**CONSUMER PRODUCT SAFETY COMMISSION**

**Submission for OMB Review; Comment Request—Safety Standard for Walk-Behind Power Lawn Mowers**

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** In the **Federal Register** of November 15, 1999 (64 FR 61852), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR Part 1205). No comments were received in response to this notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change for a period of three years from the date of approval by OMB.

The Safety Standard for Walk-Behind Power Lawn Mowers establishes performance and labeling requirements for mowers to reduce unreasonable risks of injury resulting from accidental contact with the moving blades of mowers. Certification regulations implementing the standard require manufacturers, importers and private labelers of mowers subject to the standard to test mowers for compliance with the standard, and to maintain records of that testing. The records of testing and other information required by the certification regulations allow the Commission to determine that walk-behind power mowers subject to the standard comply with its requirements. This information also enables the Commission to obtain corrective actions if mowers fail to comply with the standard in a manner that creates a substantial risk of injury to the public.
