<sup>1</sup>The sum of the estimates for work done by household plus work not done by household will not add to total. See appendix A.

<sup>2</sup>The total number of jobs may be greater than the sum of jobs done/not done by household since the total may also include jobs that are not reported for type of worker.

<sup>1</sup>The sum of the estimates for work done by household plus work not done by household will not add to total. See appendix A.

<sup>2</sup>The total number of jobs may be greater than the sum of jobs done/not done by household since the total may also include jobs that are not reported for type of worker.

<sup>1</sup>The sum of the estimates for work done by household plus work not done by household will not add to total. See appendix A.

<sup>2</sup>The total number of jobs may be greater than the sum of jobs done/not done by household since the total may also include jobs that are not reported for type of worker.

<sup>1</sup>The sum of the estimates for work done by household plus work not done by household will not add to total. See appendix A.

<sup>2</sup>The total number of jobs may be greater than the sum of jobs done/not done by household since the total may also include jobs that are not reported for type of worker.
