STANDARD FORM 30 (REV. 10-83)  
Prescribed by GSA, FAR (48 CFR) 53.243

In order to clarify certain provisions of Contract COW-9-C-0015, incorporate the Limitation of Government's Obligations clause, and formalize an approved substitution of Key Personnel under the said contract, this contract is modified as follows:

1. Under Optional Form 338 (4-86), first full paragraph, the last sentence is hereby changed to read: "The cost of this Transition is built into the loaded hourly rates; The government will notify the Contractor in writing of the required level of effort at each ASC location nationwide within 30 days of contract award.
2. Under Clause F.1 Contract Type and Term, first paragraph, the last sentence is hereby changed to read: "The IDIQ guaranteed minimum value of the contract is \$1,000,000 and shall apply to the base year only. No guaranteed minimum shall apply to any option years exercised.
3. Under Clause F.1 Contract Type and Term, second paragraph, the first sentence is hereby changed to read: "For the purpose of transition, the contract commences upon bilateral execution of the contract. Full performance of the ASC services begins when the Contractor begins performance at one or more ASCs which will continue for twelve months (365 days) with four one year option periods."
4. Pursuant to the provisions of Clause H-2 Key Personnel of the contract, the parties hereby agree to the substitution of Mr. John Hayden in lieu of Mr. Jack Coburn as the designated Senior Budget Execution Specialist under the contract consonant with the requirements of Section C.5.4.2-Key Personnel-Minimum Personnel Qualifications of the contract.
5. The following Special Contract Requirement, hereinafter referred to as Clause H-9 "Limitation of Government's Obligation." is hereby incorporated into and made part of the above contract:

#### H-9 Limitation of Government's Obligation

Unless otherwise agreed to in writing by the Contractor and the Contracting Officer, the Contractor agrees to perform under each order up to the point at which the total amount payable to the Contractor by the Government (including reimbursement in the event of termination of the item(s) described in the order) approximates the total amount of funds allotted to the order. The Contractor will not be obligated to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the order, regardless of anything contrary in the clause entitled "Termination for the Convenience of the Government". The Contractor will notify the Contracting Officer in writing at least 60 days prior to the date at which the total amount payable by the

Government, including any termination costs, will approximate 85% of the total amount then allotted for performance of the applicable item(s) of the order. The notification will state the estimated date when that point will be reached and an estimate of additional funding, if any needed to continue performance of applicable line items up to the next scheduled date for allotment of funds or to a mutually agreed upon date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the subsequent period of performance item(s) funded pursuant to this clause for the subsequent period of performance specified in the order or otherwise agreed to by the parties. If after such notification, additional funds are not allotted by the date identified in the Contractor's notification or by an agreed to substitute date, the Contracting Officer will terminate any item(s) for which additional funds are not allotted, pursuant to the Clause entitled "Termination for Convenience of the Government." When additional funds are allotted for continued performance of the order line items, the parties will agree as to the period of contract performance which will be covered by the funds. The above provisions regarding the limits of the Government's liability will apply in like manner to the additional allotted funds and substitute date, and the order will be modified accordingly. Upon receipt of the contractor's notice described above, the Contracting Officer shall promptly provide written notice to the contractor that the Government is

- (1) Allotting additional funds for continued performance and increasing the Government's limitation of obligation in a specified amount;
- (2) Terminating the order; or
- (3) Considering whether to allot additional funds; and
  - (i) The contractor is entitled by the contract terms to stop work when the Government's limitation of obligation is reached and
  - (ii) Any costs expended beyond the Government's limitation of obligation are at the contractor's risk..

Upon learning that the order will receive no further funds, the Contracting Officer shall promptly give the contractor written notice of the Government's decision and terminate the order for the convenience of the Government.

6. All other terms, conditions and prices of the above contract remain unchanged.

### **C.11 Substitution of Key Personnel**

The INS reserves the right to exercise approval authority over any substitution of the contractor's "key personnel" staff members assigned to this project throughout its term. Junior staff members assigned must have appropriate supervision. All proposed substitutions of key personnel staff members will be submitted, in writing, to the Contracting Officer at least 15 days prior to the proposed substitution along with an explanation of the circumstances necessitating the substitution and a complete resume of the proposed substitute.

All substitutes will have qualifications that are equal to or higher than the qualifications of the person being replaced. The Contracting Officer will evaluate requests for substitution and addition of personnel in consultation with the COTR. The Contracting Officer will promptly notify the contractor, in writing, of approval or disapproval. See H.2.

### **C.12 Contractor Furnished Equipment and/or Facilities**

The Contractor shall furnish the equipment and facilities, as required in Sections C.5.2, Facility Management (75 contractor-leased ASCs); C.5.5, Procurement Management (Kitchen Appliances and Utensils); and C.7, Mobile Route Fingerprinting Services.

### **C.13 Government Furnished Equipment and/or Facilities**

All equipment and facilities required to perform the tasks contained in the SOW will be provided by the Government, except for those areas listed above in Section C.12.

### **C.14 Travel**

The Contractor may be required to travel to ASC sites at the request of the Government. Travel costs under this contract shall generally be limited to those allowable under Federal Travel Regulations and the applicable per diem rates. All approved travel will be reimbursed at cost, plus the applicable handling fee as stated in Section B. Section C.5.3, Logistics Management, discusses this requirement.

### **C.15 Inherently Governmental Functions Reserved for Government Officials**

The COTR or other personnel delegated authority by the COTR, at the receiving or secure storage location will be responsible for completing the receiving report, and will forward the original receiving report and endorsed invoice to the Contracting Officer.

The Contracting Officer will forward the original invoice and receiving report to Finance for payment. Payment will not be rendered to the contractor until both an original proper invoice and receiving report noting the acceptance of the products/services are submitted to the Finance office as described above.

Invoices shall be submitted no later than 90 calendar days, from the receipt of goods or services.

The COTR's and Contracting Officer's name and address are listed below:
