

1.13-1 Notice of Earned Value Management System (July 2003)

(a) In the performance of this contract, the Contractor will be expected to use an Earned Value Management System (EVMS) meeting the 32 EVMS criteria in the American National Standards Institute (ANSI)/Electronic Industries Alliance (EIA) Standard – 748-1998, *Earned Value Management Systems*. The offeror shall provide documentation in its response to this solicitation that a TSA contracting officer, or a contracting officer from another federal agency, has previously determined that the Contractor's proposed earned value management system complies with the 32 EVMS Criteria.

(b) If the offeror proposes to use a system that does not meet the requirements of paragraph (a) of this provision, the offeror shall submit a comprehensive plan for compliance with the EVMS criteria.

(c) The TSA will review and approve the offeror's plan (the Plan) for EVMS compliance before contract award.

(1) The Plan shall--

(i) Describe the EVMS the offeror intends to use in performance of the contract;

(ii) Distinguish between the offeror's existing management system and modifications proposed to meet the criteria;

(iii) Describe the management system and its application in terms of the 32 EVMS criteria from the American National Standards Institute (ANSI)/Electronic Industries Alliance (EIA) Standard – 748-1998, *Earned Value Management Systems*.

(iv) Describe the proposed procedures for administration of the criteria as applied to subcontractors; and

(v) Provide documentation describing the process and results of any third-party or self-evaluation of the system's compliance with EVMS criteria.

(2) The offeror shall provide information and assistance as required by the Contracting Officer to support review of the plan.

(d) Offerors shall identify the major subcontractors, or major subcontracted effort if major subcontractors have not been selected, planned for application of the criteria. The Contracting Officer's consent to the subcontractors selected for application of the EVMS criteria is necessary.
