Table A1-2.1. Employees Taking Leave: 1995 and 2000 Surveys

|  | 1995 <br> Survey | 2000 <br> Survey |
| :--- | :---: | :---: |
| Number of employees taking leave (for a <br> covered reason) in the previous 18 months** | $20,359,000$ | $23,830,000$ |
| Percent of employee population | $16.0 \%$ | $16.5 \%$ |

** Difference between 1995 and 2000 is significant at $\mathrm{p}<.05$.
Source: 1995 and 2000 Survey of Employees.

Table A1-2.2. Length of Second Longest Leave: 2000 Survey

| Length of Second Longest Leave | Percent of Those Taking <br> More Than One Leave |
| :--- | :---: |
| $1-3$ days | $42.9 \%$ |
| $4-5$ days | $26.3 \%$ |
| $6-10$ days | $14.1 \%$ |
| $11-20$ days | $7.4 \%$ |
| More than 20 days | $9.4 \%$ |
| Number of Leave-Takers Taking | $\mathbf{5 , 6 7 6 , 5 2 4}$ |
| More Than One Leave |  |

Note: Column percents may not total to $100 \%$ due to rounding.
Source: 2000 Survey of Employees.

Table A1-2.3. Reasons for Taking Leave Across All Leaves Taken in Previous 18 Months: 2000 Survey

| Reason for Leave | Percent of <br> Leave-Takers |
| :--- | :---: |
| Own health | $52.4 \%$ |
| Maternity-disability | $7.9 \%$ |
| Care for a newborn, newly adopted, or newly | $18.5 \%$ |
| placed foster child | $11.5 \%$ |
| Care for ill child | $6.4 \%$ |
| Care for ill spouse | $13.0 \%$ |
| Care for ill parent |  |

Note: Percentages sum to more than $100 \%$ due to some persons taking more than one leave.
Source: 2000 Survey of Employees.

Table A1-2.4. Reasons for Taking Leave Across All Leaves Taken, Based on Total Employee Population: 2000 Survey

| Reason for Leave | Percent of <br> All Employees |
| :--- | :---: |
| Own health | $8.7 \%$ |
| Maternity-disability | $1.3 \%$ |
| Care for a newborn, newly adopted, or newly | $3.1 \%$ |
| placed foster child |  |
| Care for ill child | $1.9 \%$ |
| Care for ill spouse | $1.1 \%$ |
| Care for ill parent | $2.2 \%$ |

Source: 2000 Survey of Employees.

Table A1-2.5. Employees' Reasons for Taking Longest Leave: 1995 and 2000 Surveys

| Reason for Longest Leave | Percent of Leave-Takers |  |
| :--- | :---: | :---: |
|  | $\mathbf{1 9 9 5}$ | $\mathbf{2 0 0 0}$ <br> Survey |
| Own health** | $61.4 \%$ | $47.2 \%$ |
| Maternity-disability** | $4.6 \%$ | $7.8 \%$ |
| Care for a newborn, newly adopted, |  |  |
| or newly placed foster child | $14.3 \%$ | $17.9 \%$ |
| Care for ill child | $8.5 \%$ | $9.8 \%$ |
| Care for ill spouse** | $3.6 \%$ | $5.9 \%$ |
| Care for ill parent** | $7.6 \%$ | $11.4 \%$ |

** Difference between 1995 and 2000 surveys is significant at $\mathrm{p}<05$. Note: Column percents may not total to $100 \%$ due to rounding. Source: 1995 and 2000 Survey of Employees.

Table A1-2.6. Employees' Reasons for Second Longest Leave: 2000 Survey

| Reason for Second Longest Leave | Percent of Persons <br> Taking More Than <br> One Leave |
| :--- | :---: |
| Own health | $55.8 \%$ |
| Maternity-disability | -- |
| Care for a newborn, newly adopted, or newly | $5.1 \%$ |
| placed foster child | $20.1 \%$ |
| Care for ill child | $4.2 \%$ |
| Care for ill spouse | $13.0 \%$ |
| Care for ill parent |  |

-- Indicates less than 10 unweighted cases.
Note: Column percents may not total to $100 \%$ due to rounding.
Source: 2000 Survey of Employees.

Table A1-2.7. Length of Longest Leave by Reason for Leave: 2000 Survey

| Length of Longest Leave** (in work days) | Percent of Leave-Takers for Each Reason |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Own Health | MaternityDisability | Care for Newborn, Newly Adopted or Foster Child | Care for III Child | Care for III Spouse | Care for III Parent |
| 1-3 days | 8.2\% | -- | 10.0\% | 26.0\% | 24.0\% | 17.4\% |
| 4-5 days | 17.1\% | -- | 27.5\% | 23.7\% | 38.3\% | 32.2\% |
| 6 - 10 days | 18.7\% | -- | 17.6\% | 31.9\% | 19.9\% | 30.9\% |
| 11-30 days | 25.1\% | 18.1\% | 13.5\% | 14.0\% | -- | 13.1\% |
| 31-60 days | 19.4\% | 39.7\% | 21.7\% | -- | -- | -- |
| More than 60 days | 11.4\% | 28.7\% | 9.8\% | -- | -- | -- |

** Difference among reasons for leave is significant at p<.05.
-- Indicates less than 10 unweighted cases.
Note: Column percents may not total to $100 \%$ due to rounding.
Source: 2000 Survey of Employees.

Table A1-2.8. Use of Intermittent Leave: 2000 Survey

| Leave-Takers Who: | Percent of <br> Leave-Takers |
| :--- | :---: |
| Took intermittent leave at least once in |  |
| previous 18 months | $27.8 \%$ |
| Did not take intermittent leave | $72.2 \%$ |

Source: 2000 Survey of Employees.

Table A1-2.9. Amount of Leave that was Intermittent: 2000 Survey

| Amount of Leave that <br> was Intermittent | Percent of Leave- <br> Takers Taking <br> Intermittent Leave |
| :--- | :---: |
| Less than half | $53.9 \%$ |
| About half | $19.6 \%$ |
| More than half | $26.4 \%$ |

Notes: Column percents based on the $27.8 \%$ of leave-takers who reported taking intermittent leave.
Percents may not total to $100 \%$ due to rounding.
Source: 2000 Survey of Employees.

Table A1-2.10. Intermittent Use of Longest Leave: 2000 Survey

| Leave-Takers' Longest Leave Was: | Percent of Leave- <br> Takers |
| :--- | :---: |
| Intermittent | $20.8 \%$ |
| Not intermittent | $79.2 \%$ |

Source: 2000 Survey of Employees.

Table A1-2.11. Use of Longest Intermittent Leave on a Routine or As-Needed Basis: 2000 Survey

| Intermittent Leave was Taken as: | Percent of Those <br> Whose (Longest) <br> Leave was Intermittent |
| :--- | :---: |
| Regular routine | $13.4 \%$ |
| As-needed | $86.6 \%$ |

Source: 2000 Survey of Employees.

Table A1-2.12. Intermittent Use of Longest Leave by Reason for Leave: 2000 Survey

| Reason for Longest Leave** | Percent of Leave-Takers <br> Whose Leave was <br> Intermittent | Percent of Leave-Takers <br> Whose Leave was <br> Not Intermittent |
| :--- | :---: | :---: |
| Own health | $35.1 \%$ | $50.3 \%$ |
| Maternity-disability | $4.9 \%$ | $8.6 \%$ |
| Care for a newborn, newly <br> adopted, or newly placed foster <br> child | $13.2 \%$ | $19.1 \%$ |
| Care for ill child | $19.1 \%$ | $7.4 \%$ |
| Care for ill spouse | $8.9 \%$ | $5.1 \%$ |
| Care for ill parent | $18.7 \%$ | $9.6 \%$ |

** Difference between "intermittent" and "not intermittent" categories is significant at p<. 05 . Note: Column percents may not total to $100 \%$ due to rounding.
Source: 2000 Survey of Employees.

Table A1-2.13. Intermittent Use of Longest Leave Within Reasons for Leave: 2000 Survey

| Reason for Longest Leave** | Percent of Leave-Takers Within <br> Each Reason Whose Longest <br> Leave Was: |  |
| :--- | :---: | :---: |
|  | Intermittent | Not Intermittent |
| Own health | $15.0 \%$ | $85.0 \%$ |
| Maternity-disability | $12.7 \%$ | $87.3 \%$ |
| Care for a newborn, newly adopted, | $14.9 \%$ | $85.1 \%$ |
| or newly placed foster child | $39.5 \%$ | $60.5 \%$ |
| Care for ill child | $30.9 \%$ | $69.1 \%$ |
| Care for ill spouse | $33.1 \%$ | $66.9 \%$ |
| Care for ill parent |  |  |

** Difference between reasons categories is significant at $\mathrm{p}<.05$.

Table A1-2.14. Employees Needing But Not Taking Leave: 1995 and 2000 Surveys

|  | Persons Not Taking Leave |  |
| :--- | :---: | :---: |
|  | 1995 <br> Survey | $\mathbf{2 0 0 0}$ <br> Survey |
| Number of employees needing but <br> not taking leave (for a covered <br> reason) in the previous 18 months <br> Percent of employee population** | $3,925,056$ | $3,520,177$ |

** Difference between 1995 and 2000 significant at $\mathrm{p}<.05$.
Source: 1995 and 2000 Survey of Employees.

Table A1-2.15. Number of Leaves Needed But Not Taken: 2000 Survey

|  | Percent of <br> Leave-Needers |
| :--- | :---: |
| 1 leave | $44.4 \%$ |
| 2 leaves | $25.0 \%$ |
| 3 - 4 leaves | $18.9 \%$ |
| 5 or more leaves | $11.8 \%$ |

Note: Column percents may not total to $100 \%$ due to rounding. Source: 2000 Survey of Employees.

Table A1-2.16. Reasons for Needing Leave: 1995 and 2000 Surveys

| Reason for Needing Leave | Percent of Leave-Needers |  |
| :--- | :---: | :---: |
|  | 1995 <br> Survey | $\mathbf{2 0 0 0}$ <br> Survey |
| Own health | $47.7 \%$ | $48.1 \%$ |
| Maternity-disability | -- | -- |
| Care for a newborn, newly adopted, | $9.3 \%$ | $9.3 \%$ |
| or newly placed foster child | $18.6 \%$ | $19.6 \%$ |
| Care for ill child | $10.2 \%$ | $9.0 \%$ |
| Care for ill spouse | $20.2 \%$ | $22.6 \%$ |
| Care for ill parent |  |  |

-- Indicates less than 10 unweighted cases.
Note: Column percentages sum to more than $100 \%$ due to some persons needing leave for more than one reason.
Source: 1995 and 2000 Survey of Employees.

Table A1-2.17. Reasons for Not Taking Leave: 1995 and 2000 Surveys

| Reason for Not Taking Leave | Percent of Leave-Needers |  |
| :--- | :---: | :---: |
|  | 1995 <br> Survey | $\mathbf{2 0 0 0}$ <br> Survey |
| Thought job might be lost | $29.7 \%$ | $31.9 \%$ |
| Thought job advancement might be hurt** | $22.8 \%$ | $42.6 \%$ |
| Did not want to lose seniority** | $15.1 \%$ | $27.8 \%$ |
| Not eligible—worked part-time | $14.3 \%$ | $12.3 \%$ |
| Not eligible—had not worked long |  |  |
| enough for employer | $\mathrm{N} / \mathrm{A}$ | $18.4 \%$ |
| Employer denied request** | $9.9 \%$ | $20.8 \%$ |
| Could not afford to take leave** | $65.9 \%$ | $77.6 \%$ |
| Wanted to save leave time | $28.5 \%$ | $34.3 \%$ |
| Work is too important** | $40.8 \%$ | $52.6 \%$ |
| Some other reason | $\mathrm{N} / \mathrm{A}$ | $13.2 \%$ |

** Difference between 1995 and 2000 is significant at $\mathrm{p}<.05$.
NA Indicates reason not asked about in 1995 survey.
Note: Percentages sum to more than $100 \%$ due to some persons reporting multiple reasons for not taking leave.
Source: 1995 and 2000 Survey of Employees.

Table A1-2.18. Perceived Impact of Pay on Leave-Needers: 2000 Survey

| Perceived Impact of Pay | Percent of Leave-Needers <br> Who Could Not Afford to <br> Take Leave |
| :--- | :---: |
| Would have taken leave if some/additional pay <br> had been received | $87.8 \%$ |
| Would not have taken leave if some/additional <br> pay had been received | $12.2 \%$ |

Source: 2000 Survey of Employees.

Table A1-2.19. How Leave-Needers Took Care of Their Situation: 2000 Survey

|  | Percent of <br> Leave-Needers |
| :--- | :---: |
| Just lived with it/Suffered through it | $44.1 \%$ |
| Got help from others (family, friends) | $25.0 \%$ |
| Altered work (schedule, duties, etc.) | $12.2 \%$ |
| Took some time off | $13.1 \%$ |
| Did something else | $5.7 \%$ |

Note: Column percents may not total to $100 \%$ due to rounding. Source: 2000 Survey of Employees.

CHAPTER 6
TABLES DISPLAYED IN TEXT

Table A1-6.1. Covered Establishments' Sources of Information About FMLA: 1995 and 2000 Surveys

|  | Percent of Covered <br> Establishments |  |
| :--- | :---: | :---: |
|  | $\mathbf{1 9 9 5}$ <br> Survey | $\mathbf{2 0 0 0}$ <br> Survey |
| U.S. Department of Labor** | $53.9 \%$ | $83.1 \%$ |
| The media | $66.4 \%$ | $54.2 \%$ |
| A trade or business group | $70.3 \%$ | $68.3 \%$ |
| An attorney or consultant** | $57.0 \%$ | $77.9 \%$ |
| A union | $3.0 \%$ | $3.2 \%$ |
| Employees | $3.3 \%$ | $10.0 \%$ |
| The Internet | NA | $48.8 \%$ |
| Existing company policies or practices | NA | $89.4 \%$ |
| Some other source | $20.5 \%$ | $12.4 \%$ |

** Difference between 1995 and 2000 is significant at $\mathrm{p}<05$.
NA - Indicates item not asked in 1995 survey.
Notes: Percents do not total to $100 \%$ because a respondent could answer "yes" to more than one source.
1995 survey asked about initial sources of information on the FMLA.
Source: 1995 and 2000 Survey of Establishments.

Table A1-6.2. How Employees First Learned About the Family and Medical Leave Act: 2000 Survey

|  | Percent of <br> Employees Aware <br> of FMLA |
| :--- | :---: |
| Media (TV, newspapers, etc.) | $42.5 \%$ |
| Co-workers | $5.0 \%$ |
| Employer gave out information | $38.4 \%$ |
| Posters | $3.6 \%$ |
| Internet | -- |
| Family member | $2.7 \%$ |
| Union gave out information | $1.4 \%$ |
| Other way | $6.3 \%$ |

-- Indicates less than 10 unweighted cases.
Source: 2000 Survey of Employees.

Table A1-6.3. Methods Used to Cover Work When an Employee Takes Leave for a Week or Longer: 1995 and 2000 Surveys

|  | Percent of Covered <br> Establishments |  |
| :--- | :---: | :---: |
|  | $\mathbf{1 9 9 5}$ | $\mathbf{2 0 0 0}$ |
| Survey | Survey |  |
| Assigning work temporarily to other employees | $97.1 \%$ | $98.3 \%$ |
| Hiring an outside temporary replacement** | $60.5 \%$ | $41.3 \%$ |
| Hiring a permanent replacement* | $11.8 \%$ | $4.4 \%$ |
| Putting work on hold until the employee returns from leave | $19.2 \%$ | $15.5 \%$ |
| Having the employee perform some work while on leave | $13.9 \%$ | $9.0 \%$ |
| Some other method | $1.9 \%$ | $10.6 \%$ |

* Difference between 1995 and 2000 is significant at $\mathrm{p}<.10$.
** Difference between 1995 and 2000 is significant at $\mathrm{p}<05$.
Note: Percents do not total to $100 \%$ because a respondent could answer "yes" to more than one source.
Source: 1995 and 2000 Survey of Establishments.

Table A1-6.4. Effects of FMLA-Related Administrative Activities: 1995 and 2000 Surveys

|  | Percent of Covered Establishments |  |
| :---: | :---: | :---: |
|  | $\begin{gathered} 1995 \\ \text { Survey } \\ \hline \end{gathered}$ | 2000 Survey |
| Maintaining Additional Record-Keeping <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & 76.0 \% * \\ & 24.0 \%^{*} \end{aligned}$ | $\begin{aligned} & \text { 62.0\% } \\ & 38.0 \% \end{aligned}$ |
| Determining Whether the Act Applies to the Organization <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{array}{r} 91.8 \% \\ 8.2 \% \end{array}$ | $\begin{aligned} & 86.0 \% \\ & 14.0 \% \end{aligned}$ |
| Determining Whether Certain Employees are Eligible <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{gathered} 92.0 \% * * \\ 8.0 \%^{* *} \\ \hline \end{gathered}$ | $\begin{aligned} & 83.4 \% \\ & 16.6 \% \end{aligned}$ |
| Coordinating State and Federal Leave Policies <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & 81.1 \%^{* *} \\ & 18.9 \%^{* *} \end{aligned}$ | $\begin{aligned} & 57.1 \% \\ & 42.9 \% \end{aligned}$ |
| Coordinating the Act with Other Federal Laws <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & 74.3 \% * * \\ & 25.7 \%^{* *} \end{aligned}$ | $\begin{aligned} & 47.2 \% \\ & 52.8 \% \\ & \hline \end{aligned}$ |
| $\qquad$ | $\begin{aligned} & 78.9 \%^{* *} \\ & 21.1 \%^{* *} \\ & \hline \end{aligned}$ | $\begin{aligned} & 59.9 \% \\ & 40.1 \% \\ & \hline \end{aligned}$ |
| Coordinating the Act with Employee Attendance Policies <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & \text { NA } \\ & \text { NA } \end{aligned}$ | $\begin{aligned} & 65.5 \% \\ & 34.5 \% \\ & \hline \end{aligned}$ |
| Administering FMLA's Notification, Designation, and Certification Requirements <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & \text { NA } \\ & \text { NA } \end{aligned}$ | $\begin{aligned} & 45.6 \% \\ & 54.4 \% \end{aligned}$ |
| Determining if a Health Condition is a Serious Health Condition Under FMLA <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & \text { NA } \\ & \text { NA } \end{aligned}$ | $\begin{aligned} & 57.7 \% \\ & 42.3 \% \end{aligned}$ |
| Overall Ease of Complying with FMLA <br> Very/Somewhat easy <br> Very/Somewhat difficult | $\begin{aligned} & 85.1 \%^{* *} \\ & 14.9 \%^{* *} \end{aligned}$ | $\begin{aligned} & 63.6 \% \\ & 36.4 \% \end{aligned}$ |

(1) In the 1995 survey, item wording was "pre-existing" rather than "other."

* Difference between 1995 and 2000 is significant at p<.10.
** Difference between 1995 and 2000 is significant at $p<.05$.
NA Indicates item not asked in 1995 survey.
Note: Column percents may not total to $100 \%$ due to rounding.
