This message is being sent to you on behalf of EPA and DOE's ENERGY STAR® program.

Dear ENERGY STAR Imaging Equipment Stakeholder:

Attached, please find a tentative meeting agenda and accompanying logistics sheet for the Imaging Equipment industry meeting scheduled for February 14, 2006, in Washington, DC. Please note that since this agenda was created prior to receiving all comments on the Draft 2 specification, EPA may make refinements to this agenda in the days ahead.

EPA will provide additional information shortly, including a timetable for the discussion topics, call-in information for remote participation, and supporting briefing materials to review.

To RSVP for this meeting or suggest additions to the agenda, stakeholders are asked to contact Erin Trager, ICF Consulting, at [etrager@icfconsulting.com](mailto:etrager@icfconsulting.com) **by February 6, 2006**. Stakeholders who would like to call in to the meeting are asked to indicate this in their message.

Thank you!
