RE: CPF No. 3-2002-5007H

Dear Mr. Pierson:

A Corrective Action Order was issued on May 9, 2002 by the Associate Administrator for Pipeline Safety in the above-referenced case. The Order required that corrective action be taken to address a failure involving your 22-inch Woodpat hazardous liquid pipeline and that occurred in Madison County, Illinois, on April 29, 2002. The Director, Central Region, PHMSA has determined that all actions required by the Order have been completed. Accordingly, this case is now closed. Thank you for your cooperation in our joint effort to ensure pipeline safety.

Sincerely,

James Reynolds
