

3.11-19 Stopping in Transit for Partial Unloading (February 2003)

When multiple shipments are tendered at one time to the Contractor for movement from one origin to two or more consignees along the route between the origin and the last destination, the rate charged shall be the rate applicable to the aggregate weight, plus a charge of \$[CO insert dollar amount] for each shipment unloaded at an intermediate point enroute to the last destination.

(End of clause)

PRESCRIPTION

Insert the following clause in solicitations and contracts for transportation or for transportation-related services when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees along the route between origin and last destination.

Contracting Officer shall complete the fill-ins.
