NOTE: Percentages may not add to totals because of rounding. Dashes indicate no data reported or data that do not meet publication criteria. There were 77 fatalities for which there was insufficient information to determine a specific

industry classification, though a distinction between private and government was made for each. The total number of fatalities reported for 1992 has been revised and includes additional cases identified since its initial release.

SOURCE: Bureau of Labor Statistics, U.S. Department of Labor, in cooperation with State and Federal agencies, Census of Fatal Occupational Injuries, 1992-1993.

¹ Standard Industrial Classification Manual, 1987 Edition.
² Includes fatalities to workers employed by governmental organizations regardless of industry.
