Endocrine Disrupting Chemicals (EDCs) Research Program Review:
Final Report of the Subcommittee on Endocrine Disrupting Chemicals

Executive Summary

Page 14, line 11

Delete the following sentence: “The situation is further complicated by the FTE ceiling/hiring freeze currently in place throughout ORD.”

Page 14, recommendation

Delete the following text in the recommendation: “(1) lifting the FTE ceiling so that additional personnel can be hired to share the workload of the affected laboratories/centers; (2) elevating the position of the EDC Program Director to the level of the Laboratory/Center Directors; and (3) giving the EDC Program Director budget authority.”

Replace the deleted text with: “(1) hire additional personnel to share the workload of the participating laboratories; (2) elevate the position of the EDC Program Director to the level of the Laboratory/Center Directors; and (3) give the EDC Program Director budget authority.”

VI. Program Resources

Page 40, line 22

Delete the following sentences: “The situation is further complicated by the FTE ceiling currently in place throughout ORD. This prevents the addition of needed scientists to the affected laboratories.”
