

3.2.4-12 Allowable Cost and Payment-Facilities Use (February 2003)

(a) For the performance of any work, duty, or obligations specified in this contract to be at TSA expense, the TSA shall pay the Contractor all allowable costs as determined by the Contracting Officer in accordance with the contract terms and the TSA's **contract cost principles** in effect on the contract date.

(b) Except as otherwise specifically provided in this contract, the failure of this contract to provide for reimbursement does not preclude the Contractor from including, as part of the price or cost under any other Government contract or subcontract, an allocable portion of the costs incurred for any work, duty, or obligation performed under this contract, but not reimbursed under it.

(End of clause)
