

# Top 5 Hidden HAZARDS IN THE HOME

## MAGNETS

Small powerful magnets, if swallowed, can attract inside the body and block, twist or tear the intestines. If you think your child has swallowed a magnet, seek medical attention immediately.

## RECALLED PRODUCTS

Be aware of the latest safety recalls and get dangerous products out of the home. Sign up for recall notices now at [www.cpsc.gov](http://www.cpsc.gov).

## WINDOWS

Never place a crib or playpen near a window blind. To prevent strangulation use cordless blinds or install safety devices on blind cords; and install window guards or stops to prevent falls.

## TIPOVER

Kids will climb. Top-heavy furniture, TVs and stoves can tip over and crush young children. Make them all more stable by installing anchors and brackets.

## POOLS AND SPA DRAINS

Suction from a pool or spa drain can be powerful enough to trap a child or adult underwater. Inspect pools and spas for missing or broken drain covers.
