

Free Public Lecture

California Rock and Roll

Viewing and Touring the San Andreas Fault system in 3-D*

By Phil Stoffer, geologist

- Experience a virtual tour of the San Andreas Fault with classic 1950s 3-D* images
- Discover some basic facts and features of California geology
- Learn of public places to explore the San Andreas Fault in the Bay Area—and beyond
- Grasp how 3-D* images can markedly enhance remote interpretation of landscapes

You will be offered an opportunity to join a field trip on July 23 to explore and examine the San Andreas Fault in Sanborn County Park

*** 3-D glasses will be provided at the lecture**

Thursday, July 21, 2005, 7 p.m.
USGS, Building Three, Menlo Park, CA
