

§ 1315.18

5 CFR Ch. III (1-1-02 Edition)

date or the date specified in the contract.

(2) Agencies may use a rebate spreadsheet which automatically calculates the net savings to the government and whether the agency should pay early or late. The only variables required for input to this spreadsheet are the CVF rate, the Maximum Discount Rate, that is, the rate from which daily basis points offered by the card issuer are derived, and the amount of debt. This spreadsheet is available for use on the prompt payment website at www.fms.treas.gov/prompt/index/.html.

(3) If agencies chose not to use the spreadsheet, the following may be used to determine whether to pay early or late. To calculate whether to pay early or late, agencies must first determine the respective basis points. To obtain Daily Basis Points offered by card issuer, refer to the agency's contract with the card issuer. Use the following formula to calculate the average daily basis points of the CVF rate:

(CVF/360) * 100

(4) For example: The daily basis points offered to agency X by card issuer Y are 1.5 basis points. That is, for every day the agency delays paying the card issuer the agency loses 1.5 basis points in savings. At a CVF of 5 percent, the daily basis points of the Current Value of Funds Rate are 1.4 basis points. That is, every day the agency delays paying, the government earns 1.4 basis points. The basis points were calculated using the formula:

(CVF/360) * 100
(5/360) * 100 = 1.4

(5) Because 1.5 is greater than 1.4, the agency should pay as early as possible. If the basis points offered by the card issuer are less than the daily basis points of the government's funds (if for instance the rebate equaled 1.3 basis points and the CVF was still 1.4 basis points or if the rebate equaled 1.5 but the CVF equaled 1.6), the government will minimize costs by paying as late as possible, but by the payment due date.

(b) *Daily simple interest formula.* (1) To calculate daily simple interest the following formula may be used:

P(r/360*d)

Where:

P is the amount of principle or invoice amount;

r equals the Prompt Payment interest rate; and

d equals the numbers of days for which interest is being calculated.

(2) For example, if a payment is due on April 1 and the payment is not made until April 11, a simple interest calculation will determine the amount of interest owed the vendor for the late payment. Using the formula above, at an invoice amount of \$1,500 paid 10 days late and an interest rate of 6.5%, the amount of interest owed is calculated as follows:

\$1,500 (.065/360*10) = \$2.71

(c) *Monthly compounding interest formula.* (1) To calculate interest as required in §1315.10(a)(3), the following formula may be used:

P(1+r/12) ***(1+(r/360*d)) - P

Where:

P equals the principle or invoice amount;

r equals the interest rate;

n equals the number of months; and

d equals the number of days for which interest is being calculated.

(2) The first part of the equation calculates compounded monthly interest. The second part of the equation calculates simple interest on any additional days beyond a monthly increment.

(3) For example, if the amount owed is \$1,500, the payment due date is April 1, the agency does not pay until June 15 and the applicable interest rate is 6 percent, interest is calculated as follows:

\$ 1,500(1+.06/12)² *(1+(0.06/360*15)) - \$1,500 = \$18.83

§ 1315.20 Application of Section 1010 of the National Defense Authorization Act for Fiscal Year 2001.

Section 1010 of the National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398, 114 Stat. 1654) requires an agency to pay an interest penalty whenever the agency makes an interim payment under a cost-reimbursement contract for services more than 30 days after the date the agency receives a proper invoice for payment from the contractor. This part implements Section 1010 and is applicable in the following manner:

(a) This part shall apply to all interim payment requests received under cost-reimbursement service contracts awarded on or after December 15, 2000.

(b) This part may be applied, at the discretion of the agency, to interim

payment requests received under cost-reimbursement service contracts awarded before December 15, 2000. However, no interest penalty shall accrue under this part for any delay in payment that occurs prior to December 15, 2000.

(c) Agencies are authorized to issue modifications to contracts, as necessary, to conform them to the provisions in this part implementing Section 1010.
