

Regional Smoke Management

What Does it Look Like?

Angel McCormack,
EPA/NPT

Goal and Objectives

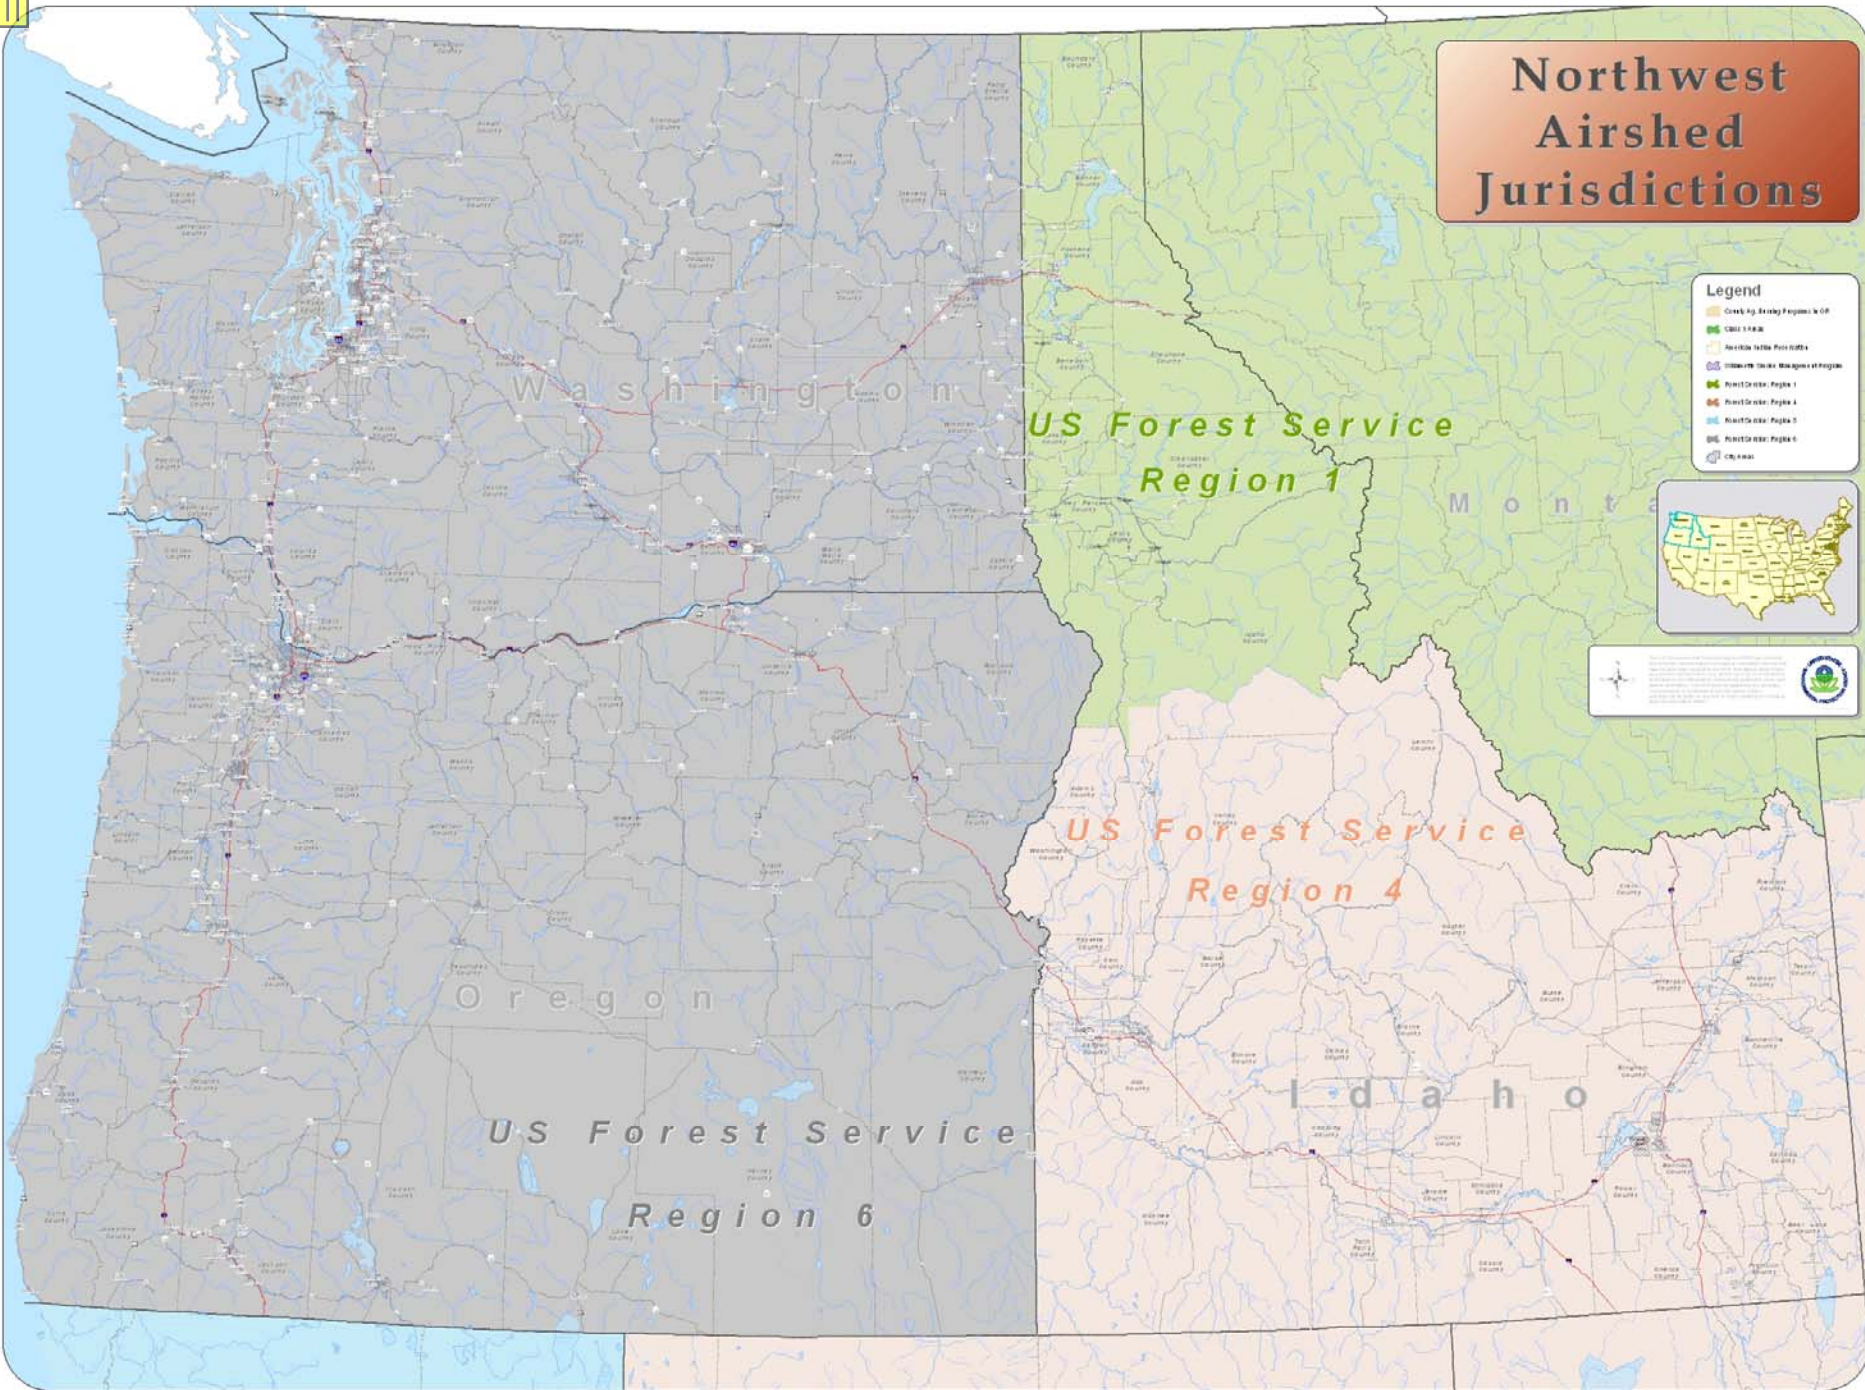

- Identify and discuss regional coordination
- Discuss strategies to improve communication and coordination between smoke managers, burners, and the public in shared airsheds.
- Show a pictorial version of a few of the jurisdictions in the region.

Northwest Airshed Jurisdictions

Northwest Airshed Jurisdictions

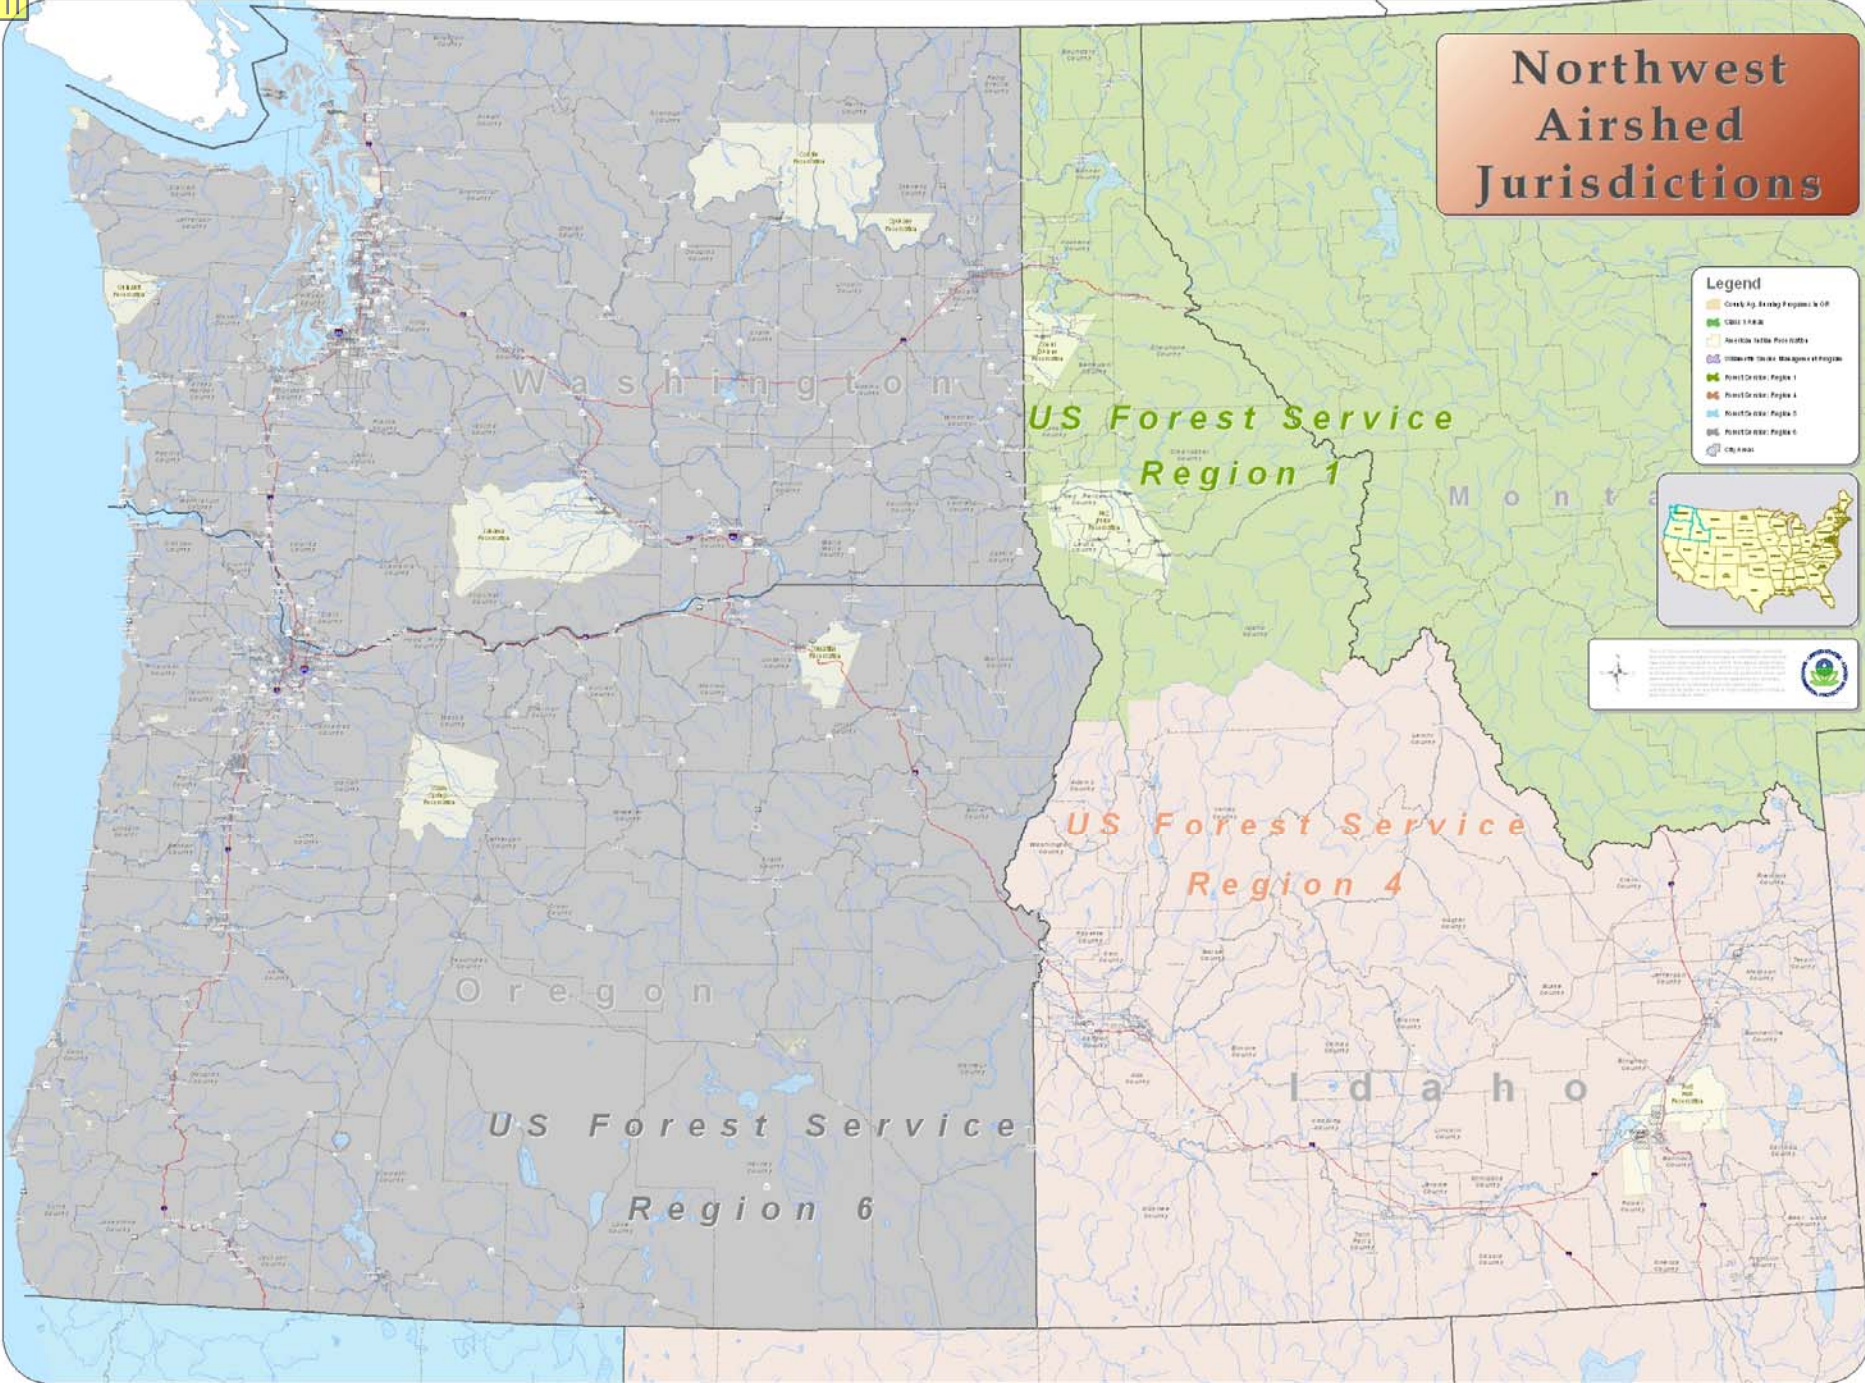

- Legend**
- County Air Quality Program in OAP
 - CAGI 1 & 2
 - Nonattainment Areas
 - Attainment Status Management Program
 - Forest Service Region 1
 - Forest Service Region 4
 - Forest Service Region 6
 - CAQMA
 - CAQMA

Northwest Airshed Jurisdictions

Legend

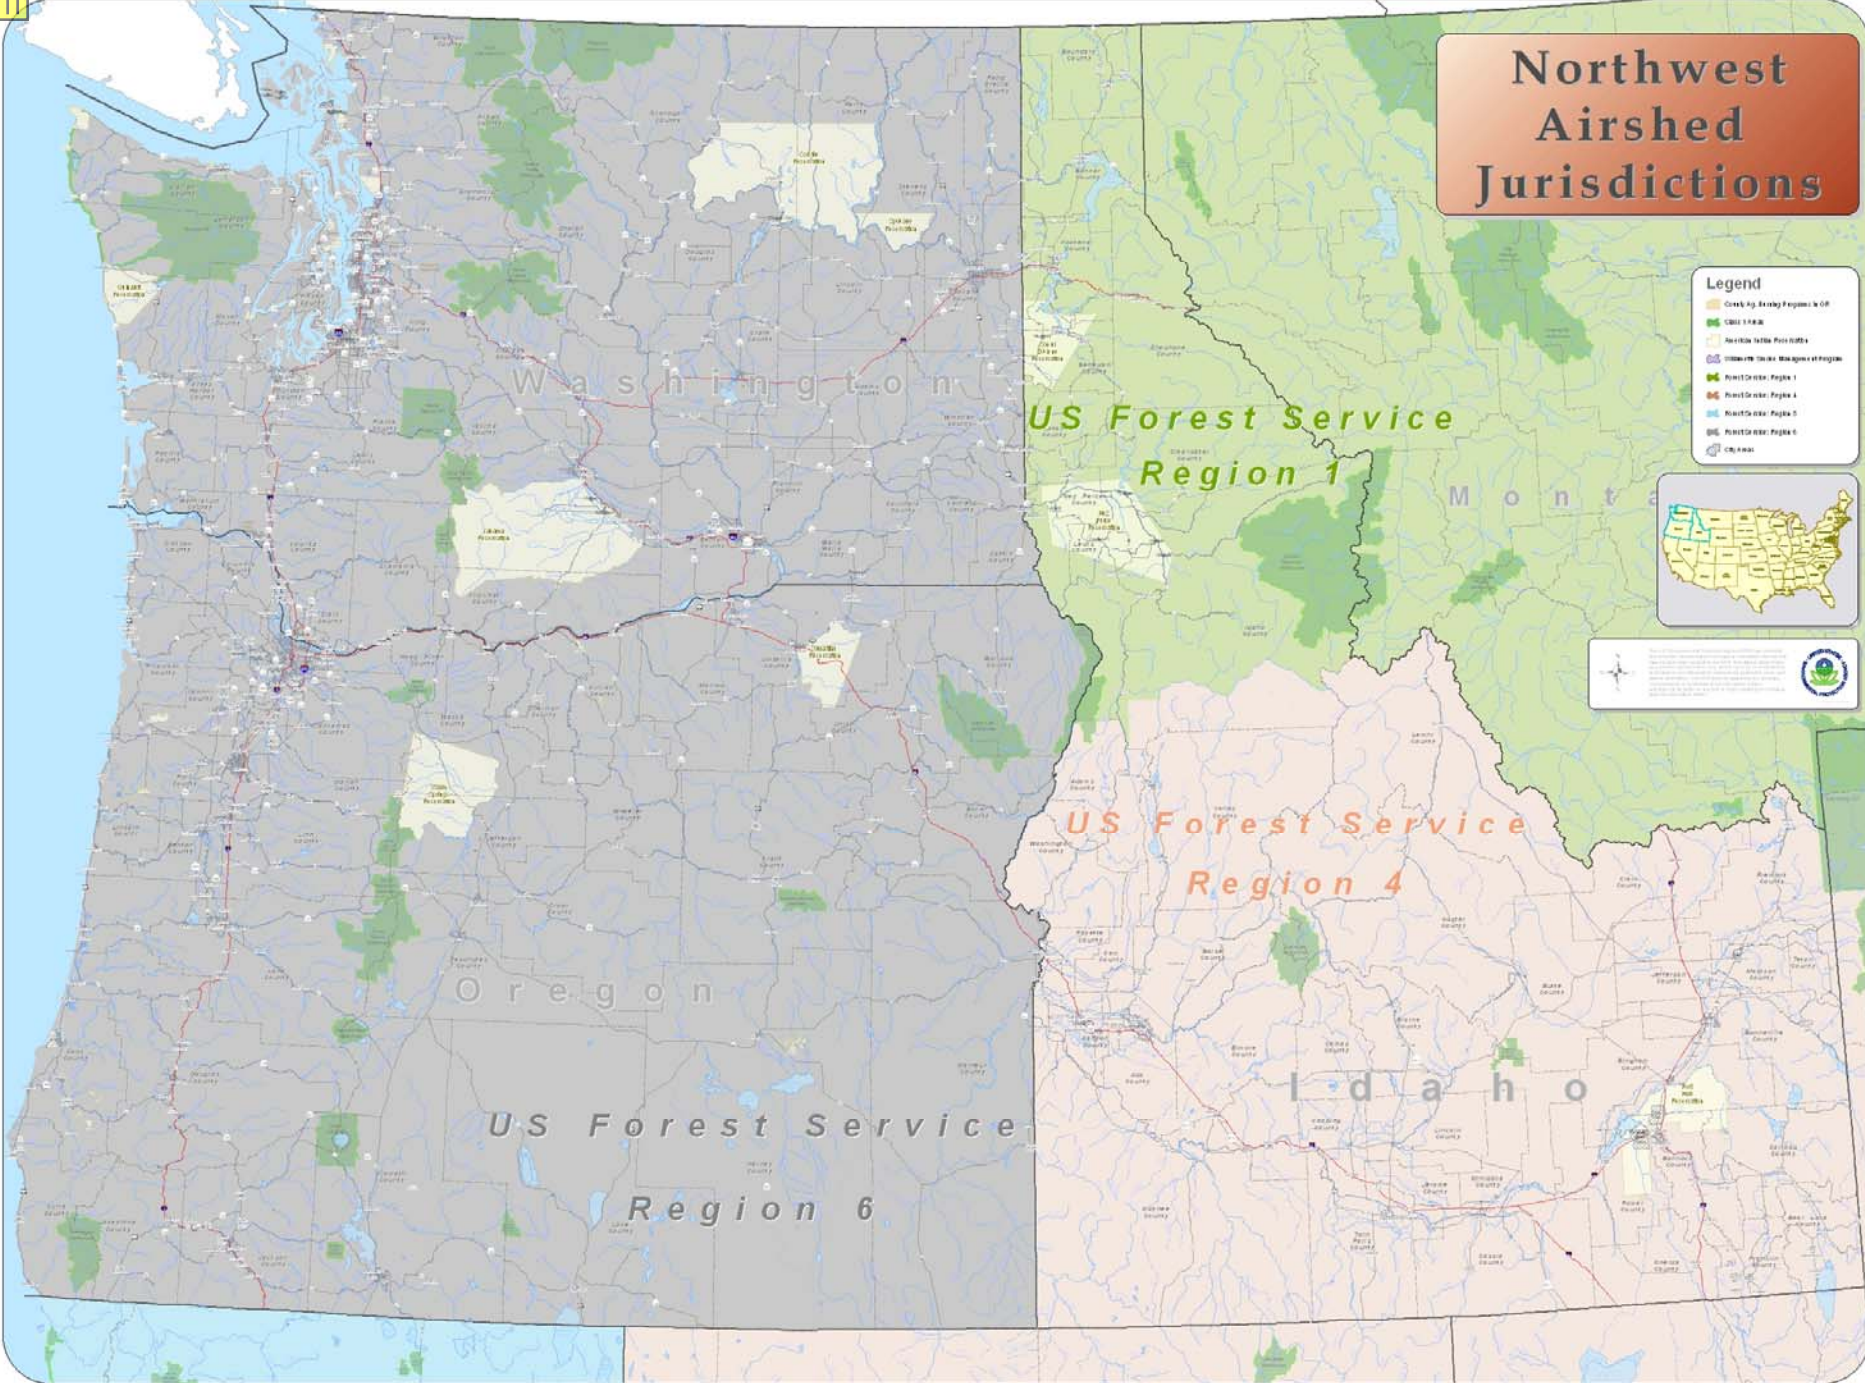

- Coastal Airshed Program & CAP
- CAQI 1 & 2
- Nonattainment Areas
- Attainment Status Management Program
- Photochemical: Region 1
- Photochemical: Region 4
- Photochemical: Region 6
- PM₁₀ Photochemical: Region 4
- CAQMA

Northwest Airshed Jurisdictions

Legend

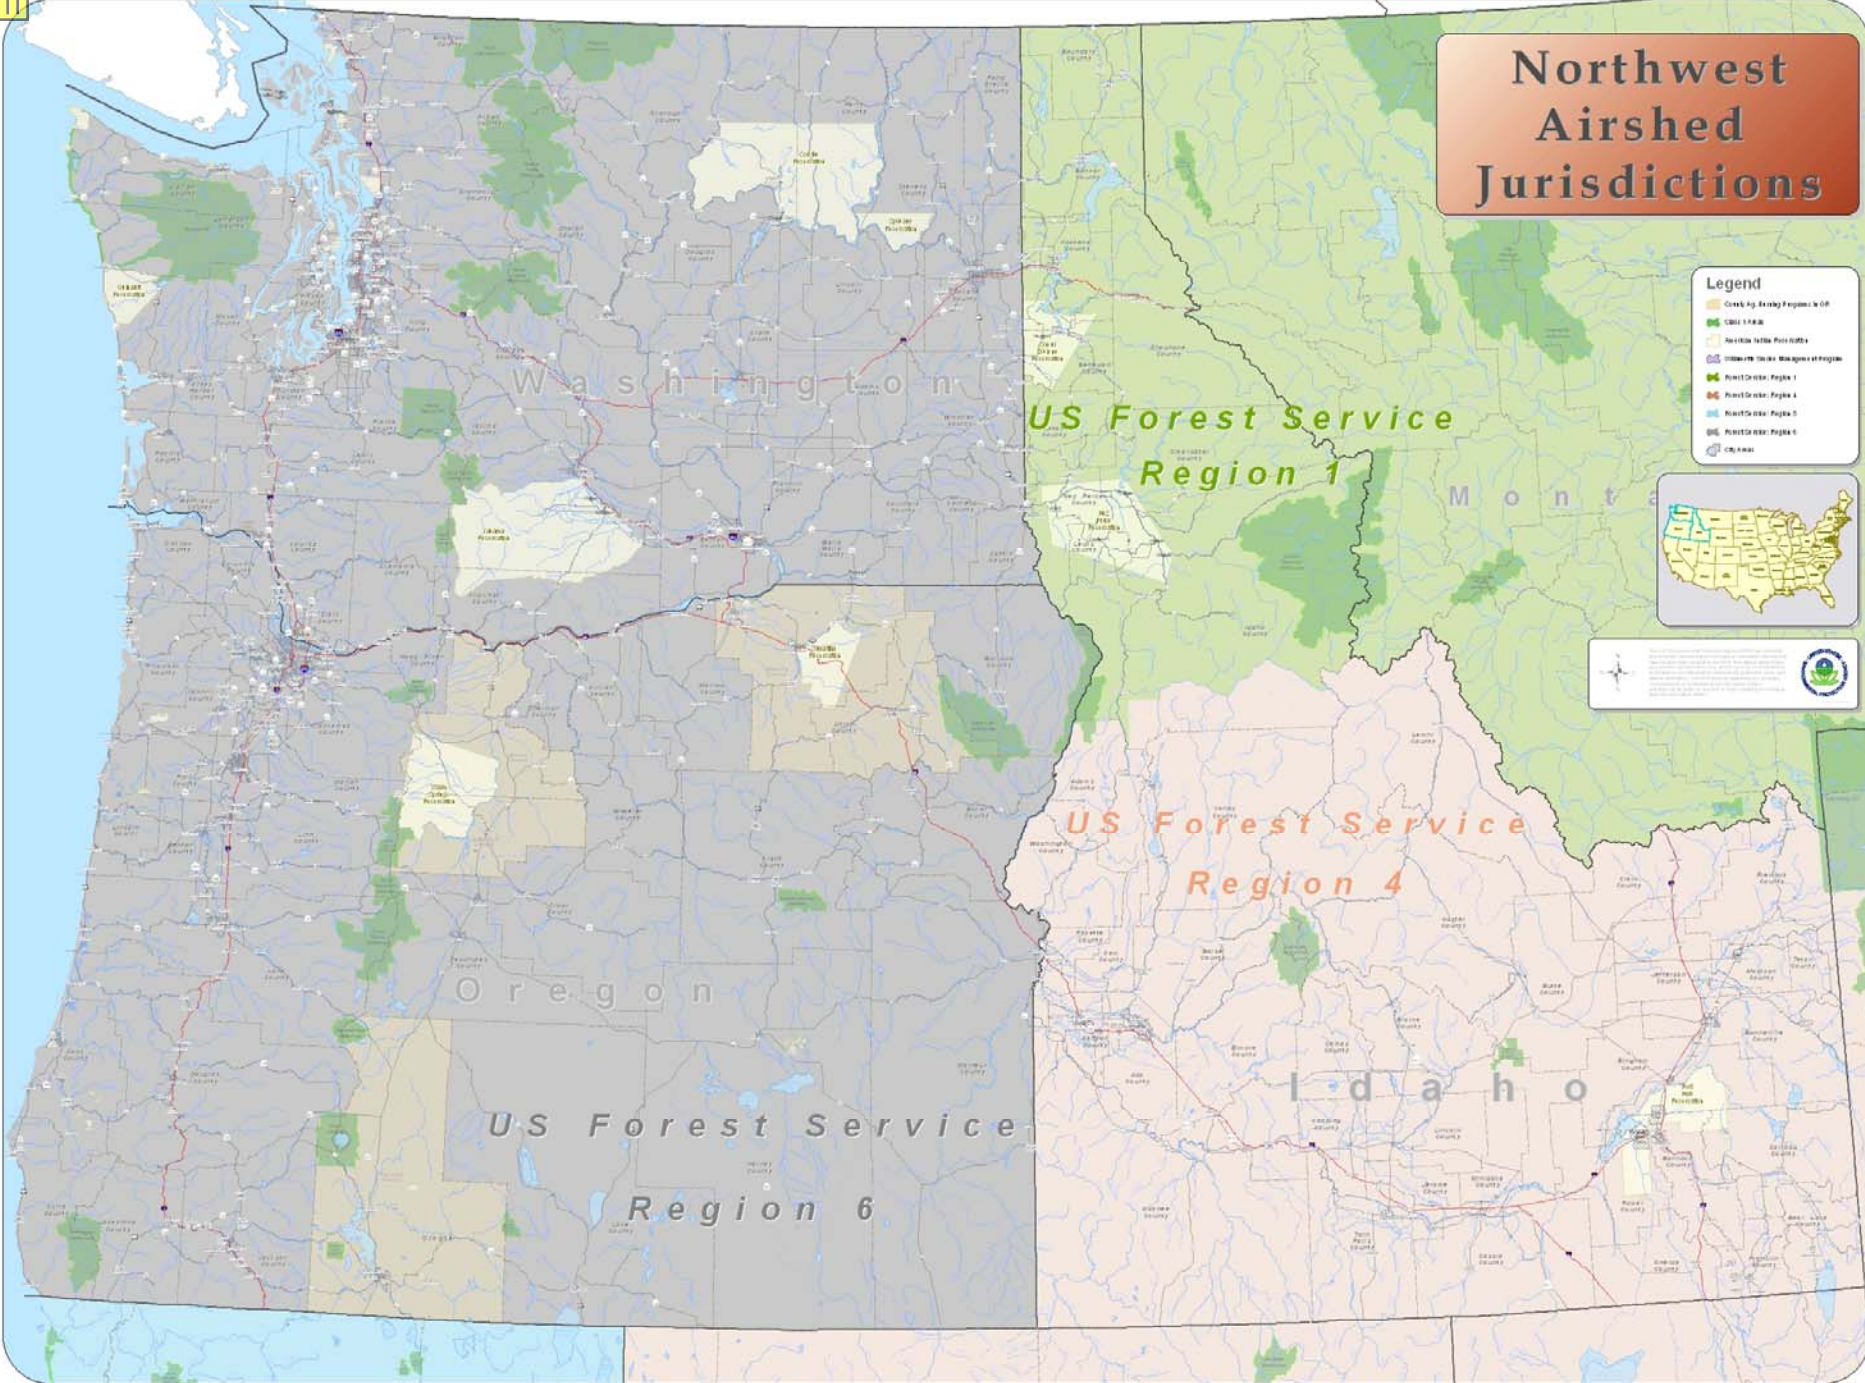

- County Air Quality Program (CAQP)
- CAAQ 1 A/B
- Nonattainment Areas
- Attainment Status Management Program
- Forest Service Region 1
- Forest Service Region 4
- Forest Service Region 6

Northwest Airshed Jurisdictions

Shown With Back Trajectories (Receptors)

- Legend**
- County Air Quality Regions A-F
 - Class I Area
 - National Indian Reservation
 - US Forest Service Management Plan
 - Forest Smoke: Region 1
 - Forest Smoke: Region 2
 - Forest Smoke: Region 3
 - Forest Smoke: Region 4
 - Forest Smoke: Region 5
 - Forest Smoke: Region 6
 - City Area

Final thoughts...

- Develop an interactive Regional map
 - showing all airsheds in the region
 - Identify all agencies or groups involved in managing those areas for burning, smoke, fire and public safety.
- Identify where the gaps are in between management areas.
- Comments? Suggestions?
