NA = not available; detailed national data were not released by the National Center for Education Statistics for the academic year ending in 1999.

^a In the Survey of Earned Doctorates (SED), data on computer sciences were not collected separately from mathematics until 1978, and complete data on computer sciences are not available from the SED until 1979. Data shown for 1966 through 1978 are from the Completions Survey.

NOTES: See appendix B for specific fields that are included in this field of study. Detail may not sum to total because of missing information on sex for some recipients.
