FINAL ORDER

On September 30, 2004, in accordance with 49 C.F.R. § 190.207, the Director, Central Region, Pipeline and Hazardous Materials Safety Administration (PHMSA), issued to Respondent a Notice of Probable Violation and Proposed Civil Penalty (Notice). The Notice proposed finding that Respondent committed two violations of 49 C.F.R. Part 195 and proposed assessing a civil penalty of \$5,000 for the alleged violations.

Respondent did not contest the allegations in the Notice and submitted a check in the amount of the proposed civil penalty (\$5,000), waiving further right to respond and authorizing the entry of this Final Order.

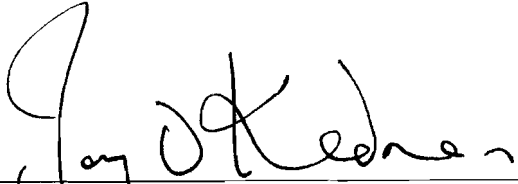

Pursuant to 49 C.F.R. § 190.213 and 49 U.S.C. § 60122, I find that Respondent violated the following sections of 49 C.F.R. Part 195, as more fully described in the Notice:

49 C.F.R. § 195.56(a) (Notice Item 1) – failing to timely file a safety-related condition report; and

49 C.F.R. § 195.56(b)(7) (Notice Item 2) – failing to provide a description and other required information about a safety-related condition and the circumstances leading to its discovery.

These findings of violation will be considered prior offenses in any subsequent enforcement action taken against Respondent. Having reviewed the record and considered the assessment criteria, I assess Respondent a civil penalty of \$5,000, already paid by Respondent.

The terms and conditions of this Final Order are effective on receipt.
