

3.3.1-28 Notice of Progress Payments (February 2003)

The need for progress payments will not be considered a handicap or adverse factor in the award of the contract. The Progress Payments clause included in this RFI/RFP will be included in any resulting contract. Even though the clause is included in the contract, the clause shall be inoperative during any time the contractor's accounting system and controls are determined by the Government to be inadequate for segregation and accumulation of contract costs.

(End of provision)

PRESCRIPTION

Shall be used in fixed price RFI/RFP's that include a progress payment clause.
