations, and transportation of waste.

**International Nuclear Safety Support.**—International Nuclear Safety Support encompasses NRC international activities, including some that support the agency's domestic mission and others that support broader U.S. national interests. These activities include international policy formulation, export-import licensing of nuclear materials and equipment, treaty implementation, international information exchange activities, international safety and safeguards assistance, and deterring nuclear proliferation.

**Management and Support.**—Management and support encompasses NRC central policy direction, legal advice for the Commission, analysis of long-term policy issues, administrative proceedings review and advice, liaison with outside constituents and other government agencies, financial management, all administrative and logistical support, information resources management, executive management services for the Commission, personnel and training, and matters involving small and disadvantaged businesses and civil rights. In light of the September 11, 2001 terrorist attacks, NRC will continue to review and strengthen NRC's physical facilities and information technology infrastructure.

The Inspector General Act Amendments of 1988 established a statutory Office of the Inspector General within the NRC that provides the Commission and Congress with an independent review and appraisal of the integrity of NRC programs and operations. The function of the Office of the Inspector General is to conduct and supervise audits and investigations relating to all facets of agency programs and operations.

The Office of Navajo and Hopi Indian Relocation was established by Public Law 93-531 to plan and conduct relocation activities associated with the settlement of a land dispute in northern Arizona between the two tribes.

Bonuses are paid to clients who volunteered for relocation prior to July 7, 1985. Relocation of clients includes such activities as certification, housing acquisition and construction, and land acquisition. Discretionary funds will be used for activities which will facilitate and expedite the overall relocation effort.

The Office of Special Counsel (OSC) (1) investigates Federal employee allegations of prohibited personnel practices (including reprisal for whistleblowing) and when appropriate prosecutes before the Merit Systems Protection Board (MSPB); (2) provides a channel for whistleblowing by Federal employees; and (3) enforces the Hatch Act. The OSC may transmit whistleblower allegations to the agency head concerned and require an agency investigation and a report to the Congress and the President when appropriate.

Overall in 2001, there were more than 3,107 instances in which the assistance or action of the OSC was sought by Federal employees and other persons. Many prohibited personnel practice cases investigated by the OSC are resolved without recourse to formal proceedings before the MSPB. In 2001, the OSC obtained 76 corrective or other favorable actions, and efforts to obtain such negotiated resolutions will continue. In 2001, the OSC also filed eight enforcement ac-

tions before the MSPB Hatch Act matters. The OSC also issued 2,806 Hatch Act advisory opinions (both written and oral) to people who sought advice. During 2001, the OSC's Disclosure Unit received 380 new disclosure matters for possible referral and 15 Disclosure Unit matters were referred to agency heads for their review.

This request will enable OSC to continue its efforts to reduce its long-standing case processing backlogs. In 2001, OSC made some progress against these backlogs in reducing the number of pending prohibited personnel practice cases older than 240 days by 15 percent. OSC anticipates making more progress in 2003 so as to reduce backlogs and provide customers with prompt and timely service in accordance with the time frames laid out in 5 U.S.C. § 1214(b)(2)(A)(ii) (240 days to process prohibited personnel practice complaints) and 5 U.S.C. § 1213(b) (15 days to make an initial determination on a whistleblower disclosure).

OSC significantly revised its Strategic Plan last year, including the associated annual performance plan. The plans now place more emphasis on prioritizing cases by category and resource allocation, while improving quality. Highlights of the FY 2003 annual performance plan include: (1) implementing a procedure to assess and improve quality of OSC investigations and legal analyses; (2) devising a formal system of case handling and resource allocation according to complexity and type of case; (3) developing a system to eliminate any unnecessary steps in case-handling; (4) creating specific performance goals for the Hatch Act and Disclosure Units; (5) enhancing goals for OSC's outreach and education program; and (6) maintaining OSC's human resource and information technology programs.

The Panama Canal Act of 1979 established the Panama Canal Commission to operate and maintain the interoceanic waterway. Pursuant to Public Law 104-106, the Commission is a wholly-owned government corporation and is funded by a revolving fund. In accordance with the Panama Canal Treaty, the United States transferred ownership of the Canal to the Republic of Panama on December 31, 1999. Data in the following tables are for the settlement of remaining accident and contract claims against the Commission.

<sup>1</sup> Represents a \$70,880,000 current year estimate and a -\$6,444,000 reconciliation adjustment.<sup>2</sup> Represents a \$66,473,000 current year estimate and a \$620,000 reconciliation adjustment.<sup>3</sup> Represents a \$56,303,000 current year estimate and a -\$8,684,000 reconciliation adjustment.

On November 20, 2001 the President released (pursuant to P.L. 107-38) \$175,000,000 from the Emergency Response Fund to the U.S. Postal Service in response to the anthrax attacks. These resources include \$100 million for an initial purchase of irradiation equipment to sanitize the mail and \$75 million for the costs of personnel protection equipment (gloves, masks, barrier creams, etc.), first response/environmental testing kits and services, site clean-up and medical goods and services, and for public education material.

In the Emergency Supplemental Act of 2002, Congress appropriated, from amounts authorized by Public Law 107-38, an additional \$500,000,000 to the Postal Service to protect postal employees and postal customers from exposure to bio-hazardous material, sanitize and screen the mail, and replace or repair Postal Service facilities destroyed or damaged in New York City as a result of the September 11, 2001, terrorist attacks. Funds are available to the Postal Service for sanitizing and screening the mail after it submits an emergency preparedness plan and an associated expenditure plan to the Congress.

Pursuant to Public Law 93-328, the 2003 appropriation request of the U.S. Postal Service for Payment to the Postal Service Fund is \$60,014,000. This amount includes: \$48,999,000 requested for free mail for the blind and overseas voting; -\$17,985,000 as a reconciliation adjustment for 2000 actual mail volume of free mail for the blind and overseas voting; and \$29,000,000 for prior years' liability under the Revenue Forgone Reform Act of 1993. In addition to these funds, \$47,619,000 (an advance appropriation from 2002 for the 2002 costs and the 1999 reconciliation adjustment for free mail for the blind and overseas voting) will become available to the U.S. Postal Service in 2003.

The Postal Reorganization Act of 1970, Public Law 91-375, converted the Post Office Department into the U.S. Postal Service, an independent establishment within the executive branch. The Postal Service commenced operations July 1, 1971. This agency is charged with providing patrons with reliable mail service at reasonable rates and fees.

The U.S. Postal Service is governed by an 11-member Board of Governors, including 9 Governors appointed by the President, a Postmaster General who is selected by the Governors, and a Deputy Postmaster General who is selected by the Governors and the Postmaster General.

Decisions on changes in domestic rates of postage and fees for postal services are recommended to the Governors of the Postal Service by the independent Postal Rate Commission after a hearing on the record under the Administrative Procedure Act. The Commission also recommends decisions on changes in the domestic mail classification schedule to the Governors. Decisions of the Governors on rates of postage, fees for postal services, and mail classification are final, subject to judicial review.

Effective in 1986, the Postal Service Fund (Fund) was included in the congressional and executive budget process and taken into account in making calculations under the Balanced Budget and Emergency Deficit Control Act of 1985 (Gramm-Rudman-Hollings). The Omnibus Budget Reconciliation Act of 1989 amended title 39 of the U.S. Code by adding a new section, 2009a, which provides that, beginning in 1990, the receipts and disbursements of the Fund shall not be considered as part of the congressional and executive budget process and shall not be taken into account in making calculations under Gramm-Rudman-Hollings.

**Programs.**—Included are all postal activities providing window services; processing, delivery, and transportation of mail; research and development; administration of postal field activities; and associated expenses of providing facilities and financing.

The rapid development of electronic messaging systems promises to increase the effectiveness of the Nation's communications infrastructure and United States competitiveness in the future. As the provider of a universally available hard copy delivery system, the United States Postal Service is en-

couraged to examine these emerging communications technologies and to cooperate with the private sector on issues of integration, directory service, and strategic alliances that will facilitate the development of secure and reliable electronic messaging networks.

The transition from hard copy to electronic messaging already has begun. The Postal Service should assist in developing future messaging systems. The Postal Service's participation should recognize the changing needs of its business, governmental, and individual customers; should focus on determining an appropriate means for public and private sector cooperation; and should be consistent with the agency's vision of evolving into a premier provider of 21st century postal communications. The Postal Service should seek to leverage its comprehensive delivery, messaging security, and addressing directory management capabilities in a manner that promotes universal access to the benefits of these new technologies for all citizens who desire them.

**Financing.**—The activities of the U.S. Postal Service are financed from the following sources: (1) mail and services revenue; (2) reimbursements from Federal and non-Federal sources; (3) proceeds from borrowing; (4) interest from U.S. securities and other investments; and (5) appropriations by the Congress. All receipts and deposits are made to the Postal Service Fund and are available without fiscal year limitation for payment of all expenses incurred, retirement of obligations, investment in capital assets, and investment in obligations and securities.

Separate legislation also increased the Postal Service's statutory borrowing authority beginning in 1991. Section 2005 of title 39, United States Code, as amended, increased the Postal Service's borrowing authority by \$2.5 billion in 1991 for a revised ceiling of \$12.5 billion and an additional \$2.5 billion in 1992 for a revised total ceiling of \$15 billion. The total net increase in amounts outstanding in any one fiscal year were also increased and now may not exceed \$2.0 billion in obligations issued for the purpose of capital improvements and \$1.0 billion for the purpose of paying operating expenses. As of September 30, 2003, it is expected that the total debt instruments issued and outstanding pursuant to this authority will amount to \$11.465 billion.

**Operating.**—Estimated revenue will total approximately \$74.8 billion in 2003. This includes \$74.7 billion from mail and services revenue, \$27 million from investment income, and \$31 million for revenue foregone appropriations in 2003. Total expenses are estimated at approximately \$74.2 billion in 2003.

The Postal Reorganization Act of 1970 established the Postal Service as a fully self-sufficient, independent entity. Postal revenues were to cover the full costs of postal operations. When the Act was passed, the Postal Service received substantial taxpayer subsidies, both appropriated and unappropriated. Consistent with the intent of the 1970 Act, Congress has taken steps over time to reduce these subsidies. Under the 1974 Civil Service Retirement Fund—Postal Employee Benefits Act, the Postal Service assumed responsibility for paying unfunded retirement costs from wage schedule increases under postal labor contracts. These costs are not covered by normal employee/employer contributions to the retirement fund. The 1985 Reconciliation Act shifted responsibility for paying health benefit costs of Postal annuitants retiring after 1986 from OPM to the Postal Service. The 1987 Reconciliation Act had the Postal Service make one-time payments to defray annuitant health benefit costs in 1988 and 1989 and retirement COLA costs in 1988. (Retirement COLAs, like wage schedule increases, result in retirement liabilities not covered by normal retirement fund contributions.) Under the 1989 Reconciliation Act, the Postal Service assumed responsibility for paying health benefits of survivors

of post-86 annuitants and unfunded retirement COLA liabilities for post-86 annuitants.

The Omnibus Budget Reconciliation Act of 1990 superseded certain existing legislation and expanded the Postal Service's responsibility for benefit costs of postal annuitants. Effective October 1, 1990, the Postal Service is required to fund Civil Service Retirement System (CSRS) COLAs and the employer's share of Federal Employees Health Benefits Program (FEHBP) premiums for postal annuitants who retired after June 30, 1971, and their survivors. In addition, the Postal Service is required to fund the retroactive CSRS COLA and FEHBP premium costs for which the Postal Service would have been liable if the provisions of this new legislation had been in effect as of July 1, 1971.

Under the Omnibus Reconciliation Act of 1993, the Postal Service was required to make certain payments for past COLAs and health benefits, over and above any other payments required by law, of \$693 million to the Civil Service Retirement and Disability Fund, and \$348 million to the Employees Health Benefits Fund. These two payments were made in three equal annual installments, beginning in fiscal year 1996.

The Revenue Forgone Reform Act of 1993 phased-in higher postage rates for preferred mailers during 1994 through 1999. As reimbursement for the additional revenues not collected by the Postal Service during this phase-in period and for insufficient amounts appropriated for forgone revenues on various mail classes during 1991 through 1993, the Act authorized \$1.218 billion to be paid in installments of \$29 million annually from 1994 through 2035. Congress has appropriated \$29 million annually since 1994. As of September 30, 2002, \$957 million remains to be paid—in annual increments of \$29 million over the next 33 years—to the Postal Service under this Act.

The Balanced Budget Act of 1997 repealed the authorization for transitional appropriations to the Postal Service which had funded the liabilities of the former Post Office Department to the Employees' Compensation Fund. Effective October 1, 1997, these liabilities became liabilities of the Postal Service payable out of the Postal Service Fund.

<sup>4</sup>The slowing of the economy coupled with the impact of the events of September 11 and the subsequent use of the mail as a vehicle for bio-terrorism will result in costs and negative business impacts, the magnitude of which is unknown at this time. Due to a current inability to assess the financial impact of these events, this submission reflects assumptions included in Postal Service rate case docket number R2001-1, filed on September 24, 2001, and reflecting pre-September 11th estimates. For these reasons, it is highly likely that Postal Service financial results for 2002 and 2003 will differ from the amounts presented here.

The Presidio Trust is a wholly owned government corporation established by the Omnibus Parks and Public Lands Management Act of 1996 (Public Law 104-333) to manage, improve, maintain and lease property in the Presidio of San Francisco. After this former military base was transferred to the National Park Service (NPS), the Trust was created to take over responsibility for managing the hundreds of houses, office buildings, and other facilities in an innovative manner that uses private-sector resources, but is consistent with surrounding NPS lands. This appropriation funds the operation and capital improvements of the Trust.

In addition to rail social security, rail industry pensions, and special windfalls, the Railroad Retirement Board pays supplemental annuities to rail workers retiring at age 60 with 30 years of creditable rail service or at age 65 with 25-29 years of creditable service. Monthly benefit amounts are calculated from a base of \$23, adding \$4 for every year of service over 25, up to a maximum monthly benefit of \$43. Under the provisions of P.L. 107-90, the Railroad Retirement and Survivors' Improvement Act of 2001, supplemental annuities will be funded and paid by the Rail Industry Pension Fund until an arrangement is finalized with a non-governmental financial institution to serve as a disbursing agent. Supplemental annuities will be funded and paid by the National Railroad Retirement Investment Trust once an arrangement is finalized.

All railroad retirees receive the equivalent of a social security benefit, and they may also receive other add-ons including rail industry pension payments, windfall payments, and supplemental annuities. Social security benefits for former railroad employees are funded by the social security trust funds, and rail industry pension payments are the responsibility of the rail sector.

Under current law, a financial interchange occurs once each year between the social security trust funds and the social security equivalent benefit (SSEB) account. The SSEB receives monthly advances from the general fund equal to an estimate of the transfer the SSEB would have received for the previous month if the financial interchange transfers were on a monthly basis. Advances from the previous year are repaid annually to the general fund immediately after the financial interchange is received. In 2001, \$3,145 million was advanced and \$3,001 million was repaid.

The Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 established the Resolution Trust Corporation (RTC) as a temporary agency to dispose of insolvent thrift institutions. The Savings Association Insurance Fund took over responsibility for resolving failed thrifts on July 1, 1995, and the RTC's assets and liabilities were transferred to the FSLIC Resolution Fund on December 31, 1995.

Of \$18.3 billion appropriated to RTC in 1994 by the RTC Completion Act, the Thrift Depositor Protection Oversight Board determined that only \$4.6 billion was required and the excess was returned to Treasury on December 31, 1997. When the RTC terminated, the Oversight Board's primary function ceased. On October 29, 1998, the Board was abolished and its remaining responsibility to oversee the Resolution Funding Corporation (REFCORP), which provided financing for the RTC, was transferred to the Secretary of the Treasury.

The primary mission of the Securities and Exchange Commission (the Commission) is to administer and enforce the Federal securities laws in order to protect investors, and to maintain fair, honest, and efficient markets.

**Full disclosure.**—This program ensures that investors will be provided with material information in the public offering, trading, voting and tendering of securities. Standards of financial reporting are established and enforced to enhance the transparency, relevance, and reliability of financial reporting so that financial statements used by investors in making investment decisions are presented fairly and have credibility. Issuers that have conducted public offerings, have securities traded in the public markets, or have total assets and security holder populations of specified sizes, are required to furnish management, financial, and business information to investors and the Commission on a continuing basis in proxy materials and in annual and other periodic reports. The staff reviews these documents on a selected basis for compliance with the disclosure requirements. In addition, all registration statements of issuers that are making their initial public offerings of securities and all third party tender offer filings are reviewed by the staff. As a result of the review process, the staff may issue comments to issuers to elicit better compliance or, where appropriate, refer matters for enforcement action.

**Electronic filing (EDGAR).**—The Commission's EDGAR system provides the agency with the capability for electronic receipt, analysis, and dissemination of virtually all of its full disclosure filings. Since becoming operational in 1993, EDGAR has received and successfully processed and disseminated over 4.8 million documents submitted in approximately 1.8 million separate submissions from over 28,000 companies and funds registered with the SEC.

In order to take advantage of changes in technology, lower operational costs, integrate with other SEC systems, and respond to the demands of filers and investors, the SEC decided to modernize EDGAR. This multi-year modernization will conclude in early 2002. This modernization brings Internet technology, both hardware and software, to EDGAR, with such new features as: (1) a Filing Web Site (for filing, software distribution, and assistance), (2) a security infrastructure as secure as what is used today for Internet financial transactions across the world, (3) new data formats that promote readability of documents for multiple purposes, (4) new functionality as requested by our filing community, (5) an Enterprise Data Repository for centrally housing all SEC data, and (6) a new Public Dissemination System.

The SEC is now reviewing all of its remaining paper documents to determine the feasibility and cost/benefit of incorporating those into the electronic world of EDGAR.

**Prevention and suppression of fraud.**—This program investigates and prosecutes violations of the federal securities laws, including financial fraud, illegal distribution of unregistered securities, fraudulent offerings, insider trading, market manipulation, and illegal conduct by broker-dealers and investment advisers. Enforcement actions include emergency actions halting ongoing violations, injunctions against future violations, and disgorgement orders. Financial penalties and bars from acting in a regulated capacity may also be obtained. Over \$3.0 billion in disgorgement and penalties has been collected in our actions since 1984. Because of the critical importance of criminal prosecutions as a deterrent to securities fraud, we refer cases to criminal authorities and detail staff to assist in criminal prosecutions.

**Supervision and regulation of securities markets.**—Trading in the securities markets is regulated to protect investors against fraud and manipulation and to ensure the maintenance of fair, orderly, efficient, and competitive markets. The Commission oversees the work of self-regulatory organizations, monitors securities markets and broker-dealer operations, and develops regulatory strategies for coping with market stress, promoting compliance, and meeting changing domestic and international conditions. The Commission also conducts examinations of broker-dealers and inspections of transfer agents, clearing agencies, and self-regulatory organizations.

*Investment management regulation.*—This program administers the Investment Company Act of 1940 and the Investment Advisers Act of 1940. Mutual funds and other investment companies manage over \$6.7 trillion for more than 55 million households. The staff reviews disclosure documents filed by investment companies and investment advisers and regulates and inspects investment companies and investment advisers to protect investors against fraud, self-dealing, inadequate disclosure, and other abuse. The staff refers serious violations for enforcement action. This program also is responsible for administering the Public Utility Holding Company Act of 1935.

*Legal and economic services.*—This program provides a range of legal services and economic analyses to the Commission concerning its law enforcement, regulatory, and legislative activities, including: (i) prosecution of enforcement actions in appellate courts; (ii) representation of the Commission in all other appellate litigation, in private litigation where the Commission appears as *amicus curiae*, and in corporate reorganizations; (iii) representation of the Commission in actions brought against the Commission and its employees; (iv) preparation of Congressional testimony and comments and advice concerning proposed securities legislation; (v) advice to the Commission concerning issues arising from its law enforcement and regulatory activities; (vi) preparation of draft opinions of adjudicatory decisions and advice to the Commission regarding its adjudicatory decisions; (vii) advice to the Commission regarding compliance with Government-wide statutes and the statutes and rules applicable to the agency's activities; and (viii) economic analyses of proposed regulations and legislation, litigation support in enforcement cases, and independent studies of issues affecting the securities markets. In addition, the administrative law judges conduct hearings and issue initial decisions in formal administrative proceedings where the Commission has determined that hearings are appropriate in the public interest and for the protection of public investors.

*Program direction.*—This program assists the Commission in fulfilling its statutory requirements and in responding to changes in the securities industry by carefully evaluating pri-

orities, formulating and implementing policies, and managing agency resources. The staff provides management direction and analysis, internal control, financial management, personnel management, data processing, public affairs, records management, information dissemination, general administrative services, and processing of equal employment opportunity complaints.

The Commission's fee schedule has been revised by the provisions of the "Investor and Capital Markets Fee Relief Act" (P.L. 107-123). This law amends fee language found in Section 6(b) of the Securities Act of 1933, Sections 13(e) 14(g) and 31 of the Securities Exchange Act of 1934, and Section 307(b) of the Trust Indenture Act of 1939. Under this law, the Section 6(b) fee rate paid by corporations to register securities with the Commission will be reduced from \$250 per \$1 million in 2001 to \$92 per \$1 million. The Section 31 transaction fee rate will be reduced from \$33.33 per \$1 million to \$15 per \$1 million. The Section 14(g) fee for proxy solicitations and statements in corporate control transactions will be reduced from \$200 per \$1 million to \$92 per \$1 million. The Section 13(e) fee for stock repurchase statements will be reduced from \$200 per \$1 million to \$92 per \$1 million. The Trust Indenture Act fee will be eliminated. Henceforth, all Commission fees will be credited to offsetting collections, with no portion credited to general revenues. The new law requires that, in fiscal years 2003-11, the Commission adjust all applicable fee rates so that, when applied to the baseline estimate of the aggregate dollar amount of relevant activities for each fiscal year, the result will be aggregate fee collections equal to a target offsetting collection amounts projected for each fiscal year. The Commission shall adjust each rate to a uniform adjusted rate in fiscal years 2012 and after.

P.L. 107-123 also granted the Commission the authority to compensate its employees in amounts comparable to the salaries paid by the federal banking agencies, in order to help ameliorate the continued difficulties that the Commission has had in attracting and retaining sufficient numbers of qualified staff. The Commission expects to make the transition once it meets the procedural steps outlined in the Act and has the budget authority to compensate its staff at the higher levels. In the interim period, many Commission staff will continue to be paid pursuant to the General Schedule, while those eligible for the special pay rates approved by Office of Personnel Management ("OPM") in 2001 will continue to be paid according to their respective special pay scales.

The Smithsonian Institution conducts research in the natural and physical sciences and in the history of cultures, technology, and the arts. The Institution acquires and preserves for reference and study purposes over one hundred and forty million items of scientific, cultural, and historic importance. It maintains public exhibits in a variety of fields.

The Institution operates and maintains 16 museums; a zoological park and animal conservation and research center; research facilities; and supporting facilities.

Included in the presentation of the Salaries and Expenses account are data for the Canal Zone biological area fund. Donations, subscriptions, and fees are appropriated and used to defray part of the expenses of maintaining and operating the Canal Zone biological area (60 Stat. 1101; 20 U.S.C. 79, 79a).

The Tennessee Valley Authority (TVA) was created in 1933 as a Government-owned corporation for the unified development of a river basin comprised of parts of seven States. The agency finances its program primarily from proceeds available from current power operations and borrowings against future power revenues.

*TVA's nonpower programs.*—As a Federal corporation, TVA serves national interests by operating infrastructure services for the production of electricity, economic development and the stewardship of natural resources in 201 counties in seven States.

TVA has a statutory obligation to operate 54 dams and reservoirs to regulate stream-flow for the multi-purpose objectives of navigation, flood control, recreation and aquatic habitat conservation; perform cyclic maintenance and repair of 14 navigation locks, maintain dam machinery and spillway gates; perform channel, lock and mooring modifications to maintain safety and passability for increasingly larger cargo vessels; conserve and improve water quality and supply in 12 watersheds and dam tailwaters for fisheries and potable supply for 4 million people; control mosquitoes and plant pests; prevent shoreline erosion and manage residential development in riparian zones; plan for and manage 550,000 hectares (1.4 million acres) of land; provide services and education to watershed communities; operate public recreation areas; and, meet Federal regulatory law requirements. The Budget proposes that in 2003, these services be funded entirely by TVA's power revenues, user fees and sources other than appropriations.

*TVA's Power Program.*—TVA's role as the sole supplier of electric power to an area of 80,000 square miles in the seven Tennessee Valley States is being reviewed as the Nation considers ways to restructure the electric power industry. Income from power operations, net of interest charges and depreciation, and other operating expenses is estimated at \$100,000,000 in 2003. Power generating facilities are financed from power proceeds and borrowings. The Budget reflects a number of important initiatives TVA is undertaken to prepare TVA for changes that are occurring in the electric power industry. The initiatives are designed to give TVA's customers better service, greater freedom of choice, and continued access to economical power. TVA will renegotiate its sales contracts with the municipal utilities and cooperatives it serves. It will work with the Federal Energy Regulatory Commission and

the Department of Energy to improve the nation's transmission system. It will continue to work with independent power producers to tie into TVA's transmission network and thus give TVA customers a wider range of choice. It will revise its power pricing policies to encourage its power distributors to introduce pricing systems such as time-of-day pricing which encourage cost-effective energy conservation.

*Financing.*—Amounts estimated to become available in 2003 are to be derived from power revenues and receipts of \$7,275 million.

*Operating results and financial conditions.*—Payments to the Treasury from power proceeds in 2003 are estimated at \$48 million—\$28 million as a dividend (return on the appropriation investment in the power program) and \$20 million as a reduction in the appropriation investment in the power program. Outstanding borrowings for the power program are expected to decrease by \$252 million during 2003.

Total assets are estimated to increase by \$105 million during 2003. The estimate of liabilities at September 30, 2003, is \$62 million more than the estimate at September 30, 2002. Total Government equity at September 30, 2003, is estimated to be \$43 million greater than that at September 2002. This change includes the net income from power operations, less payments to the Treasury.

The Combined Benefit Fund was established by the Coal Industry Retiree Health Benefit Act of 1992 to take over paying for medical care of retired miners and their dependents who were eligible for health care from the private 1950 and 1974 United Mine Workers of America Benefit Plans. The Fund's trustees represent the United Mine Workers of America and coal companies. The Fund is financed by assessments on current and former signatories to labor agreements with the United Mine Workers; past transfers from an over-funded United Mine Workers pension fund; and transfers from the Abandoned Mine Land Reclamation fund.

The 1992 Benefit Plan was established by the Coal Industry Retiree Health Benefit Act of 1992. It pays for health care of those miners who retired between July 21, 1992 and September 30, 1994, and their dependents, who are eligible for benefits under an employer plan and cease to be covered, usually because an employer is out of business. Plan trustees are appointed by the United Mine Workers of America and the Bituminous Coal Operators Association, a coal industry bargaining group. The Plan is supported by signers of the 1988 labor agreement with the United Mine Workers of America.

The Vietnam Education Foundation Act of 2000 (Title II of Public Law 106-554) created the Vietnam Education Foundation to administer an international fellowship program under which Vietnamese nationals can undertake graduate and post-graduate level studies in the sciences (natural, physical, and environmental), mathematics, medicine, and technology, and American citizens can teach in these fields in appropriate Vietnamese institutions. The Act also authorized

the establishment of the Vietnam Debt Repayment Fund, in which all payments (including interest payments) made by the Socialist Republic of Vietnam under the United States-Vietnam debt agreement shall be deposited as offsetting re-

ceipts. Beginning with 2002, and each subsequent year through 2018, \$5 million of the amounts deposited into the fund (or accrued interest) each year shall be available to the Foundation.
