## **Prefabricated Bridge Elements and Design/Build**

Highways for LIFE is pleased to feature **Prefabricated Bridge Elements and Design/Build** as two of the presentations from Georgia Department of Transportation officials and contractors at the Product Demonstration Showcase (PDS) May 1, 2008 in LaGrange, GA, just 45 minutes from the Atlanta airport. Also on the agenda are details on the **Public Involvement Process during Construction** as well as both **Congestion Minimization** and **Speed Band Monitoring**, followed by a question and answer session and a site visit to observe actual installation of prefabricated elements.

For more information visit [pdshowcase.org](http://pdshowcase.org)

To sign up for a registration waiting list, call Tiffany Wise, PDS Manager, at 352.392.2371 ext. 240
