

1	<b><u>Table of Contents</u></b>	
2	Executive Summary .....	5
3	Introduction.....	5
4	Definitions.....	5
5	Development of Threshold Concepts.....	6
6	Principles of Thresholds .....	7
7	Case Studies .....	8
8	Potential Management Responses.....	10
9	Recommendations.....	12
10	Chapter 1—Introduction and Background.....	14
11	1.1 A Sudden Change in Ecological Systems.....	14
12	1.2 The Response of the Climate Change Community.....	16
13	1.3 The Goal of SAP 4.2.....	19
14	Chapter 2—Ecological Thresholds.....	22
15	2.1 Introduction.....	22
16	2.2 Early Development .....	23
17	2.3 Current Discussion of Threshold Phenomena.....	26
18	2.4 Ecological Thresholds Defined for SAP 4.2.....	29
19	2.5 Factors that Influence Persistence, Resilience, and Robustness .....	31
20	2.6 The Bottom Line .....	33
21	Chapter 3—Case Studies .....	36
22	Case Study 1. Ecological Thresholds in Alaska .....	36

1	Case Study 2. The Mid-Continent Prairie Pothole Region: Threshold Responses to	
2	Climate Change.....	49
3	Case Study 3. Massive Forest Die-Back as a Response to Climate Change .....	55
4	Case Study 4. Thresholds in Climate Change for Coral-Reef Ecosystem	
5	Functioning .....	65
6	Chapter 4—Examples of Threshold Change in Ecosystems .....	75
7	4.1 Background.....	75
8	4.2 Evidence of Thresholds from the Past .....	75
9	4.3 Evidence of Sensitivity to Current Stressors .....	77
10	4.3.1 Temperature Increase.....	77
11	4.3.2 Moisture Availability.....	79
12	4.3.3 Climate Interactions.....	79
13	4.3.4 Climatic Variability Increases.....	80
14	4.3.5 Multiple Stressors and Climate Change.....	81
15	4.3.6 Disturbance Regimes and Climate Change.....	86
16	Chapter 5—What Can Be Done?.....	89
17	5.1 Integration of Management and Research .....	89
18	5.1.1 Need for Conceptual Models .....	89
19	5.1.2 Scaling.....	90
20	5.1.3 Apply Models from Other Disciplines.....	93
21	5.2 Adaptive Management .....	94
22	5.2.1 Role of Monitoring .....	95
23	5.2.2 Role of Experiments .....	97

1	5.3 Management by Coping.....	99
2	5.3.1 Reducing Multiple Stressors.....	99
3	5.3.2 Triage.....	100
4	5.3.3 System-Level Planning and Policy.....	101
5	5.3.4 Capacity Building and Awareness.....	102
6	5.4 Summary.....	103
7	Chapter 6—Summary and Recommendations.....	105
8	Summary.....	105
9	Recommendations.....	105
10	Before.....	106
11	During.....	107
12	After.....	109
13	References Cited.....	111
14	Appendix A—Glossary.....	152
