Office of Research and Policy Development
December 2004**

Created in 1993, the Corporation for National and Community Service engages more than 1.5 million Americans annually in improving communities through service. The Corporation supports service at national, state, and local levels through:

Senior Corps, the network of programs that helps Americans age 55 and older use their skills and experience in service opportunities that address the needs of their communities. Senior Corps includes the Retired and Senior Volunteer Program (RSVP), Foster Grandparent Program, and Senior Companion Program;

AmeriCorps, whose members serve with local and national organizations to meet community needs while earning education awards to help finance college or training; and

Learn and Serve America, which helps link community service and learning objectives for youth from kindergarten through college as well as youth in community-based organizations.

This report is in the public domain. Authorization to reproduce it in whole or in part is granted.
