

3.2.2.3-27 Subcontractor Cost or Pricing Data (July 2004)

(a) If the Contractor (you) intends to award a contract or to modify a subcontract with a value exceeding \$1,000,000, you must require the subcontractor to submit cost or pricing data by the date of agreement or the date of award, whichever is later. You do not have to do this if the award is based on price competition, catalog or market price, or prices set by law or regulation.

(b) You must require the subcontractor to certify that, to the best of the contractor's knowledge and belief, the data submitted under paragraph (a) are accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) When entering into a subcontract that exceeds \$1,000,000, you must insert the substance of this clause, including this paragraph (c), if paragraph (a) requires submitting cost or pricing data for the subcontract.

(End of clause)

PRESCRIPTION

The CO must use this clause in all contracts that include AMS clause 3.2.2.3-25.
