

I WONDER WHERE  
**ALL THAT STUFF**  
ENDS UP

**Excess Lawn Fertilizer** can be washed away in heavy rains and end up in your streams! Learn why it's a problem and how you can be part of the solution.

**If it's on the ground  
it's in your water**

Commonwealth Water Education Project

This work was funded in part through a grant from the U.S. Environmental Protection Agency to the Kentucky Division of Water and University of Louisville to Western Kentucky University
