

ENERGY STAR BUILDING

To all to whom these presents shall come, know that
COURTYARD LOUISVILLE AIRPORT HOTEL

is recognized to be an Energy Star building.

ENERGY STAR is a government-backed program helping individuals, schools and communities protect the environment through superior energy efficiency. Achieving the Energy Star certification makes your building one of the most energy efficient facilities in our city. This level of excellence reflects favorably on our community's foresight to provide a better environment for future generations.

*Done in the City of Louisville,
Commonwealth of Kentucky,
this the Seventeenth day of
April 2008.*

Jerry E. Abramson, Mayor
