

# ENERGY STAR<sup>7</sup> Program Requirements for Commercial Laundry Route Operator/Distributor Partners Partner Commitments

## Eligible Organizations:

Any route operator company or commercial laundry distributor providing ENERGY STAR qualified commercial clothes washers.

## Commitment

The following are the terms of the ENERGY STAR Partnership Agreement as it pertains to commercial laundry route operator/distributor organizations. The ENERGY STAR PARTNER must adhere to the following program requirements:

- develop and submit, within two months of agreement activation, a program plan for utilizing the ENERGY STAR marks in marketing ENERGY STAR qualified product(s). Once the PARTNER submits its program plan, the PARTNER company name will be listed as an ENERGY STAR PARTNER;
- comply with current ENERGY STAR Identity Guidelines, describing how the ENERGY STAR marks and name must be used. PARTNER is responsible for adhering to these guidelines and for ensuring that its authorized representatives, such as advertising agencies, dealers, and distributors, are also in compliance;
- make at least one ENERGY STAR qualified commercial clothes washer model available to customers of PARTNER. When PARTNER provides the product, whether through a lease agreement or a sale, it must meet the criteria in effect at that time;
- submit all marketing materials and template designs developed for PARTNER's ENERGY STAR promotions to DOE for review to ensure accuracy of ENERGY STAR logo use and consistency of the ENERGY STAR message. PARTNER will allow a minimum of five full working days for DOE to review and approve marketing templates;
- promote all ENERGY STAR product lines carried by PARTNER. PARTNER agrees that it will make its best effort to label all qualifying products with the ENERGY STAR mark when not already labeled by manufacturers;
- feature the ENERGY STAR mark(s) on PARTNER web site and in other promotional materials. If information concerning ENERGY STAR is provided on the PARTNER web site, DOE may provide links where appropriate to the PARTNER web site;
- for route operators/distributors of commercial clothes washers, provide to DOE, on a quarterly basis, sales data or other market indicators to assist in determining the effects of the program in promoting high efficiency products. The data will be used by DOE only for program evaluation purposes and will be closely controlled. If requested under the Freedom of Information Act (FOIA), DOE will argue that the data is exempt. Any information used will be masked by DOE so as to protect the confidentiality of the PARTNER;
- train sales staff and customer service representatives on the ENERGY STAR program. This training shall include: a) identification of ENERGY STAR qualified products provided by organization, and on the PARTNER web site b) tips for selling ENERGY STAR qualified products, and c) tips for answering questions about the ENERGY STAR program;
- notify DOE of a change in the designated responsible party or contacts within 30 days.

## **Performance for Special Distinction**

In order to receive additional recognition and/or support from DOE for its efforts within the Partnership, the ENERGY STAR PARTNER may consider the following voluntary measures and should keep DOE informed on the progress of these efforts:

- provide quarterly, written updates to DOE as to the efforts undertaken by PARTNER to increase availability of ENERGY STAR qualified products, and to promote awareness of ENERGY STAR and its message;
- consider energy efficiency improvements in company facilities and pursue benchmarking buildings through the ENERGY STAR Buildings program;
- purchase ENERGY STAR qualified products. Revise the company purchasing or procurement specifications to include ENERGY STAR. Provide procurement officials' contact information to DOE for periodic updates and coordination. Circulate general ENERGY STAR qualified product information to employees for use when purchasing products for their homes;
- provide information on PARTNER web site for federal and other institutional purchasers;
