

POOL SAFETY

NEVER LET YOUR GUARD DOWN!

**Each year,
about 250
children under
age 5 drown
in swimming
pools.**

- 1** Always **supervise**.
 - **Designate a “water-watcher” during swim time.**
- 2** Install a **fence** completely around the pool.
 - **Use fence gates that are self-closing and self-latching.**
- 3** Be **prepared**.
 - **Learn CPR. And keep a telephone by the pool.**
