

WHEN THE GRANDCHILDREN COME TO VISIT, be sure to provide a safe environment for all of you to enjoy!

TO MAKE YOUR HOME SAFER FOR YOU AND YOUR GRANDCHILDREN:

- ▶ **Don't give grandchildren under 3 years old toys or other items with small parts. Don't tie toys around their necks.**
- ▶ **Keep all medicines in containers with safety caps. Be sure medicines, cleaning products, and other household chemicals are out of reach and locked away from children.**
- ▶ **Make sure your crib is sturdy, with no loose or missing hardware; used cribs may not meet current safety standards.**
- ▶ **Be sure your grandchildren wear helmets when they ride tricycles or bicycles.**
- ▶ **Never leave your grandchildren alone for a moment near any water or in the bathtub, even with a bath seat; check bath water with your wrist or elbow to be sure it is not too hot.**
