## **ARTICLE XV**

### **ABSENCES, LEAVES, VACATIONS**

#### **A. Disability Leave**

##### **1. Conditions for Use**

Disability leave may be used for absences from duty caused by personal sickness or injury of the teacher or the teacher's dependent children. A child shall be deemed a dependent child if the child is under the age of 23, and the teacher claimed the child as a dependent on his/her tax return for the calendar year immediately preceding the term of this

agreement. A teacher may be required to submit proof of such dependency upon the submission of a leave request. A teacher may also use disability leave for a child not claimed on the teacher's income-tax return for the calendar year immediately preceding the term of this agreement if the child is a relative of the teacher, under the age of 19, who lived in the teacher's home as a family member during the year immediately preceding the term of this agreement. A teacher seeking leave under this provision may be required to submit proof of such dependency. The following persons are considered relatives for use of this disability leave provision:

The teacher's birth child, stepchild, adopted child; a child who lived in the teacher's home as a family member if placed by an authorized placement agency for legal adoption; or a foster child, any child for whom the teacher has legal guardianship.

A teacher who has been employed for the previous 12 months may also use disability leave because of the serious health condition of the teacher's spouse or parent. A serious health condition means an illness, injury, impairment, or physical or mental condition that involves inpatient care in the hospital, hospice, or residential care facility or which requires continuing treatment by a health care provider.

Absences for one-half (1/2) day or less shall be charged as one-half (1/2) day. Absences for less than a day but more than one-half (1/2) shall be charged as one (1) day. Absence due to sickness or injury of a teacher's dependent children or the serious health condition of a teacher's spouse or parent shall be limited to a total of seven (7) days annually. The term "days" as used herein is defined as days on which the teacher drawing disability leave would normally have reported for duty.

## 2. Coverage

Disability leave benefits are extended to all teachers for whom deductions are made for either the Kansas City, Kansas, or Kansas State School Retirement Plans.

## 3. Annual Allowance

Except during the initial year of employment, teachers' annual disability leave shall be allowed at the following rates: **Teachers whose primary and extended contract year is 181 days to 205 days, 10 days**

**allowance; 206 to 239 days, 12 days allowance; 240 days or over, 14 days allowance.** In the event a teacher resigns during the contract year, final salary payment shall be reduced for disability leave taken in excess of any disability leave accrued plus that which is credited during the year of resignation at the rate of one day per complete month of service.

4. Initial Employment

Upon commencing service at the beginning of the first full year of school service, a teacher shall be provisionally credited with 10, 12, or 14 days of disability leave in accord with Paragraph 3. In the event of separation of services during the first year of employment, adjustment in final salary payment shall be such as to provide for the allowance of a total number of disability leave days not in excess of one day per complete month of service. Teachers commencing service during the school year shall be provisionally credited with 10, 12, or 14 days less one day for each preceding whole or major portion of a month not worked, beginning with September.

5. Accumulation of Unused Disability Leave

Unused disability leave shall be allowed to accumulate to a maximum of 185 days. Nothing in this provision shall operate so as to annul or modify any teacher's number of accumulated disability leave days existing on July 31, 1991, in excess of 185 days except that such teacher will not accumulate additional unused disability leave beyond the number of such days accumulated as of July 31, 1991.

- a. Nothing herein shall preclude the Board from granting in its discretion requests for additional disability leave to any teacher, regardless of length of service, in cases of personal emergency. In considering requests for such additional leave, the Board shall give special attention to teachers who at some time in their career have foregone disability leave accumulation by virtue of being at the maximum level of accumulation for one or more years.

6. Current Day Use After Five Days' Service

Current days of disability leave are credited on September 1, but they may not be used until after the teacher has been on duty at least five consecutive days in the current year. This restriction does not apply to

accumulated days. On the first duty day of any given year, all unused accumulated disability leave shall be available for use.

7. Physician Statement May Be Required

Any teacher absent due to illness or disability may be requested to present a licensed physician's statement indicating the nature of the illness or disability and the readiness of the teacher to resume his/her duties. Such certification shall be secured at the teacher's expense.

- a. Any teacher absent more than five consecutive days due to illness or disability shall present a statement from a physician licensed to practice medicine, indicating the nature of the illness or disability and verifying that the absentee is in good health and able to resume teaching and related duties.
- b. Any request for disability leave benefits for any absence in excess of twenty (20) working days for the same disability shall be accompanied by a comprehensive statement by a licensed physician stipulating the nature of the illness or disability necessitating the extended absence. Such statement shall be presented to the Superintendent on or before the 20th day of absence. Further review and examination by a committee of three licensed physicians employed by the Board may be required for allowance of time in excess of twenty (20) working days.

8. Loss or Preservation of Disability Leave Upon Termination

Resignation not related to Early Separation, non-renewal, or termination of employment shall automatically void all accumulated days of disability leave.

- a. A teacher who resigns in good standing from the district and then is reemployed may retain accumulated disability leave if he/she returns to work or is given a contract to return to work within twenty-four (24) months of the effective date of the teacher's resignation.

9. Abuse or Misuse of Leave

No salary shall be paid for any day's absence for which a disability is falsely reported as the cause for absence.

10. Credit Upon Retirement or Death

Upon retirement a teacher or, in the event of death, the teacher's estate shall be eligible to receive a lump sum payment for accumulated unused disability leave based on the following formula:

Total accumulated unused disability leave (not to exceed the maximum accumulation of disability leave allowed) x .75 x the base daily salary rate for the salary schedule class in which the teacher is classified at the time of retirement or death.

The maximum number of accumulated unused disability leave days for which payment may be made in accord with the above formula shall be limited as follows:

**185-205 days of employment, 120 days allowed.**

11. Injury When on Duty

Absence due to injury incurred while a teacher is on duty in the school or any other place a teacher is required to perform professional duties shall not be charged against the teacher's disability leave days if the

teacher is receiving temporary total or temporary partial worker's compensation benefits.

Upon written request, such teacher shall continue to receive salary payment less worker's compensation temporary total disability payment over the length of his/her disability to work or until the end of the contractual period whichever is shorter with his/her disability leave being charged at not less than 0.5 day increments. Permanent partial payments, either body as a whole or scheduled, shall not be deducted from salary if the teacher has returned to work following temporary total disability.

The Board shall pay salary less worker's compensation total disability payment for the length of a disability or until the end of the contractual period whichever is shorter to a teacher who is injured while physically restraining a student or who is the victim of an assault while on duty and is injured thereby.

## 12. Statement of Accumulated Leave

A statement of accumulated disability leave will be provided each teacher on each payroll warrant. Such statement is informational only and not made or given as a warranty of the number of days stated. Each teacher shall be solely responsible for determining the accuracy of the statement. The Board shall not be liable for errors, mistakes or failure to provide the statement unless due to intentional or willful fault on the part of the Board.

### **B. Health Leave**

A teacher who is unable to teach because of personal illness or physical disability and who has exhausted all disability leave available shall be granted upon request a leave of absence without pay for the duration of such illness or disability, provided, however, any such leave shall not extend beyond the current school year. This leave, at the Board's option, may be renewed for the subsequent school year upon written request of the teacher. 5. Status Upon Return from Sabbatical Leave

Upon completion of sabbatical leave, the teacher shall be reassigned in a position which is comparable to the one held when assuming sabbatical leave status, exclusive of supplemental assignments. The teacher shall retain all accumulated disability leave days but no such days shall accumulate during the period of the sabbatical leave.

6. Selection

Selection of teachers for sabbatical leave shall be made by the Superintendent or his designated representative(s). The following factors shall be considered when making the selection:

1. Merit of the applicant's proposed program;

7. Required Service Agreement

As a condition for the granting of sabbatical leave, the teacher shall sign an agreement to return to the district for at least two (2) years of service immediately following the sabbatical leave. Upon failure by the teacher to perform the required service, he/she shall repay the district the amount paid to the teacher by the district during the sabbatical leave. Such payment shall be due within ten (10) days of the teacher's failure to commence or continue his/her assigned duties.

The teacher shall not deviate from the approved program before its completion without written permission of the Superintendent. Failure to receive written permission shall result in the district immediately stopping all payments to the teacher.

**N. Political Leave**

1. Any teacher shall have the right to become a candidate for public office and to serve in such elective office unless there is a legal prohibition. An unpaid leave of absence not to exceed (two) 2 years shall be granted to any teacher upon application for the purpose of campaigning for, or serving in, a public office. **O. Disability Leave Bank**

USD 500 shall establish a disability leave bank for teachers who choose to participate. The day-to-day administration of the bank shall be the responsibility of the District. This bank shall be governed by the following regulations:

1. Participation shall be voluntary. Those who choose to participate shall contribute one (1) day of their accumulated temporary disability leave to the bank at the beginning of their period of participation.
2. Eligibility. An employee who meets the eligibility requirements and who suffers a serious health condition shall be entitled to annual use of the disability leave bank consistent with the following table:

1st year in district	no more than 30 Calendar Days
2nd year in district	no more than 60 Calendar Days
3rd year in district	no more than 90 Calendar Days
4 or more years in district	no more than 180 Calendar Days

These years of employment must be consecutive.

3. Only participating teachers are eligible to draw from the bank. The periods for which participating teachers are eligible to use days from the bank shall begin on the fourth (4) consecutive contract day of an absence for which the teacher had no accumulated temporary disability leave days. Eligibility shall continue until (1) the teacher is able to return to duty or (2) until the date which reflects the maximum number of benefit days after the date of the commencement of the disability for which use of the disability leave bank is, sought whichever occurs first. However, in no event shall a person, within a twelve-month period, be eligible for use of the disability leave bank in an amount which exceed the limitations set forth in the table of section\_2, above.

4. In no case shall additional days be granted that would extend beyond the teacher's current contract year.
5. Should the total number of days in the leave bank drop below 250, all participants who have a personal accumulation of one (1) or more temporary leave days shall contribute one (1) additional leave day to the bank.
6. Teachers may enroll in the temporary disability leave bank at the beginning of each contract year but must submit the appropriate form by October 1. Any teacher on duty from the beginning of the contract year desiring to enroll after October 1 must wait until the following year. Teachers hired after the beginning of the contract year who desire to enroll must do so within thirty (30) calendar days after their first day at work or by October 1 of the current contract year, whichever is later.
7. Once enrolled, participation remains in effect until the teacher notifies the District that the teacher desires to withdraw from participation in the bank. The period during which withdrawal is allowed coincides with the enrollment period. Any request for withdrawal from participation which is submitted during the enrollment period takes effect immediately. Any request for withdrawal from participation which is not submitted during the enrollment period takes effect at the beginning of the next enrollment period. No days previously contributed may be restored to the teacher's personal accumulation.
8. Leave days from the bank may be used only due to a serious health condition on the part of the participating employee. A serious health condition means an illness, injury, impairment, or physical or mental condition that involves inpatient care in the hospital, hospice, or residential care facility or which requires continuing treatment by a health care provider. No such days may be used due to the disability of any other person.
9. Teachers whose contracts are terminated or non-renewed in accordance with Kansas law shall not be allowed to use temporary disability leave bank days to otherwise extend their employment.
10. Teachers shall not be allowed to withdraw days from the disability leave bank for any days for which workers' compensation benefits are received.

11. Use of the Disability Leave Bank for a period in excess of two consecutive years is prohibited.

## **ARTICLE XVI**

### **EARLY SEPARATION PROGRAM**

#### **A. Definitions**

1. Year of Experience

A year of experience is a contracted year of full-time duty for at least 160 days of the regular contract year. Previous contracted administrator experience shall be counted as teaching experience. Previous experience listed as part-time shall be evaluated on the basis that two years of part-time equal one year of full-time experience.

2. Total Annual Salary

For teachers holding only a Teacher's Primary Contract, the total annual salary shall be the figure shown as annual salary on the primary contract. If the teacher holds only a part-time contract, the total annual salary shall be the average of the teacher's salary for the last three years.

If the teacher also holds an extended contract, the total annual salary shall be the amount shown as "Total Primary and Extended Contract" on the extended contract. Pay for extra-curricular duties is expressly excluded from the total annual salary.

#### **B. Eligibility**

To participate in the Early Separation Program, the teacher must meet all of the following eligibility criteria:

- a. The teacher must have been under contract to the Kansas City, Kansas Public Schools (U.S.D. 500) on or before August 1, 1996.
- b. On the year that separation is to begin, the teacher must be at least fifty-five by July 1, and no more than sixty-one years old.

- c. The teacher must have completed twenty-five years of contracted teaching experience, with at least seventeen years in U.S.D. 500.
- d. The teacher must submit to the Human Resources Office a completed Early Separation Application on or before April 30 of the year in which separation is to begin.
- e. Normally, a teacher will not be allowed to begin early separation prior to the end of the contract year. Any exceptions must be approved by the Assistant Superintendent for Human Resources.

### **C. Benefits**

- 1. Teachers approved for the early separation benefits will be paid not more than eighty-four monthly payments with payments beginning on July 1 of the year separation begins and ending on the first day of the month in which the teacher dies or becomes sixty-two years old, whichever occurs first.
- 2. The monthly benefit shall be one twelfth of the product of the teacher's experience factor and the teacher's final total annual salary. The experience factor is based on the teacher's years of experience both in and out of the district.
- 3. The teacher electing early separation, if otherwise eligible, has the right to remain a member of the Board's health insurance program of his or her choice until age sixty-five at the teacher's expense.
- 4. The early separation benefits specified in this plan are independent of any other retirement for which the teacher may be eligible from sources other than the school district.

### **D. Restrictions**

- 1. A teacher who applies for and receives pay from the Early Separation Program forfeits the right to return to full-time employment in

any capacity in U.S.D. 500. It is permissible for the teacher to be hired as a substitute in the district.

**E. Procedure for Determining Early Separation Benefit**

1. Determine the number of years of experience in U.S.D. 500. Locate the horizontal row headed by that number. If it is less than seventeen, it does not qualify. If it is greater than thirty-five, use the "35" row.
2. Determine the number of years of experience in districts other than U.S.D. 500. Credit will be given for no more than eight years outside the district. The maximum total credit shall be thirty-five years.
3. The intersection of the "U.S.D. 500" row with the "other" column is the experience factor.
4. Multiply the experience factor times the total annual salary. Divide the product by twelve to find the month benefit.

## **ARTICLE XVIII**

### **TESTING AND SUBSTANCE ABUSE**

#### **A. Drug Testing and Substance Abuse**

1. Statement of Purpose

The use of illegal drugs, on or off duty, by U.S.D. No. 500 teachers who perform safety sensitive functions is inconsistent both with the duty of all citizens to abide by the law and with the duty of care expected of teachers who drive USD 500 vehicles.

While a function of schools in a democratic society is to foster adherence to constitutional rights, U.S.D. No. 500 believes that its adherence to the constitutional rights of employees performing safety sensitive functions must be measured against its interest in regulating certain conduct of employees performing said functions to ensure the safety of the traveling public, other employees and students. Toward this end, U.S.D. No. 500 has engaged in careful analysis and has determined that its interest presents special needs beyond normal law enforcement which justify adopting a physical examination procedure designed to identify improper drug and alcohol use. The procedure selected and which is hereby implemented includes testing blood, breath, and urine as well as utilizing other diagnostic tests designed to detect alcohol and/or drugs (or drug metabolites).

The inherent difficulty in detecting drug abuse, coupled with the safety concerns such use poses to the public and our students when such abuse is committed by employees performing safety sensitive functions, mandates the implementation of a detection procedure designed to identify improper drug and alcohol use. This procedure should include, among other things, breath, blood and urinalysis testing. Furthermore, any such procedure should be targeted toward those individuals performing "safety sensitive functions" as defined below. Our goal, therefore, and the purpose of this policy is to establish and maintain a safe workplace and a healthy and efficient workforce free from the effects of drug and alcohol abuse.

The examination and detection procedures described herein are not intended to be punitive in nature. Reports of physical examination which disclose improper drug and alcohol use will not be voluntarily submitted for use in criminal prosecutions.

Notice of positive test result shall be given to the tested employee within two business days of the application of the gas chromatography mass spectrometry analysis or as soon thereafter as is practical.
  
- d. Conditions for Testing: The following circumstances and activities detail those instances in which any teachers performing safety sensitive functions will be required to submit to alcohol and/or drug testing:
  - 1. At the time of the pre-employment examination.
  
  - 2. Where two supervisors concur that probable cause exists to believe that the teacher appears to be acting in an intoxicated or impaired manner; however, if only one supervisor is available, his or her opinion alone is sufficient.
    - (A) Probable cause means that, because of the teacher's appearance or conduct, the employer has information which leads him/her to conclude with a reasonable degree of certainty that the teacher is impaired due to drug or alcohol use.
  
    - (B) In evaluating the existence of probable cause, the actions or observations of the teacher must occur while the employee is on duty.

- (C) Where probable cause is found to exist, the teacher must be taken by his/her supervisor or other designated representative immediately to an approved collection site to obtain a urine or blood sample.
- (D) Upon the collection of a probable cause blood or urine examination, the teacher will be transported to his/her home address.

problems and making referrals to appropriate treatment and rehabilitative facilities; and follow-up with individuals during the rehabilitation period to track their progress and encourage successful completion of the program. The EAP, however, shall not be involved in the collection of urine samples or the initial reporting of test results. Specifically, the EAP shall –

Provide counseling and assistance to teachers who self-refer for treatment or whose drug tests have been verified positive, and monitor the teachers' progress through treatment and rehabilitation;

Provide needed education and training to teachers on types and effects of drugs, symptoms of drug use and its impact on performance and conduct, relationship of the EAP to drug testing, and related treatment, rehabilitation, and confidentiality issues;

Ensure that confidentiality of test results and related medical treatment and rehabilitation records is maintained in accordance with this policy.

- b. Any teacher found to be using drugs shall be referred to the EAP. The EAP shall be administered separately from the testing program and shall be available to all teachers without regard to a finding of drug use. The EAP shall provide counseling or rehabilitation for all referrals, as well as education and training regarding illegal drug use.
- c. A teacher who voluntarily identifies him/himself as a user of illegal drugs or who volunteers for drug testing, prior to being identified through other means, will be considered a candidate for retention provided that said teacher obtains counseling or rehabilitation through the Employee Assistance Program and thereafter refrains from using illegal drugs and/or from the improper consumption of alcohol. However, the decision to retain the teacher rests solely within the discretion of U.S.D. No. 500.
- d. A teacher performing a safety sensitive function who is shown to have improperly consumed alcohol and/or drugs shall not be allowed to remain on duty in a safety sensitive position prior to the successful completion of rehabilitation through the Employee Assistance Program. However, as part

of rehabilitation or counseling, the Assistant Superintendent for Human Resources may, in his or her discretion, allow a teacher to return to duty in a safety sensitive position if it is determined that this action would not pose a danger to public health or safety or the safety of students and other employees.

- a. The laboratory may disclose laboratory test results only to the Medical Review Officer or the staff of the Medical Review Officer. Any positive result which the Medical Review Officer justifies by acceptable and appropriate medical or scientific documentation to account for the result as other than the intentional ingestion of an illegal drug will be treated as a negative test result and may not be released for purposes of identifying illegal drug use. ## MEMORANDUM OF UNDERSTANDING

Unified School District No. 500, Kansas City, Wyandotte County, Kansas, (“USD. 500”) and the Kansas City, Kansas, NEA (“NEA-KCK”), the exclusive bargaining unit for Teachers employed by USD. 500, pursuant to Kansas law, have met and conferred, in good-faith, in collective negotiations applicable to the terms and conditions of professional service for **the contract period beginning August 1, 2005 and ending July 31, 2007.**

Specifically, the parties have adopted the Interest-Based Bargaining method as their negotiation modality. This collaborative endeavor has resulted in the parties adoption of a Collective Bargaining Agreement and a Memorandum of Understanding which is to govern the conduct of the parties for the contract period. **The parties remain committed to the collaborative philosophy of IBB. As such the parties will undertake measures to enhance community and communication among the bargaining unit and the bargaining teams.**

With respect to the above-referenced agreement and understanding, the parties agree that only the Collective Bargaining Agreement shall be subject to the Kansas Professional Negotiations Act, K.S.A., 72-5413 et.seq. and that the topics addressed by this Memorandum of Understanding do not reflect a waiver of or encroachment upon

those items reserved to USD. 500 which are not mandatorily negotiable. Subject to these conditions, the parties agree and understand as follows:

**Section 1.** The parties declare their commitment to the ideals expressed in the No Child Left Behind Act of 2001 (NCLBA). The Act seeks to reform the Elementary and Secondary Education Act (ESEA) enacted in 1965. The NCLBA redefines the federal role in K-12 education and is designed to assist in closing the achievement gap between disadvantaged and minority students and their peers. The NCLBA is based on four basic principles: stronger accountability for results, increased flexibility and local control, expanded options for parents, and an emphasis on teaching methods that have been proven to work.

**Section 2.** Under NCLBA, each local school system receiving assistance with Title I funds must ensure that all teachers hired and teaching in a school supported by Title I funds are highly qualified. This means those teachers hired in a Title I "school-wide" program or a Title I teacher in a "Targeted Assistance" program must meet the highly qualified criteria. In "school-wide" programs, this applies to all teachers and for a "Targeted Assistance" program, it applies to those paid with Title I funds. Teachers hired in core academic subjects have until the end of the 2005-06 school year to meet the requirements for a highly qualified teacher. The parties agree to work collaboratively toward these ends **and other matters mutually identified by the parties.**

**Section 3.** With respect to the requirements of NCLBA, USD 500 and NEA-KCK agrees to provide materials to teachers regarding meeting the requirements for a highly

qualified teacher designation. USD 500 further agrees to use the Staff Information Packet and Principal Information Packet to publish periodic NCLBA updates. NEA-KCK will provide similar updates. These updates shall contain technical information as well as information communicating support of the efforts of USD 500 teaching staff to meet NCLBA requirements. USD 500 and NEA-KCK agree to approach local universities about providing, in USD 500 facilities, classes in support of NCLBA highly qualified teacher requirements. Additionally, USD 500 NEA-KCK agrees to provide teachers with materials designed to increase teacher awareness of their professional obligation to supervise paraprofessional teachers and aides. USD 500 will also design and implement, as appropriate, joint training opportunities for teachers and administrators.

**ISSUE III. IMPROVE RECORDS PREPARATION CLAUSE SO AS TO ENSURE AGAINST ABUSE AND PROVIDE A MEANINGFUL AND ADEQUATE OPPORTUNITY TO COMMUNICATE STUDENT ACHIEVEMENT**

**UNDERSTANDING:**

The IBB team recognizes the importance of teacher planning time. The importance of planning time has been affirmed by the USD No. 500 Board of Education and the National Education Association of Kansas City, Kansas Inc. Without question, within USD No. 500, many positive educational advances and innovations have been borne out of an effective use of teacher planning time and the administration of procedures and policies designed to foster and encourage an appropriate use of teacher planning time.

That said, the IBB team is aware of periodic tensions that have resulted from staffing realities, increased need for student attention and the use of teacher planning time. This tension has often manifested itself in a perception that planning time gives way to other concerns. The perception is unfortunate as are its consequences and should be immediately addressed. It is significant that this issue has been discussed by the parties, at some length, over the past four years. Yet, resolution has been slow in coming with the school district and NEA-KCK expressing concern that alleged abuses are not always timely reported. Nonetheless, the parties have agreed to work together in providing close scrutiny of these concerns and to submit joint recommendations to the Superintendent regarding strategies designed to encourage, protect, and effect a meaningful use of teacher planning time.

USD No. 500 Administration shall issue no less than four administrative advisories each of the next two school terms expressing the Administration's assurance to protect the integrity of planning time and encouraging school administrators to be creative when responding to staffing and student challenges. Particularly, school administrators will be discouraged from unnecessary encroachment upon a teacher's planning time or the use of planning time for matters inconsistent with endeavors designed to foster and improve student learning. For its part, NEA-KCK shall send out no less than four advisories during each of the next two school terms the advising its members of the consequences for abuse of planning time and further encouraging that planning time be used for only the endeavors designed to foster and improve student development and other relevant educational objectives. Both the school administration and NEA-KCK recognize that issues relating to the proper use of teacher planning time should be addressed periodically throughout the year rather than waiting until the end of each academic term. Therefore, each side promises to bring concerns regarding the use of teacher planning time to the attention of the other as individual circumstances require.

## **ISSUE V. REDUCTION OF PAPERWORK**

### **UNDERSTANDING:**

An instructional team comprised of teachers and administrators will count and review the number of forms/documents teachers must complete on a regular basis. This team should endeavor to suggest initiatives designed to reduce these forms. The team suggestions should include a careful analysis discussing how technology might be employed to assist in reducing the administrative burdens placed on teachers. The team should specifically explore alternatives which include the creation of a main/central data base which would have a multiple application. In plain language, we strongly recommend that substantial resources be dedicated to the development of one data file from which the needs of most, if not all, district reporting/log data can be accessed and/or compiled.

## **ISSUE VI. SCHEDULE ACCOMODATIONS.**
