§ 525.5 Limitation on eligibility.

Any manufacturer that manufactures (whether or not in the customs territory of the United States) 10,000 or more passenger automobiles in the second model year preceding an affected model year or in the affected model year is ineligible for an exemption for that affected model year.

§ 525.6 Requirements for petition.

Each petition filed under this part must—

- (a) Identify the model year or years for which exemption is requested;
- (b) Be submitted not later than 24 months before the beginning of the affected model year, unless good cause for later submission is shown;
- (c) Be submitted in three copies to: Administrator, National Highway Traffic Safety Administration, Washington, DC 20590;
- (d) Be written in the English language;
- (e) State the full name, address, and title of the official responsible for preparing the petition, and the name and address of the manufacturer;
- (f) Set forth in full data, views and arguments of the petitioner supporting the exemption and alternative average fuel economy standard requested by the petitioner, including the information and data specified by § 525.7 and the calculations and analyses used to develop that information and data. No documents may be incorporated by reference in a petition unless the documents are submitted with the petition;
- (g) Specify and segregate any part of the information and data submitted under this part that the petitioner wishes to have withheld from public

disclosure in accordance with part 512 of this chapter.

§ 525.7 Basis for petition.

(a) The petitioner shall include the information specified in paragraphs (b) through (h) in its petition.

(b) Whether the petitioner controls, is controlled by, or is under common control with another manufacturer of passenger automobiles, and if so, the nature of that control relationship, and the total number of passenger automobiles manufactured by such other manufacturer or manufacturers.

(c) The total number of passenger automobiles manufactured or likely to be manufactured (whether or not in the customs territory of the United States) by the petitioner in the second model year immediately preceding each affected model year.

(d) For each affected model year, the petitioner's projections of the most fuel efficient production mix of vehicle configurations and base levels of its passenger automobiles which the petitioner could sell in that model year, and a discussion demonstrating that these projections are reasonable. The discussion shall include information showing that the projections are consistent with—

- (1) The petitioner's annual total production and production mix of passenger automobiles manufactured or likely to be manufactured in each of the four model years immediately preceding that affected model year;
- (2) Its passenger automobile production capacity for that affected model year;
- (3) Its efforts to comply with that average fuel economy standard; and
- (4) Anticipated consumer demand in the United States for passenger automobiles during that affected model year.

(e) For each affected model year, a description of the following features of each vehicle configuration of the petitioner's passenger automobiles to be
