\* Census 2000 GQ type codes that are no longer valid but are included on 2006 ACS GQ sample records. FRs will conduct GQ interviews and assign valid 2006 type codes when these GQ type codes are included in monthly survey assignments.

\*\*Denotes type codes that are "adult correctional facilities" by nature, except for type code 203 which are correctional facilities intended for juveniles. All other GQ types on this list that do not have a "\*\*\*" next to their type code are "non-correctional."
