Paperwork Burden Statement

According to the *Paperwork Reduction Act* of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1820-0028. The time required to complete this information collection is estimated to average 45 hours and 40 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:

U.S. Department of Education
Washington, DC 20202-4651

If you have comments or concerns regarding the status of your individual submission of this form, write directly to:

Office of Special Education Programs
U.S. Department of Education
400 Maryland Ave., SW, PCP 4106
Washington, DC 20202-2600

Dear Applicant:

This application packet contains information and the required forms for you to use in submitting a new application for funding under one program authorized by the Individuals with Disabilities Education Act (IDEA). This packet covers two competitions under the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities (CFDA 84.326) program—The Partnership Project (CFDA No. 84.326A) and National Dissemination Center for Children with Disabilities (CFDA 84.326N).

An application for an award must be: (1) hand-delivered, submitted electronically, or mailed by the closing date; and, (2) for paper applications, have an original signature on at least one copy of the assurances and certifications (Part IV of the application form). It is also important to include the appropriate Catalog of Federal Domestic Assistance (CFDA) numeric and alpha in Item #11 on SF Form 424 (e.g., CFDA Nos. 84.326A or 84.326N) for paper applications.

Please note the following:

- **APPLICATION SUBMISSION**. Based on the precautionary procedures the U.S. Postal Service is using to process mail, we are experiencing delays in the delivery of mail to the Department. Therefore, you may want to consider sending your application by overnight courier or submitting your application electronically.
- **GRANTS.GOV APPLICATION SUBMISSION**. Applications for grants under these competitions may be submitted electronically using the Grants.gov Apply site (www.Grants.gov). Please read carefully the document that we have included following this letter (see page A-41), which includes helpful tips about submitting electronically using the Grants.gov Apply site. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically, or by mail or hand delivery, can also be found in the Application Transmittal Instructions and Requirements for Intergovernmental Review section of this application package.
- **MAXIMUM AWARD AMOUNT**. In addition to providing detailed budget information for the total grant period requested, the competition included in this package has a maximum award amount (See Page B-8 of this package). Please be advised that for the priority in this package, the maximum award amount covers all project costs including indirect costs.
- **STRICT PAGE LIMITS**. The competition included in this package limits the Part III Application Narrative to a specified number of double-spaced pages. This page limitation applies to all material presented in the application narrative -- including, for example, any charts, tables, figures, and graphs. (Please refer to the specific requirements on page limits for the priority/competition to which you are submitting an application - i.e., Section B-9 of this package). The Department will reject, and will NOT consider an application that does not adhere to the page limit requirements for the competition.

- **FORMAT FOR APPLICATIONS.** Please note that additional information regarding formatting applications has been included on Pages C-3 and 4 of the “General Information on Completing An Application” section of this package.
- **PROTECTION OF HUMAN SUBJECTS IN RESEARCH.** The discretionary grant Application Form 424 (ED supplement to the SF 424 on Grants.gov) requires applicants to indicate whether they plan to conduct research involving human subjects at any time during the proposed project period. The Protection of Human Subjects in Research Attachment is an integral part of the SF 424 form (ED supplement to the SF 424 on Grants.gov). It includes information that applicants need to complete the protection of human subjects item and, as appropriate, to provide additional information to the Department regarding human subjects research projects. Additional information on completing the protection of human subjects item is also available and can be accessed on the INTERNET at:

<http://www.ed.gov/about/offices/list/ocfo/gcsindex.html>
<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

- **RESPONSE TO GPRA.** As required by the Government Performance and Results Act (GPRA) of 1993 OSEP has developed a strategic plan for measuring GPRA performance. The program included in this announcement is authorized under Part D - National Activities to Improve Education of Children with Disabilities of the Individuals with Disabilities Education Act. The Office of Special Education Programs (OSEP) will collect information to assess progress and performance. See Performance Measures included in the Priority Description section of this application package. Applicants are encouraged to consider this information, as applications are prepared.
- **COPIES OF THE APPLICATION.** Current Government-wide policy requires that an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This means an original and two copies are required but we would appreciate your voluntarily submitting an additional three copies (six applications in all). If you are submitting your application electronically, you do not need to submit paper copies of the application. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request a copy of the application on a diskette or CD. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

A program officer is available to provide information to you regarding this competition. Please refer to the name of the program contact at the end of the priority description. For information about other U.S. Department of Education grant and contract opportunities, we encourage you to use the Department's grant information web page which can be accessed on the INTERNET at:

<http://www.ed.gov/about/offices/list/ocfo/gcsindex.html>

We appreciate your efforts to improve the provision of services for individuals with disabilities.

Sincerely,

Bill Wolf
Acting Director
Research to Practice Division
Office of Special Education Programs

Overview Information

Technical Assistance and Dissemination to Improve Services and Results for
Children with Disabilities

Notice inviting applications for new awards for fiscal year (FY) 2008.

Catalog of Federal Domestic Assistance (CFDA) Number:

84.326A and 84.326N.

Note: This notice invites applications for two separate competitions. For key dates, contact person information, and funding information regarding each competition, see the chart in the Award Information section of this notice.

Dates:

Applications Available: See chart.

Deadline for Transmittal of Applications: See chart.

Deadline for Intergovernmental Review: See chart.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program is to promote academic achievement and improve results for children with disabilities by supporting technical assistance (TA), model demonstration projects, dissemination of useful information, and implementation activities that are supported by scientifically based research.

Priorities: In accordance with 34 CFR 75.105(b)(2)(iv) and (v), these priorities are from allowable activities specified in the statute, or otherwise authorized in the statute (see sections 663 and 681(d) of the Individuals with Disabilities Education Act (IDEA)). Each of the absolute

priorities announced in this notice corresponds to a separate competition as follows:

<u>Absolute Priority</u>	<u>Competition CFDA Number</u>
The IDEA Partnership Project	84.326A
National Dissemination Center for Children with Disabilities	84.326N

Absolute Priorities: For FY 2008, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), for each competition, we consider only applications that meet the absolute priority for that competition.

The priorities are:

Absolute Priority 1--The IDEA Partnership Project (84.326A)

Background:

The IDEA and the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB), and their implementing regulations contain a number of provisions related to the instruction and assessment of, and accountability for, students with disabilities that require changes in policy and practice at many different levels of the educational service system and in both regular and special education: State and district policies must change, teachers must be trained, administrative supports must be provided, and parents must be informed. Coordinating change across regular and special education is challenging because teachers, administrators, other professionals, and parents typically differ in their training, experiences, priorities, and perspectives.

In order to support and facilitate the effective implementation of IDEA and NCLB, the Office of Special Education Programs (OSEP) has funded partnership projects that bring together representatives from national associations that have a vested interest in improving results for all

students, including students with disabilities. These associations represent a wide range of interests and viewpoints in both regular and special education, including those of policymakers, local administrators, service providers, and family members. Each of these national associations has members working directly with administrators, teachers, parents, and others at the State and local levels (State and local affiliates) who are responsible for implementing the requirements of IDEA and NCLB.

An example of how partnerships with national organizations worked together to support the implementation of an instructional practice that affects both regular and special education is the work of the OSEP-funded IDEA Partnership Project's National Community of Practice on NCLB/IDEA Collaboration. The project developed TA materials for their State and local affiliates to use to facilitate and promote schools' and districts' implementation of Response to Intervention (RTI) strategies. RTI was selected because changes in policies and practices at many different levels of the special education and regular education systems must be made to maximize the effectiveness of RTI approaches.¹

The TA materials were designed to articulate a consistent message about RTI, using appropriate formats and content relevant to the information needed by policy makers, local administrators, service providers, and families to support effective implementation of RTI. This approach helped State and local affiliates of multiple national associations understand the core components of RTI, engage with each other in discussions about RTI, and work

¹ RTI is a multi-level approach that seeks to maximize student achievement. Schools provide a research-based core curriculum to all students in regular education and use universal screening to identify students at risk for poor learning outcomes. At-risk learners are provided with research-based interventions, and their progress is continuously monitored. Decisions about the intensity and nature of interventions that students receive and their potential eligibility to receive special education and related services are made based on the progress monitoring data (Hintz, 2008; National Center on Response to Intervention, 2008).

together to align policy with effective RTI implementation at all levels of the education system. For further information on the past work of the Partnership Project, go to <http://www.ideapartnership.org/>.

The Department seeks to fund another Partnership project to provide opportunities for national associations to collaborate with each other and with their collective State and local affiliates to improve the implementation of education policies and practices in States. These associations and their State and local affiliates need continued support to engage in meaningful dialogue and problem solving that will improve the implementation of IDEA and NCLB within States.

Priority:

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of an IDEA Partnership Project (Partnership Project) that will strengthen and unite national associations, and their State and local affiliates, representing policymakers, service providers, local-level administrators, and families to collaborate to improve the implementation of IDEA and NCLB.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in the priority. The project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements. An applicant must include in its application-

-

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: For more information on logic models, the following Web site lists multiple online resources: <http://www.cdc.gov/eval/resources.htm>

(b) A plan to implement the activities described in the Project Activities section of this priority;

(c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services;

(d) A budget for attendance at the following:

(1) A one and one half day kick-off meeting to be held in Washington, DC within four weeks after receipt of the award, and an annual planning meeting held in Washington, DC with the OSEP Project Officer during each subsequent year of the project period.

(2) A three-day Project Directors' Conference in Washington, DC during each year of the project period.

(3) A four-day Technical Assistance and Dissemination Conference in Washington, DC during each year of the project period.

(4) Two two-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and

(e) A line item in the proposed budget for an annual set-aside of five percent of the award amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Partnership Project must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

(f) Assurances that no financial commitments were made to any associations or membership organizations in developing this application. The

Partnership Project will negotiate any financial commitments to associations during the first month of the project period with final approval by OSEP.

Project Activities. To meet the requirements of this priority, the Partnership Project, at a minimum, must conduct the following activities:

(a) Form a single partnership among national associations and their State and local affiliates that focuses on regular education and special education in order to meet the collective needs of the following four audiences:

(1) Policymakers including, but not limited to, associations of chief State school officers, State boards of education, local school boards, State directors of special education, ESEA Title I coordinators, mental health coordinators, children with special health care needs coordinators, deans of schools of education, department chairs at institutions of higher education, superintendents, governors, and State legislators.

(2) Service providers including, but not limited to, associations of regular and special education teachers, community-based providers of education services, vocational education teachers, related services providers, and paraprofessionals.

(3) Local-level administrators including, but not limited to, associations of elementary, middle, and secondary school principals; regular and special education administrators; and administrators of private schools.

(4) Families including, but not limited to, associations of parents and family members of children in regular and special education, and disability organizations representing individuals with disabilities and family members of individuals with disabilities.

(b) Establish and maintain an advisory committee to review the activities and outcomes of the Partnership Project and provide programmatic support and advice throughout the project period. At a minimum, the advisory committee must meet on an annual basis in Washington, DC, and consist of

individuals representing each of the four constituency groups listed in paragraph (a) and representatives from OSEP and other federally-funded TA projects. The Partnership Project must submit the names of proposed members of the advisory committee to OSEP for approval within eight weeks after receipt of the award.

(c) Conduct a needs assessment of the partner organizations to identify their needs in relation to the implementation of IDEA and NCLB;

(d) Report results of the needs assessment to the advisory committee within the first three months of the project period.

(e) Based on the results of the needs assessment and with input from the advisory committee and the partnering organizations, develop and implement a plan annually for coordinated training, TA, dissemination, and outreach to the partners' State and local affiliates. Each annual plan must address needs related to the integration and coordination of regular and special education, as well as needs identified by OSEP in reviewing State Performance Plans and Annual Performance Reports. The project's annual plan, which must be submitted to OSEP for approval prior to implementation, must include the following information:

(1) How partnering organizations will reach their members at both the State and local levels and work with them and each other to implement the plan.

(2) How specific activities in the plan will be conducted and coordinated with those of other OSEP and Office of Elementary and Secondary Education (OESE)-funded TA centers, and a timeline for implementing the activities.

(3) If the plan includes implementing research-based practices or interventions, how partner organizations will support State and local affiliates to implement those practices or interventions to effectively implement NCLB and IDEA.

(4) How trainers who are members of partner organizations will be compensated for their training time.

(5) How partners will leverage other resources to support planned activities.

(6) How the Partnership Project will serve as a broker for TA services between the partners and other OSEP and OESE TA projects.

(f) Create opportunities for the Partnership Project's partnering organizations to engage in cross-stakeholder communication, learning, and strategic planning to address the complex challenges associated with implementing IDEA and NCLB to improve results for children with disabilities.

(g) Establish the following:

(1) A Web site that meets a government or industry-recognized standard for accessibility and that links to the Web site operated by the Technical Assistance Coordination Center (TACC), which OSEP intends to fund in FY 2008.

(2) A comprehensive, up-to-date, and searchable database of partners' products and activities that is accessible to all partners.

(3) A mechanism for regularly updating partners on new developments in relevant legislation.

(h) Communicate and collaborate, on an ongoing basis, with OSEP-funded projects, including the communities of practice, the Parent Training and Information Centers, the TACC, and the National Dissemination Center for Individuals with Disabilities, which OSEP intends to fund in FY 2008. This collaboration could include the joint development of products, the coordination of TA services, and the planning and carrying out of TA meetings and events.

(i) Although product development is not a primary function of this project, comply with the following requirements, when product development is needed:

(1) If OSEP funds a TA center in the content area that is the topic

of the proposed product, but no product currently exists that will meet the needs of the Partnership Project, work with the content center to develop a product that is research-based (i.e., consistent with research and theory on the topic).

(2) Prior to developing any new product, whether paper or electronic, submit to the OSEP Project Officer and the Proposed Product Advisory Board at OSEP's TACC for approval, a proposal describing the content and purpose of the product.

(3) Before submitting a draft of a product to the OSEP Project Officer, request input from individuals representing each of the four constituency groups (listed in paragraph (a)(1) through (a)(4) under Project Activities).

(4) Coordinate with the National Dissemination Center for Individuals with Disabilities to develop an efficient and high-quality dissemination strategy that reaches the broad audiences to be targeted by the project. The Partnership Project must report to the OSEP Project Officer the outcomes of these coordination efforts.

(j) Contribute, on an ongoing basis, updated information on the Partnership Project's services to OSEP's Technical Assistance and Dissemination Matrix (<http://matrix.rrfcnetwork.org/>), which provides current information on Department-funded TA services to a range of stakeholders.

(k) Conduct a summative evaluation of the Partnership Project in collaboration with the OSEP-funded Center to Improve Project Performance (CIPP) as described in the following paragraphs. This summative evaluation must examine the outcomes or impact of the Partnership Project's activities in order to assess the effectiveness of those activities.

Note: The major tasks of CIPP would be to guide, coordinate, and oversee the summative evaluations conducted by selected Technical Assistance, Personnel Development, Parent Training and Information Center, and Technology projects

that individually receive \$500,000 or more funding from OSEP annually. The efforts of CIPP are expected to enhance individual project evaluations by providing expert and unbiased assistance in designing evaluations, conducting analyses, and interpreting data.

To fulfill the requirements of the summative evaluation to be conducted under the guidance of CIPP and with the approval of the OSEP Project Officer, the Partnership Project must--

(1) Hire or designate, with the approval of the OSEP Project Officer, a project liaison staff person with sufficient dedicated time, experience in evaluation, and knowledge of the Partnership Project to work with CIPP on the following tasks: (i) planning for the Partnership Project's summative evaluation (e.g., selecting evaluation questions, developing a timeline for the evaluation, locating sources of relevant data, and refining the logic model used for the evaluation), (ii) developing the summative evaluation design and instrumentation (e.g., determining quantitative or qualitative data collection strategies, selecting respondent samples, and pilot testing instruments), (iii) coordinating the evaluation timeline with the implementation of the Partnership Project's activities, (iv) collecting summative data, and (v) writing reports of summative evaluation findings;

(2) Cooperate with CIPP staff in order to accomplish the tasks described in paragraph (1) of this section; and

(3) Dedicate \$80,000 of the annual budget request for this project to cover the costs of carrying out the tasks described in paragraphs (1) and (2) of this section, implementing the Partnership Project's formative evaluation, and traveling to Washington, DC in the second year of the project period for the Partnership Project's review for continued funding.

(1) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Partnership Project for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC that will be held during the last half of the second year of the project period. Projects must budget for travel for this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Partnership Project; and

(c) The quality, relevance, and usefulness of the Partnership Project's activities and products and the degree to which the Partnership Project's activities and products have contributed to changed practice and improved (1) collaboration across regular education, special education, and parent partner organizations to support and facilitate the effective implementation of IDEA and NCLB at the national, State, and local levels; (2) implementation of research-based practices; and (3) involvement of national organizations' State and local affiliates in the implementation of IDEA and NCLB at the State and local levels.

Absolute Priority 2--National Dissemination Center for Children with Disabilities (84.326N)

Background:

Along with an increased demand for educational accountability and improvement, diverse audiences, including educators and parents, have a greater need for information about education that addresses topics such as standards, assessments, and instructional practices (Petrides & Nodine, 2003). The increased need for information is reflected in an increase in the number of visits to the Web site of the National Dissemination Center for Children with Disabilities (NICHCY) funded by the Office of Special Education Programs (OSEP). The Center is a central source for information on disabilities in children, the laws that affect children with disabilities, and effective educational and early intervention practices that can be implemented to improve outcomes for students and infants and toddlers with disabilities.

Along with the increased need for information and the number of channels through which information is disseminated, individuals' preferences for obtaining information have changed (Caffarella, 2002; Kilgore, 2001). In 2005, NICHCY disseminated approximately 149,000 printed products in English and about 55,300 printed products in Spanish. In 2006, NICHCY disseminated a significantly smaller number of printed materials (approximately 27,000 total

in English and Spanish), presumably reflecting consumers' increased use of a variety of technology and electronic retrieval methods to access information.

Current demographic patterns of students in regular education and special education, and of children participating in early intervention programs (U.S. Department of Education, 2007), indicate an increased prevalence of certain disabilities. Given this demographic change and the movement of students between regular and special education, the audience interested in information regarding children with disabilities and the Individuals with Disabilities Education Act (IDEA) is likely to become larger and more diverse in the future. Further, with increases in research and knowledge production, existing materials will need to be updated and revised and new materials will need to be created to keep pace with the increased customer demand for up-to-date information. Moreover, innovative approaches to dissemination, for example the use of diverse channels such as Webinars, will be needed to reach these audiences. Similarly, as education audiences increasingly request information through diverse channels, they also will expect this information to be customized and targeted. When information is conveyed using channels and formats aligned with the needs and preferences of end-users, knowledge transfer and learning may be more likely to occur (Hood, 2002). In sum, a new national dissemination center for children with disabilities is needed that will build on the work of NICHCY to respond to the expanding information needs and preferences of diverse audiences.

Priority:

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a National Dissemination Center for Children with Disabilities (Center). The Center must (a) develop and disseminate information about children with disabilities and IDEA that will be readily accessible to a broad range of audiences, and (b) provide leadership

in the design and implementation of integrated, responsive, and effective information dissemination strategies.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in this priority. Any project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements. An applicant must include in its application--

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web site provides more information on logic models and lists multiple online resources: <http://www.cdc.gov/eval/resources.htm>

(b) A plan to implement the activities described in the Project Activities section of this priority;

(c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services. Specifically, the Center must examine its dissemination activities to ensure that the information needs of targeted audiences (e.g., parents, families, early intervention personnel, educators) are being met;

(d) A budget for attendance at the following:

(1) A one and one half day kick-off meeting to be held in Washington, DC within four weeks after receipt of the award, and an annual planning

meeting held in Washington, DC with the OSEP Project Officer during each subsequent year of the project period.

(2) A three-day Project Directors' Conference in Washington, DC during each year of the project period.

(3) A four-day Technical Assistance and Dissemination Conference in Washington, DC during each year of the project period.

(4) Three one-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and

(e) A line item in the proposed budget for an annual set-aside of five percent of the award amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Center must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

Project Activities. To meet the requirements of this priority, the Center, at a minimum, must conduct the following activities:

Knowledge Development Activities.

(a) Identify and analyze quantitative and qualitative data, and other relevant sources, to determine the topical and informational needs of families, early intervention personnel, and educators. Sources for these data include, but are not limited to, the Regional Resource Centers (RRCs), Parent Technical Assistance Centers, the National Early Childhood Technical Assistance Center, and the Comprehensive Technical Assistance Centers funded through the Office of Elementary and Secondary Education.

(b) Develop strategies, in cooperation with the Technical Assistance Coordination Center (TACC), which OSEP intends to fund in FY 2008, to provide needed information about children with disabilities in a mode and manner easily accessed and understood by diverse audiences, including persons with

limited English proficiency, individuals who have low literacy skills or who are not literate, and individuals with disabilities. Strategies must include developing informational materials that are universally designed (for more information on universal design, the following Web site provides multiple online resources: <http://www.cast.org>) and that are available in alternate formats (e.g., Braille) and languages. Activities must include a review of the efficiency and efficacy of different vehicles for disseminating needed information to various audiences, including those strategies used across OSEP's Technical Assistance and Dissemination (TA&D) Network.

Technical Assistance and Dissemination Activities.

(a) Maintain a customer-service response system that enables individuals who request information to access that information in multiple ways. Points of access must include, but not be limited to, a toll-free telephone number, toll-free TTY, e-mail, and a Web site. Information response activities must include developing and disseminating documents and providing referrals to a broad range of service agencies upon request. Information services must be flexible in delivery format and hours of operation and be available, to the maximum extent possible, in multiple languages. The Web site must meet a government or industry-recognized standard for accessibility and link to the Web site operated by TACC.

(b) Conceptualize, design, and produce an electronic newsletter that informs diverse audiences about the products and services available from OSEP-funded projects, and, as appropriate, products and services available from projects funded by other offices in the Department.

(c) Review IDEA-related materials developed by relevant Federal, State, and local public and private organizations to identify gaps in the information targeted for parents, families, early intervention personnel, and educators and offer recommendations to OSEP's TA&D Network to address these information gaps. Recommendations may include amending existing

informational materials or developing new materials. The Center must make selected materials produced available for parents and families in both English and Spanish.

Leadership and Coordination Activities.

(a) Establish and maintain an advisory committee to review the activities and outcomes of the Center and provide programmatic support and advice throughout the project period. At a minimum, the advisory committee must meet annually, whether in person, or by phone or another means and consist of family members of children with disabilities, regular and special educators, early intervention personnel, and technical assistance providers, as appropriate. The Center must submit the names of proposed members of the advisory committee to OSEP for approval within eight weeks after receipt of the award.

(b) Collaborate with relevant Federal, State, and local public and private organizations to plan and conduct outreach activities that promote awareness of disability issues using innovative technologies and particularly targeting remote or underserved populations. This plan and annual updates on its implementation must be submitted to OSEP and the advisory committee.

(c) Collect the dissemination plans from OSEP's TA&D projects and provide feedback on ways the projects can improve their respective dissemination plans to reach their target audiences. Based on the review of these plans and a review of evidence-based dissemination practices, develop a comprehensive dissemination strategy for OSEP's TA&D Network.

(d) Communicate and collaborate, on an ongoing basis, with OSEP-funded projects, including TACC, the Consortium for Appropriate Dispute Resolution in Special Education, the National Early Childhood Technical Assistance Center, and the Technical Assistance Alliance for Parent Centers. This collaboration could include the joint development of products, the

coordination of TA services, and the planning and carrying out of TA meetings and events.

(e) Participate in, organize, or facilitate, as appropriate, OSEP communities of practice (<http://www.tacommunities.org/>) that are aligned with the Center's objectives as a way to support discussions and collaboration among key stakeholders.

(f) Prior to developing any new product, whether paper or electronic, submit to the OSEP Project Officer and the Proposed Product Advisory Board at OSEP's TACC for approval, a proposal describing the content and purpose of the product.

(g) Contribute, on an ongoing basis, updated information on the Center's services to OSEP's Technical Assistance and Dissemination Matrix (<http://matrix.rrfcnetwork.org/>), which provides current information on Department-funded TA services to a range of stakeholders.

(h) Conduct a summative evaluation of the Center in collaboration with the Center to Improve Project Performance (CIPP) as described in the following paragraphs. This summative evaluation must examine the outcomes or impact of the Center's activities in order to assess the effectiveness of those activities.

Note: The major tasks of CIPP are to guide, coordinate, and oversee the summative evaluations conducted by selected Technical Assistance, Personnel Development, Parent Training and Information Center, and Technology projects that individually receive \$500,000 or more funding from OSEP annually. The efforts of CIPP are expected to enhance individual project evaluations by providing expert and unbiased assistance in designing evaluations, conducting analyses, and interpreting data.

To fulfill the requirements of the summative evaluation to be conducted under the guidance of CIPP, the Center must—

(1) Hire or designate, with the approval of the OSEP Project Officer,

a project liaison staff person with sufficient dedicated time, experience in evaluation, and knowledge of the Center to work with CIPP on the following tasks: (i) planning the Center's summative evaluation (e.g., selecting evaluation questions, developing a timeline for the evaluation, locating sources of relevant data, and refining the logic model used for the evaluation), (ii) developing the summative evaluation design and instrumentation (e.g., determining quantitative or qualitative data collection strategies, selecting respondent samples, and pilot testing instruments), (iii) coordinating the evaluation timeline with the implementation of the Center's activities, (iv) collecting summative data, and (v) writing reports of summative evaluation findings;

(2) Cooperate with CIPP staff in order to accomplish the tasks described in paragraph (1) of this section; and

(3) Dedicate \$50,000 of the annual budget request for this project to cover the costs of carrying out the tasks described in paragraphs (1) and (2) of this section, implementing the Center's formative evaluation, and traveling to Washington, DC in the second year of the project period for the Center's review for continued funding.

(i) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC that will be held during the last half of the second year of the project period. Projects must budget for travel for this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and

(c) The quality, relevance, and usefulness of the Center's activities and products and the degree to which the Center's activities and products have contributed to changed practice and improved knowledge and awareness regarding the implementation of IDEA.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

II. Award Information

Type of Award: Cooperative agreements.

Estimated Available Funds: \$2,500,000. Please refer to the "Estimated Available Funds" column of the chart in this section for the estimated dollar amounts for individual competitions.

Estimated Average Size of Awards: See chart.

Maximum Awards: See chart.

Estimated Number of Awards: See chart.

Project Period: See chart.

**Individuals with Disabilities Education Act
 Technical Assistance and Dissemination to Improve Services and Results
 For Children with Disabilities
 Application Notice for Fiscal Year 2008**

CFDA Number and Name	Applications Available	Deadline for Transmittal of Applications	Deadline for Intergovernmental Review	Estimated Available Funds	Estimated Average Size of Awards	Maximum Award* (per year)	Estimated Number of Awards	Project Period	Contact Person
84.326A The Partnership Project	07/15/08	08/14/08	08/25/08	\$1,700,000	\$1,700,000	\$1,700,000*	1	Up to 60 mos.	Debra Price-Ellingstad (202) 245-7481 Rm 4097
84.326N National Dissemination Center for Children with Disabilities	07/15/08	08/14/08	08/25/08	\$800,000	\$800,000	\$800,000*	1	Up to 60 mos.	Judy Shanley (202) 245-6538 Rm 4120

* We will reject any application that proposes a budget exceeding the maximum award for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

Note: The Department of Education is not bound by any estimates in this notice.

III. Eligibility Information

1. Eligible Applicants: State educational agencies (SEAs); local educational agencies (LEAs); public charter schools that are considered LEAs under State law; IHEs; other public agencies; private nonprofit organizations; outlying areas; freely associated States; Indian tribes or tribal organizations; and for-profit organizations.

2. Cost Sharing or Matching: The program does not require cost sharing or matching.

3. Other: General Requirements--(a) The projects funded under this program must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).

(b) Applicants and grant recipients funded under this program must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

IV. Application and Submission Information

1. Address to Request Application Package: Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794-1398. Telephone, toll free: 1-877-433-7827. FAX: (301) 470-1244. If you use a telecommunications device for the deaf (TDD), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site, also: www.ed.gov/pubs/edpubs.html or at its e-mail address: edpubs@inet.ed.gov

If you request an application package from ED Pubs, be sure to identify the competition to which you want to apply, as follows: CFDA Number 84.326A or 84.326N.

Individuals with disabilities can obtain a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or

computer diskette) by contacting the person or team listed under Alternative Format in section VIII of this notice.

2. Content and Form of Application Submission: Requirements concerning the content of an application, together with the forms you must submit, are in the application package for each competition announced in this notice.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit Part III to the equivalent of no more than 70 pages for each absolute priority, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the two-page abstract, the resumes, the bibliography, the references, or the letters of support. The page limit, however, does apply to the application narrative in Part III.

We will reject your application if you exceed the page limit or if you use other standards and exceed the equivalent of the page limit.

3. Submission Dates and Times:

Applications Available: See chart.

Deadline for Transmittal of Applications: See chart.

Applications for grants under this program may be submitted electronically using the Grants.gov Apply site (Grants.gov), or in paper format by mail or hand delivery. For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery, please refer to section IV. 6. Other Submission Requirements in this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII in this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: See chart.

4. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for each of the competitions announced in this notice.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section in this notice.

6. Other Submission Requirements: Applications for grants under this program may be submitted electronically or in paper format by mail or hand delivery.

a. Electronic Submission of Applications.

To comply with the President's Management Agenda, we are participating as a partner in the Governmentwide Grants.gov Apply site. The Technical

Assistance and Dissemination to Improve Services and Results for Children with Disabilities program, CFDA Numbers 84.326A and 84.326N, announced in this notice are included in this project. We request your participation in Grants.gov.

If you choose to submit your application electronically, you must use the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

You may access the electronic grant application for the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program competitions--CFDA numbers 84.326A and 84.326N at <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.326, not 84.326A or 84.326N).

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30:00 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because

it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for the competition to which you are applying to ensure that you submit your application in a timely manner to the Grants.gov system. You also can find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your

application in electronic format, nor will we penalize you if you submit your application in paper format.

- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms--the SF 424 and the Department of Education Supplemental Information for SF 424--have replaced the ED 424 (Application for Federal Education Assistance).

- If you submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your

application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

b. Submission of Paper Applications by Mail.

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two

copies of your application, on or before the application deadline date, to the Department at the applicable following address:

By mail through the U.S. Postal Service:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.326A or 84.326N)
400 Maryland Avenue, SW
Washington, DC 20202-4260

or

By mail through a commercial carrier:

U.S. Department of Education
Application Control Center, Stop 4260
Attention: (CFDA Number 84.326A or 84.326N)
7100 Old Landover Road
Landover, MD 20785-1506

Regardless of which address you use, you must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number 84.326A or 84.326N)
550 12th Street, SW
Room 7041, Potomac Center Plaza
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department--

(1) You must indicate on the envelope and--if not provided by the Department--in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 and are listed in the application packages for each competition announced in this notice.

2. Peer Review: In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals

who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section in this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary also may require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>

4. Performance Measures: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program. These measures focus on the extent to which projects provide high quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice. The grantee will be required to provide information related to these measures.

The grantee also will be required to report information on the project's performance in annual reports to the Department (34 CFR 75.590).

VII. Agency Contact

For Further Information Contact: See chart in the Award Information section of this notice for the name, room number and telephone number of the contact person for each competition. You can write to the contact at the following address: U.S. Department of Education, 400 Maryland Avenue, SW., Potomac Center Plaza (PCP), Washington, DC 20202-2550.

If you use a TDD, call the Federal Relay Service (FRS), toll-free, at 1-800-877-8339.

VIII. Other Information

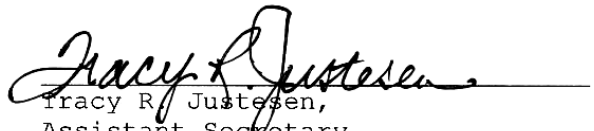

Alternative Format: Individuals with disabilities can obtain this document and a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) by contacting the Grants and Contracts Services Team, U.S. Department of Education, 400 Maryland Avenue, SW., room 5075, PCP, Washington, DC 20202-2550. Telephone: (202) 245-7363. If you use a TDD, call the FRS, toll free, at 1-800-877-8339.

Electronic Access to This Document: You can view this document, as well as all other documents of this Department published in the Federal Register, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: www.ed.gov/news/fedregister

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1-888-293-6498; or in the Washington, DC, area at (202) 512-1530.

Note: The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: www.gpoaccess.gov/nara/index.html

Dated:

Tracy R. Justesen,
Assistant Secretary
for Special Education and
Rehabilitative Services.

IMPORTANT – PLEASE READ FIRST
U.S. Department of Education

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Applicants will no longer need to use the PureEdge software to create or submit an application. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]
- 2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site:

http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on why an application may be rejected, you can review Application Error Tips

<http://www.grants.gov/section910/ApplicationErrorTips.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site:

http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application.

You must provide on your application the DUNS number that was used when your organization registered with the CCR.

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov

http://www.grants.gov/help/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

If you do not have a Windows operating System, you may need to use the Citrix solution discussed on Grants.gov to submit an application using Grants.gov. For additional information, review the FAQs for non-windows users http://www.grants.gov/help/download_software.jsp. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

1. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). Also, do not upload any password protected files to your application.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

**PRIORITY DESCRIPTION
AND
SELECTION CRITERIA**

FOR THE

**TECHNICAL ASSISTANCE AND DISSEMINATION TO
IMPROVE SERVICES AND RESULTS FOR
CHILDREN WITH DISABILITIES**

THE PARTNERSHIP PROJECT (84.326A)

DEADLINE: 08/14/08

ABSOLUTE PRIORITY:

Background:

The IDEA and the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act of 2001 (NCLB), and their implementing regulations contain a number of provisions related to the instruction and assessment of, and accountability for, students with disabilities that require changes in policy and practice at many different levels of the educational service system and in both regular and special education: State and district policies must change, teachers must be trained, administrative supports must be provided, and parents must be informed. Coordinating change across regular and special education is challenging because teachers, administrators, other professionals, and parents typically differ in their training, experiences, priorities, and perspectives.

In order to support and facilitate the effective implementation of IDEA and NCLB, the Office of Special Education Programs (OSEP) has funded partnership projects that bring together representatives from national associations that have a vested interest in improving results for all students, including students with disabilities. These associations represent a wide range of interests and viewpoints in both regular and special education, including those of policymakers, local administrators, service providers, and family members. Each of these national associations has members working directly with administrators, teachers, parents, and others at the State and local levels (State and local affiliates) who are responsible for implementing the requirements of IDEA and NCLB.

An example of how partnerships with national organizations worked together to support the implementation of an instructional practice that affects both regular and special education is the work of the OSEP-funded IDEA Partnership Project's National Community of Practice on NCLB/IDEA Collaboration. The project developed TA materials for their State and local affiliates to use to facilitate and promote schools' and districts' implementation of Response to Intervention (RTI) strategies. RTI was selected because changes in policies and practices at many different levels of the special education and regular education systems must be made to maximize the effectiveness of RTI approaches.²

The TA materials were designed to articulate a consistent message about RTI, using appropriate formats and content relevant to the information needed by policy makers, local administrators, service providers, and families to support effective implementation of RTI. This

² RTI is a multi-level approach that seeks to maximize student achievement. Schools provide a research-based core curriculum to all students in regular education and use universal screening to identify students at risk for poor learning outcomes. At-risk learners are provided with research-based interventions, and their progress is continuously monitored. Decisions about the intensity and nature of interventions that students receive and their potential eligibility to receive special education and related services are made based on the progress monitoring data (Hintz, 2008; National Center on Response to Intervention, 2008).

approach helped State and local affiliates of multiple national associations understand the core components of RTI, engage with each other in discussions about RTI, and work together to align policy with effective RTI implementation at all levels of the education system. For further information on the past work of the Partnership Project, go to <http://www.ideapartnership.org/>.

The Department seeks to fund another Partnership project to provide opportunities for national associations to collaborate with each other and with their collective State and local affiliates to improve the implementation of education policies and practices in States. These associations and their State and local affiliates need continued support to engage in meaningful dialogue and problem solving that will improve the implementation of IDEA and NCLB within States.

Priority:

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of an IDEA Partnership Project (Partnership Project) that will strengthen and unite national associations, and their State and local affiliates, representing policymakers, service providers, local-level administrators, and families to collaborate to improve the implementation of IDEA and NCLB.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in the priority. The project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements. An applicant must include in its application--

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project; Note: For more information on logic models, the following Web site lists multiple online resources: <http://www.cdc.gov/eval/resources.htm>

(b) A plan to implement the activities described in the Project Activities section of this priority;

(c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services;

(d) A budget for attendance at the following:

(1) A one and one half day kick-off meeting to be held in Washington, DC within four weeks after receipt of the award, and an annual planning meeting held in Washington, DC with the OSEP Project Officer during each subsequent year of the project period.

(2) A three-day Project Directors' Conference in Washington, DC during each year of the project period.

(3) A four-day Technical Assistance and Dissemination Conference in Washington, DC during each year of the project period.

(4) Two two-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and

(e) A line item in the proposed budget for an annual set-aside of five percent of the award amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Partnership Project must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

(f) Assurances that no financial commitments were made to any associations or membership organizations in developing this application. The Partnership Project will negotiate any financial commitments to associations during the first month of the project period with final approval by OSEP.

Project Activities. To meet the requirements of this priority, the Partnership Project, at a minimum, must conduct the following activities:

(a) Form a single partnership among national associations and their State and local affiliates that focuses on regular education and special education in order to meet the collective needs of the following four audiences:

(1) Policymakers including, but not limited to, associations of chief State school officers, State boards of education, local school boards, State directors of special education, ESEA Title I coordinators, mental health coordinators, children with special health care needs coordinators, deans of schools of education, department chairs at institutions of higher education, superintendents, governors, and State legislators.

(2) Service providers including, but not limited to, associations of regular and special education teachers, community-based providers of education services, vocational education teachers, related services providers, and paraprofessionals.

(3) Local-level administrators including, but not limited to, associations of elementary, middle, and secondary school principals; regular and special education administrators; and administrators of private schools.

(4) Families including, but not limited to, associations of parents and family members of children in regular and special education, and disability organizations representing individuals with disabilities and family members of individuals with disabilities.

(b) Establish and maintain an advisory committee to review the activities and outcomes of the Partnership Project and provide programmatic support and advice throughout the project period. At a minimum, the advisory committee must meet on an annual basis in Washington, DC, and consist of individuals representing each of the four constituency groups listed in paragraph (a) and representatives from OSEP and other federally-funded TA projects. The Partnership Project must submit the names of proposed members of the advisory committee to OSEP for approval within eight weeks after receipt of the award.

(c) Conduct a needs assessment of the partner organizations to identify their needs in relation to the implementation of IDEA and NCLB;

(d) Report results of the needs assessment to the advisory committee within the first three months of the project period.

(e) Based on the results of the needs assessment and with input from the advisory committee and the partnering organizations, develop and implement a plan annually for coordinated training, TA, dissemination, and outreach to the partners' State and local affiliates. Each annual plan must address needs related to the integration and coordination of regular and special education, as well as needs identified by OSEP in reviewing State Performance Plans and Annual Performance Reports. The project's annual plan, which must be submitted to OSEP for approval prior to implementation, must include the following information:

(1) How partnering organizations will reach their members at both the State and local levels and work with them and each other to implement the plan.

(2) How specific activities in the plan will be conducted and coordinated with those of other OSEP and Office of Elementary and Secondary Education (OESE)-funded TA centers, and a timeline for implementing the activities.

(3) If the plan includes implementing research-based practices or interventions, how partner organizations will support State and local affiliates to implement those practices or interventions to effectively implement NCLB and IDEA.

(4) How trainers who are members of partner organizations will be compensated for their training time.

(5) How partners will leverage other resources to support planned activities.

(6) How the Partnership Project will serve as a broker for TA services between the partners and other OSEP and OESE TA projects.

(f) Create opportunities for the Partnership Project's partnering organizations to engage in cross-stakeholder communication, learning, and strategic planning to address the complex challenges associated with implementing IDEA and NCLB to improve results for children with disabilities.

(g) Establish the following:

(1) A Web site that meets a government or industry-recognized standard for accessibility and that links to the Web site operated by the Technical Assistance Coordination Center (TACC), which OSEP intends to fund in FY 2008.

(2) A comprehensive, up-to-date, and searchable database of partners' products and activities that is accessible to all partners.

(3) A mechanism for regularly updating partners on new developments in relevant legislation.

(h) Communicate and collaborate, on an ongoing basis, with OSEP-funded projects, including the communities of practice, the Parent Training and Information Centers, the TACC, and the National Dissemination Center for Individuals with Disabilities, which OSEP intends to fund in FY 2008. This collaboration could include the joint development of products, the coordination of TA services, and the planning and carrying out of TA meetings and events.

(i) Although product development is not a primary function of this project, comply with the following requirements, when product development is needed:

(1) If OSEP funds a TA center in the content area that is the topic of the proposed product, but no product currently exists that will meet the needs of the Partnership Project, work with the content center to develop a product that is research-based (i.e., consistent with research and theory on the topic).

(2) Prior to developing any new product, whether paper or electronic, submit to the OSEP Project Officer and the Proposed Product Advisory Board at OSEP's TACC for approval, a proposal describing the content and purpose of the product.

(3) Before submitting a draft of a product to the OSEP Project Officer, request input from individuals representing each of the four constituency groups (listed in paragraph (a)(1) through (a)(4) under Project Activities).

(4) Coordinate with the National Dissemination Center for Individuals with Disabilities to develop an efficient and high-quality dissemination strategy that reaches the broad audiences to be targeted by the project. The Partnership Project must report to the OSEP Project Officer the outcomes of these coordination efforts.

(j) Contribute, on an ongoing basis, updated information on the Partnership Project's services to OSEP's Technical Assistance and Dissemination Matrix (<http://matrix.rfcnetwork.org/>), which provides current information on Department-funded TA services to a range of stakeholders.

(k) Conduct a summative evaluation of the Partnership Project in collaboration with the OSEP-funded Center to Improve Project Performance (CIPP) as described in the following paragraphs. This summative evaluation must examine the outcomes or impact of the Partnership Project's activities in order to assess the effectiveness of those activities.

Note: The major tasks of CIPP would be to guide, coordinate, and oversee the summative evaluations conducted by selected Technical Assistance, Personnel Development, Parent Training and Information Center, and Technology projects that individually receive \$500,000 or more funding from OSEP annually. The efforts of CIPP are expected to enhance individual project evaluations by providing expert and unbiased assistance in designing evaluations, conducting analyses, and interpreting data.

To fulfill the requirements of the summative evaluation to be conducted under the guidance of CIPP and with the approval of the OSEP Project Officer, the Partnership Project must--

(1) Hire or designate, with the approval of the OSEP Project Officer, a project liaison staff person with sufficient dedicated time, experience in evaluation, and knowledge of the Partnership Project to work with CIPP on the following tasks: (i) planning for the Partnership Project's summative evaluation (e.g., selecting evaluation questions, developing a timeline for the evaluation, locating sources of relevant data, and refining the logic model used for the evaluation), (ii) developing the summative evaluation design and instrumentation (e.g., determining quantitative or qualitative data collection strategies, selecting respondent samples, and pilot testing instruments), (iii) coordinating the evaluation timeline with the implementation of the Partnership Project's activities, (iv) collecting summative data, and (v) writing reports of summative evaluation findings;

(2) Cooperate with CIPP staff in order to accomplish the tasks described in paragraph (1) of this section; and

(3) Dedicate \$80,000 of the annual budget request for this project to cover the costs of carrying out the tasks described in paragraphs (1) and (2) of this section, implementing the Partnership Project's formative evaluation, and traveling to Washington, DC in the second year of the project period for the Partnership Project's review for continued funding.

(l) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Partnership Project for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC that will be held during the last half of the second year of the project period. Projects must budget for travel for this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Partnership Project; and

(c) The quality, relevance, and usefulness of the Partnership Project's activities and products and the degree to which the Partnership Project's activities and products have contributed to changed practice and improved (1) collaboration across regular education, special education, and parent partner organizations to support and facilitate the effective implementation of IDEA and NCLB at the national, State, and local levels; (2) implementation of research-based practices; and (3) involvement of national organizations' State and local affiliates in the implementation of IDEA and NCLB at the State and local levels.

Program Authority: 20 U.S.C. 1463 and 1481.

PERFORMANCE MEASURES: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program. These measures focus on the extent to which projects provide high quality products and services, the relevance of project products and services to

educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice. The grantee will be required to provide information related to these measures.

The grantee also will be required to report information on the project's performance in annual reports to the Department (34 CFR 75.590).

APPLICATIONS AVAILABLE: July 15, 2008.

DEADLINE FOR TRANSMITTAL OF APPLICATIONS: August 14, 2008.

DEADLINE FOR INTERGOVERNMENTAL REVIEW: August 25, 2008.

ESTIMATED AVAILABLE FUNDS: \$1,700,000.

MAXIMUM AWARDS: We will reject any application that proposes a budget exceeding \$1,700,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

NUMBER OF AWARDS: 1.

Note: The Department is not bound by any estimates in this notice.

PROJECT PERIOD: Up to 60 months.

PAGE LIMITS: If you are an applicant, Part III of an application submitted under this notice, the application narrative is where an applicant addresses the selection criteria that are used by reviewers to evaluate the application. You must limit Part III to the equivalent of no more than 70 pages, using the following standards:

- A "page" is 8.5" x 11", (on one side only) with 1" margins (top, bottom, and sides).
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the abstract, the resumes, the bibliography, references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject any application if --

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS:

(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

APPLICABLE REGULATIONS:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99; and (b) The selection criteria for this program are drawn from EDGAR in 34 CFR 75.210.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

ELIGIBLE APPLICANTS: State educational agencies (SEAs), local educational agencies (LEAs), including public charter schools that are considered LEAs under State law, institutions of higher education (IHEs), other public agencies, private nonprofit organizations, outlying areas, freely associated States, Indian tribes or tribal organizations, and for-profit organizations.

INTERGOVERNMENTAL REVIEW:

The program in this notice is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

FAX: (202) 245-7617
Internet: Debra.Price-Ellingstad@ed.gov

**NATIONAL DISSEMINATION CENTER
FOR CHILDREN WITH DISABILITIES
(84.326N)**

DEADLINE: 08/14/08

ABSOLUTE PRIORITY:

Background:

Along with an increased demand for educational accountability and improvement, diverse audiences, including educators and parents, have a greater need for information about education that addresses topics such as standards, assessments, and instructional practices (Petrides & Nodine, 2003). The increased need for information is reflected in an increase in the number of visits to the Web site of the National Dissemination Center for Children with Disabilities (NICHCY) funded by the Office of Special Education Programs (OSEP). The Center is a central source for information on disabilities in children, the laws that affect children with disabilities, and effective educational and early intervention practices that can be implemented to improve outcomes for students and infants and toddlers with disabilities.

Along with the increased need for information and the number of channels through which information is disseminated, individuals' preferences for obtaining information have changed (Caffarella, 2002; Kilgore, 2001). In 2005, NICHCY disseminated approximately 149,000 printed products in English and about 55,300 printed products in Spanish. In 2006, NICHCY disseminated a significantly smaller number of printed materials (approximately 27,000 total in English and Spanish), presumably reflecting consumers' increased use of a variety of technology and electronic retrieval methods to access information.

Current demographic patterns of students in regular education and special education, and of children participating in early intervention programs (U.S. Department of Education, 2007), indicate an increased prevalence of certain disabilities. Given this demographic change and the movement of students between regular and special education, the audience interested in information regarding children with disabilities and the Individuals with Disabilities Education Act (IDEA) is likely to become larger and more diverse in the future. Further, with increases in research and knowledge production, existing materials will need to be updated and revised and new materials will need to be created to keep pace with the increased customer demand for up-to-date information. Moreover, innovative approaches to dissemination, for example the use of diverse channels such as Webinars, will be needed to reach these audiences. Similarly, as education audiences increasingly request information through diverse channels, they also will expect this information to be customized and targeted. When information is conveyed using channels and formats aligned with the needs and preferences of end-users, knowledge transfer and learning may be more likely to occur (Hood, 2002). In sum, a new national dissemination center for children with disabilities is needed that will build on the work of NICHCY to respond to the expanding information needs and preferences of diverse audiences.

Priority:

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a National Dissemination Center for Children with Disabilities (Center). The Center must (a) develop and disseminate information about children with disabilities and IDEA that will be readily accessible to a broad range of audiences, and (b) provide leadership in the design and implementation of integrated, responsive, and effective information dissemination strategies.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in this priority. Any project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements. An applicant must include in its application--

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project; Note: The following Web site provides more information on logic models and lists multiple online resources: <http://www.cdc.gov/eval/resources.htm>

(b) A plan to implement the activities described in the Project Activities section of this priority;

(c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services. Specifically, the Center must examine its dissemination activities to ensure that the information needs of targeted audiences (e.g., parents, families, early intervention personnel, educators) are being met;

(d) A budget for attendance at the following:

(1) A one and one half day kick-off meeting to be held in Washington, DC within four weeks after receipt of the award, and an annual planning meeting held in Washington, DC with the OSEP Project Officer during each subsequent year of the project period.

(2) A three-day Project Directors' Conference in Washington, DC during each year of the project period.

(3) A four-day Technical Assistance and Dissemination Conference in Washington, DC during each year of the project period.

(4) Three one-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP; and

(e) A line item in the proposed budget for an annual set-aside of five percent of the award amount to support emerging needs that are consistent with the proposed project's activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the Center must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

Project Activities. To meet the requirements of this priority, the Center, at a minimum, must conduct the following activities:

Knowledge Development Activities.

(a) Identify and analyze quantitative and qualitative data, and other relevant sources, to determine the topical and informational needs of families, early intervention personnel, and educators. Sources for these data include, but are not limited to, the Regional Resource Centers (RRCs), Parent Technical Assistance Centers, the National Early Childhood Technical Assistance Center, and the Comprehensive Technical Assistance Centers funded through the Office of Elementary and Secondary Education.

(b) Develop strategies, in cooperation with the Technical Assistance Coordination Center (TACC), which OSEP intends to fund in FY 2008, to provide needed information about children with disabilities in a mode and manner easily accessed and understood by diverse audiences, including persons with limited English proficiency, individuals who have low literacy skills or who are not literate, and individuals with disabilities. Strategies must include developing informational materials that are universally designed (for more information on universal design, the following Web site provides multiple online resources: <http://www.cast.org>) and that are available in alternate formats (e.g., Braille) and languages. Activities must include a review of the efficiency and efficacy of different vehicles for disseminating needed information to various audiences, including those strategies used across OSEP's Technical Assistance and Dissemination (TA&D) Network.

Technical Assistance and Dissemination Activities.

(a) Maintain a customer-service response system that enables individuals who request information to access that information in multiple ways. Points of access must include, but not be limited to, a toll-free telephone number, toll-free TTY, e-mail, and a Web site. Information response activities must include developing and disseminating documents and providing referrals to a broad range of service agencies upon request. Information services must be flexible in delivery format and hours of operation and be available, to the maximum extent possible, in multiple languages. The Web site must meet a government or industry-recognized standard for accessibility and link to the Web site operated by TACC.

(b) Conceptualize, design, and produce an electronic newsletter that informs diverse audiences about the products and services available from OSEP-funded projects, and, as appropriate, products and services available from projects funded by other offices in the Department.

(c) Review IDEA-related materials developed by relevant Federal, State, and local public and private organizations to identify gaps in the information targeted for parents, families, early intervention personnel, and educators and offer recommendations to OSEP's TA&D Network to address these information gaps. Recommendations may include amending existing informational materials or developing new materials. The Center must make selected materials produced available for parents and families in both English and Spanish.

Leadership and Coordination Activities.

(a) Establish and maintain an advisory committee to review the activities and outcomes of the Center and provide programmatic support and advice throughout the project period. At a minimum, the advisory committee must meet annually, whether in person, or by phone or another means and consist of family members of children with disabilities, regular and special educators, early intervention personnel, and technical assistance providers, as appropriate. The Center must submit the names of proposed members of the advisory committee to OSEP for approval within eight weeks after receipt of the award.

(b) Collaborate with relevant Federal, State, and local public and private organizations to plan and conduct outreach activities that promote awareness of disability issues using innovative technologies and particularly targeting remote or underserved populations. This plan and annual updates on its implementation must be submitted to OSEP and the advisory committee.

(c) Collect the dissemination plans from OSEP's TA&D projects and provide feedback on ways the projects can improve their respective dissemination plans to reach their target audiences. Based on the review of these plans and a review of evidence-based dissemination practices, develop a comprehensive dissemination strategy for OSEP's TA&D Network.

(d) Communicate and collaborate, on an ongoing basis, with OSEP-funded projects, including TACC, the Consortium for Appropriate Dispute Resolution in Special Education, the National Early Childhood Technical Assistance Center, and the Technical Assistance Alliance for Parent Centers. This collaboration could include the joint development of products, the coordination of TA services, and the planning and carrying out of TA meetings and events.

(e) Participate in, organize, or facilitate, as appropriate, OSEP communities of practice (<http://www.tacomunities.org/>) that are aligned with the Center's objectives as a way to support discussions and collaboration among key stakeholders.

(f) Prior to developing any new product, whether paper or electronic, submit to the OSEP Project Officer and the Proposed Product Advisory Board at OSEP's TACC for approval, a proposal describing the content and purpose of the product.

(g) Contribute, on an ongoing basis, updated information on the Center's services to OSEP's Technical Assistance and Dissemination Matrix (<http://matrix.rrfcnetwork.org/>), which provides current information on Department-funded TA services to a range of stakeholders.

(h) Conduct a summative evaluation of the Center in collaboration with the Center to Improve Project Performance (CIPP) as described in the following paragraphs. This summative evaluation must examine the outcomes or impact of the Center's activities in order to assess the effectiveness of those activities.

Note: The major tasks of CIPP are to guide, coordinate, and oversee the summative evaluations conducted by selected Technical Assistance, Personnel Development, Parent Training and Information Center, and Technology projects that individually receive \$500,000 or more funding from OSEP annually. The efforts of CIPP are expected to enhance individual project evaluations by providing expert and unbiased assistance in designing evaluations, conducting analyses, and interpreting data.

To fulfill the requirements of the summative evaluation to be conducted under the guidance of CIPP, the Center must—

(1) Hire or designate, with the approval of the OSEP Project Officer, a project liaison staff person with sufficient dedicated time, experience in evaluation, and knowledge of the Center to work with CIPP on the following tasks: (i) planning the Center's summative evaluation (e.g., selecting evaluation questions, developing a timeline for the evaluation, locating sources of relevant data, and refining the logic model used for the evaluation), (ii) developing the summative evaluation design and instrumentation (e.g., determining quantitative or qualitative data collection strategies, selecting respondent samples, and pilot testing instruments), (iii) coordinating the evaluation timeline with the implementation of the Center's activities, (iv) collecting summative data, and (v) writing reports of summative evaluation findings;

(2) Cooperate with CIPP staff in order to accomplish the tasks described in paragraph (1) of this section; and

(3) Dedicate \$50,000 of the annual budget request for this project to cover the costs of carrying out the tasks described in paragraphs (1) and (2) of this section, implementing the Center's formative evaluation, and traveling to Washington, DC in the second year of the project period for the Center's review for continued funding.

(i) Maintain ongoing communication with the OSEP Project Officer through monthly phone conversations and e-mail communication.

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the Center for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition--

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC that will be held during the last half of the second year of the project period. Projects must budget for travel for this one-day intensive review;

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the Center; and

(c) The quality, relevance, and usefulness of the Center's activities and products and the degree to which the Center's activities and products have contributed to changed practice and improved knowledge and awareness regarding the implementation of IDEA.

Program Authority: 20 U.S.C. 1463 and 1481.

PERFORMANCE MEASURES: Under the Government Performance and Results Act of 1993 (GPRA), the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities program. These measures focus on the extent to which projects provide high quality products and services, the relevance of project products and services to educational and early intervention policy and practice, and the use of products and services to improve educational and early intervention policy and practice. The grantee will be required to provide information related to these measures.

The grantee also will be required to report information on the project's performance in annual reports to the Department (34 CFR 75.590).

APPLICATIONS AVAILABLE: July 15, 2008.

DEADLINE FOR TRANSMITTAL OF APPLICATIONS: August 14, 2008.

DEADLINE FOR INTERGOVERNMENTAL REVIEW: August 25, 2008.

ESTIMATED AVAILABLE FUNDS: \$800,000.

MAXIMUM AWARDS: We will reject any application that proposes a budget exceeding \$800,000 for a single budget period of 12 months. The Assistant Secretary for Special Education and Rehabilitative Services may change the maximum amount through a notice published in the Federal Register.

NUMBER OF AWARDS: 1.

Note: The Department is not bound by any estimates in this notice.

PROJECT PERIOD: Up to 60 months.

PAGE LIMITS: If you are an applicant, Part III of an application submitted under this notice, the application narrative is where an applicant addresses the selection criteria that are used by reviewers to evaluate the application. You must limit Part III to the equivalent of no more than 70 pages, using the following standards:

- A "page" is 8.5" x 11", (on one side only) with 1" margins (top, bottom, and sides).
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point or larger or no smaller than 10 pitch (characters per inch).

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the abstract, the resumes, the bibliography, references, or the letters of support. However, you must include all of the application narrative in Part III.

We will reject any application if --

- You apply these standards and exceed the page limit; or
- You apply other standards and exceed the equivalent of the page limit.

GENERAL REQUIREMENTS:

(a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities (see section 606 of IDEA); and

(b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities in planning, implementing, and evaluating the projects (see section 682(a)(1)(A) of IDEA).

APPLICABLE REGULATIONS:

(a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99; and (b) The selection criteria for this program are drawn from EDGAR in 34 CFR 75.210.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

ELIGIBLE APPLICANTS: State educational agencies (SEAs), local educational agencies (LEAs), including public charter schools that are considered LEAs under State law, institutions of higher education (IHEs), other public agencies, private nonprofit organizations, outlying areas, freely associated States, Indian tribes or tribal organizations, and for-profit organizations.

INTERGOVERNMENTAL REVIEW:

The program in this notice is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Selection Criteria and Format for the Partnership Project (CFDA 84.326A) and the National Dissemination Center for Children with Disabilities Competitions (CFDA 84.326N)

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Partnership Project (CFDA 84.326A) and the National Dissemination Center for Children with Disabilities (CFDA 84.326N)** competitions are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points.

An **abstract**, not to exceed two pages, should precede the application narrative of all applications and it would be helpful if it included the following information: Purpose of the project; disability addressed by the project; age group (e.g., 0-3, preschool, elementary school, middle school, high school, secondary transition, and postsecondary); geography (e.g., rural, suburban, urban); severity (e.g., mild, moderate, and severe); proposed products; proposed outcomes; names/affiliations of key collaborators. It would be helpful if the abstract includes: (a) the title of the program, (b) the name of the Absolute Priority, and (c) the CFDA Number (e.g., 84.326N).

For Technology and Technical Assistance and Dissemination applications, the abstract should include (a) design and (b) project evaluation, including measures.

The application narrative should include the following sections in this order:

(a) Significance (10)

- (1) The Secretary considers the significance of the proposed project.
- (2) In determining the significance of the proposed project, the Secretary considers the following factors:
 - (i) The potential contribution of the proposed project to increased knowledge or understanding of educational problems, issues, or effective strategies;
 - (ii) The likelihood that the proposed project will result in system change or improvement;

(iii) The extent to which the proposed project is likely to build local capacity to provide, improve, or expand services that address the needs of the target population;

(iv) The likely utility of the products (such as information, materials, processes, or techniques) that will result from the proposed project, including the potential for their being used effectively in a variety of other settings; and

(v) The importance or magnitude of the results or outcomes likely to be attained by the proposed project.

(b) Quality of project services (25)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the services to be provided by the proposed project are appropriate to the needs of the intended recipients or beneficiaries of those services;

(ii) The extent to which entities that are to be served by the proposed technical assistance project demonstrate support for the project;

(iii) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(iv) The likely impact of the services to be provided by the proposed project on the intended recipients of those services;

(v) The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services; and

(vi) The extent to which the technical assistance services to be provided by the proposed project involve the use of efficient strategies, including the use of technology, as appropriate, and the leveraging of non-project resources.

(c) Quality of project personnel (20)

(1) The Secretary considers the quality of the personnel who will carry out the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The qualifications, including relevant training and experience, of key project personnel; and

(ii) The qualifications, including relevant training and experience, of project consultants or subcontractors.

(d) Adequacy of resources (10)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization;

(ii) The extent to which the budget is adequate to support the proposed project; and

(iii) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

(e) Quality of the management plan (15)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks;

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project;

(iii) The adequacy of mechanisms for ensuring high-quality products and services from the proposed project;

(iv) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project; and

(v) How the applicant will ensure that a diversity of perspectives are brought to bear in the operation of the proposed project, including those of parents, teachers, the business community, a variety of disciplinary and professional fields, recipients or beneficiaries of services, or others, as appropriate.

(f) Quality of project evaluation (20)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(iii) The extent to which the methods of evaluation will provide timely guidance for quality assurance.

GENERAL INFORMATION
ON COMPLETING
AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs staff have assembled the following most commonly raised issues. In general, this information applies to the grant competitions covered by this application package.

- **EXTENSION OF DEADLINES**

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the Federal Register.

- **COPIES OF THE APPLICATION**

Current Government-wide policy is that only an original and two copies need to be submitted. OSEP would appreciate receiving three additional copies to facilitate the peer review process. This would mean an original and two copies need to be submitted and we would appreciate your voluntarily submitting an additional three copies (six applications in all). Copies of the application may be bound, but it is not necessary or required. If bound, one copy should be left unbound to facilitate electronic scanning and any necessary reproduction. Applicants should not use colored paper, foldouts, photographs, or other materials that are hard to duplicate.

Please Note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request a copy of the application on a diskette or CD. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

- **MAKING APPLICATIONS MORE ACCESSIBLE TO REVIEWERS WHO ARE BLIND OR HAVE LOW VISION**

The Department will accept one copy of the application in an accessible format (i.e., IBM PC compatible WordPerfect or ASCII code diskette) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into Braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

- **MISSED DEADLINES AND SUBMISSION UNDER OTHER COMPETITIONS**

Should an application miss the deadline for a particular competition, it may be submitted to another competition. However, if an application is properly prepared to meet the

specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

- SUBMISSION TO MORE THAN ONE PROGRAM

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very helpful if each program is notified that an identical or similar application is being submitted to another program.

- HELP PREPARING APPLICATIONS

We are happy to provide general program information. Clearly it would not be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about our application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.

- NOTIFICATION OF FUNDING

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time. The requested start date can be no later than January 1 of the year following the closing date of the competition.

- POSSIBILITY OF LEARNING THE OUTCOME OF REVIEW PANELS PRIOR TO OFFICIAL NOTIFICATION

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. Regardless of the reason, we cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or through a letter (if your application is not successful).

- FORMAT FOR APPLICATIONS

The application narrative (Part III of the application form) should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competitions covered by this packet are listed following the

specific competition information in section “B” of this packet.) A table of contents, list of priority requirements, and an abstract (see page B-19) should precede the application narrative. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

To aid in screening and reviewing the application, applicants should list in Part II and prior to the abstract, all general, special, and other requirements for the priority and corresponding page number (s) where requirements are addressed within the application. Page limits do not apply to this list. (All requirements are found in each priority description included in this application package.) The format included below is an example of how you might provide this information in your application.

Page # Requirements

- _____ (a) Projects funded under this notice must make positive efforts to employ and advance in employment qualified individuals with disabilities in project activities. (See Section 606 of IDEA)

- _____ (b) Applicants and grant recipients funded under this notice must involve individuals with disabilities or parents of individuals with disabilities ages birth through 26 in planning, implementing, and evaluating the projects. (See Section 682(a)(1)(A) of IDEA)

- _____ (c) Applicant must describe steps to ensure equitable access to, and participation in, its program for students, teachers, and other program beneficiaries with special needs. (See Section 427, GEPA)

- _____ (d) Projects funded under these priorities must budget for a three-day Project’s Directors’ meeting in Washington, D.C. during each year of the project.

- **PAGE LIMITS**

Please note that all applications submitted under the competition in this application package must adhere to the Part III - Application Narrative page limit requirements that are specified under each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make knowledgeable judgments about the methods you propose to use (design, subjects, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

- (l) Staff Vitae--They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae for consultants and Advisory Council members should be similarly brief.

- (2) Instruments--except in the case of generally available and well known instruments.
- (3) Agreements--when the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when subjects will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limits.

- **MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION**

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the CFDA number of the program priority (e.g., 84.326A or 84.326N, etc.) representing the competition in which the application should be considered. If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended.

- **RETURN OF NON-FUNDED APPLICATIONS**

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

- **PROPOSED STAFF AVAILABILITY TO PROJECT**

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project Federal award number, and the amount of committed time by each project year. This information (e.g., Staff: Jane Doe; Project Name: Succeeding in the General Curriculum; Federal office: Office of Special Education Programs; Program title: Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities; Award number: H326A030002; Time commitments: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

- **USE OF PERSON LOADING CHARTS**

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number

of days spent by each key person involved in each activity, as shown in the following example.

**Table
Person Loading Chart - Time in Day(s) by Person***

Activity	Time in Day(s) by Person			
	Person A	Person B	Person C	Person D
Library Research	15	20	0	0
Hire Staff	0	0	0	5
Prepare Materials	5	25	0	0
Train Raters	0	2	0	0
Data Collection	60	60	0	0
Data Analysis	0	0	25	5
Dissemination (manuscripts, etc.)	0	1	0	10

*Note: All figures represent FTE for the grant year.

- **DELIVERING/SENDING APPLICATIONS TO THE COMPETITION MANAGER**

Applications can be mailed or hand delivered, or submitted electronically but in either case must go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

- **ALLOWED TRAVEL UNDER THESE PROJECTS**

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination, when there will be results to be disseminated, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

- **FUNDING OF APPROVED APPLICATIONS**

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, one or two applications that are approved and fall next in rank order (after those projects selected for funding) are placed on hold. If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on

hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

- **INDIRECT COST RATE**

There is no maximum indirect cost for the competitions in this application package. An organization's current effective indirect cost rate is the rate that should be reflected in your proposed budget. The Department of Education (ED) reimburses grantees for its portion of indirect costs that a grantee incurs in projects funded by the Partnership Project competition, 84.326A or the National Dissemination Center for Children with Disabilities competition, 84.326N. Any grantee charging indirect costs to a grant from this program must use the indirect cost rate (**ICR**), negotiated with its *cognizant agency*, i.e., either the Federal agency from which it has received the most direct funding, subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

Note: Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR they are using in their budget.

If an applicant selected for funding under this program has not already established a current ICR with its cognizant agency as a result of current or previous funding, ED will require it to do so within 90 days after the date the grant was issued by ED. Applicants should be aware that ED is very often *not* the cognizant agency for its own grantees. Rather, ED accepts, for the purpose of funding its awards, the current ICR established by the appropriate cognizant agency.

An applicant that has not previously established an indirect cost rate with the Federal government or a State agency under a Federal program and that is selected for funding will not be allowed to charge its grant for indirect costs until it has negotiated a current indirect cost rate agreement with its cognizant agency.

Applicants are encouraged to use their accountant (or CPA) to calculate an indirect cost rate using information in the IRS Form 990, audited financial statements, actual cost data or a *cost policy statement* that such applicants are urged to prepare (but NOT submit to ED) during the application process.

Applicants should use this proposed rate in their application materials and indicate which of the above methods was used to calculate the rate. Guidance for creating a cost policy statement can be obtained by sending an e-mail to katrina.mcdonald@ed.gov.

Applicants with questions about using indirect cost rates under this program should contact the program contact person shown elsewhere in this application package.

- **ISSUES RAISED DURING DISCUSSIONS PRIOR TO AWARD**

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as "conditions". These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been explained in enough detail to make it understood by reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations, and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

- **TREATING A PRIORITY AS TWO SEPARATE COMPETITIONS.** In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, The Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

- **SUCCESSFUL APPLICATIONS AND ESTIMATED/PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS**

There is a maximum award amount specified for the priority/competitions included in this package. The Department rejects and does not consider an application that proposes a budget exceeding the maximum amount for any single budget period of 12 months for the priorities included in this package. Please refer to the priority description to determine the maximum award for any one particular competition. Since the yearly budgets for multi-

year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the study design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

- **REQUIREMENT TO REPORT THE RESULTS OF GRANT ACTIVITIES**

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the Individuals with Disabilities Education Act to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as The Department may determine appropriate. (20 U.S.C. 1482)

- **DIFFERENCE BETWEEN A COOPERATIVE AGREEMENT AND A GRANT**

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of the contemplated activity.

- **DIFFERENCE BETWEEN AN ABSOLUTE PRIORITY, AN INVITATIONAL PRIORITY, AND A COMPETITIVE PRIORITY**

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority, will not receive any competitive preference over other applications.

A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways: (1) an application may be awarded additional points depending on how effectively it addresses the competitive priority; or (2) an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the FEDERAL REGISTER announcement.

- OBTAINING COPIES OF THE FEDERAL REGISTER, PROGRAM REGULATIONS AND FEDERAL STATUTES

Copies of these materials can usually be found at your local library. If not, they can be obtained by writing to:

Superintendent of Documents
U.S. Government Printing Office
Washington, D.C. 20402
Telephone: (202) 512-1800.

Information about the Department's funding opportunities, including copies of application notices for discretionary grant competitions, can be viewed on the Department's grant information web page which can be accessed on the INTERNET at:

<http://www.ed.gov/fund/grant/apply/grantapps/index.html>

However, the official application notice for a discretionary grant competition is the notice published in the FEDERAL REGISTER.

APPLICATION TRANSMITTAL INSTRUCTIONS
AND
REQUIREMENTS FOR INTERGOVERNMENTAL REVIEW

Application Transmittal Instructions

ATTENTION ELECTRONIC APPLICANTS: Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. Some programs may require electronic submission of applications, and those programs will have specific requirements and waiver instructions in the Federal Register notice.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

Applications Submitted Electronically

You must submit your grant application through the Internet using the software provided on the Grants.gov Web site (<http://www.grants.gov>) by 4:30 p.m. (Washington, DC time) on the application deadline date.

If you submit your application through the Internet via the e-Grants Web site, you will receive an automatic acknowledgment when we receive your application.

For more information on using Grants.gov, please refer to the Notice Inviting Applications that was published in the Federal Register, the Grants.gov Submission Procedures and Tips document found in the application package instructions, and visit <http://www.grants.gov>.

Applications Sent by Mail

You must mail the original and two copies of the application on or before the deadline date to. To help expedite our review of your application, we would appreciate your voluntarily including an additional 3 copies of your application.

Please mail copies to:

U.S. Department of Education
Application Control Center
Attention: CFDA# 84.326A or 84.326N
400 Maryland Avenue, SW
Washington, DC 20202-4260

You must show one of the following as proof of mailing:

- (1) A legibly dated U. S. Postal Service Postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U. S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.
- (4) Any other proof of mailing acceptable to the Secretary.

If you mail an application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Services.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Applications Delivered by Commercial Carrier:

Special Note: Due to recent disruptions to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; or U. S. Postal Service Express Mail) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Sent by Mail,” then follow the mailing instructions under the appropriate delivery method.

Applications that are delivered by commercial carrier, such as Federal Express, United Parcel Service, etc. should be mailed to the:

U.S. Department of Education
Application Control Center – Stop 4260
Attention: CFDA# 84.326A or 84.326N
7100 Old Landover Road
Landover, MD 20785-1506

Applications Delivered by Hand

You or your courier must hand deliver the original and number of copies requested of the application by 4:30 p.m. (Washington, DC time) on or before the deadline date. To help expedite our review of your application, we would appreciate your voluntarily including an additional 3 copies of your application.

Please hand deliver copies to:

U.S. Department of Education
Application Control Center
Attention: CFDA# 84.326A or 84.326N
550 12th Street, SW
PCP - Room 7041
Washington, DC 20202 – 4260

The Application Control Center accepts application deliveries daily between 8:00 a.m. and 4:30 p.m. (Washington, DC time), except Saturdays, Sundays and Federal holidays.

Appendix

Intergovernmental Review of Federal Programs

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive Order 12372. Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each of those States under the Executive order. A listing containing the Single Point of Contact for each State is included in this appendix.

In States that have not established a process or chosen a program for review, State, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7W301, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, DC time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS.

State Single Points of Contact (SPOCs)

It is estimated that in 2004 the Federal Government will outlay \$400 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided on the official version: <http://www.whitehouse.gov/omb/grants/spoc.html>.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may still send application materials directly to a Federal awarding agency.

Contact information for Federal agencies that award grants can be found in [The Catalog of Federal Domestic Assistance Catalog Contents Page](#). You can access Appendix IV by Agency [http://12.46.245.173/CFDA/appx4_web.pdf] or by State [http://12.46.245.173/CFDA/appx4_web_state.pdf].

Washington, DC 20503

Please note: Inquiries about obtaining a Federal grant should not be sent to the OMB e-mail or postal address shown above. The best source for this information is the Catalog of Federal Domestic Assistance or CFDA <http://www.cfda.gov> and the Grants.gov website (<http://www.grants.gov>).

**NOTICE TO ALL APPLICANTS
(ENSURING EQUITABLE ACCESS)
AND
APPLICATION FORMS AND INSTRUCTIONS**

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity.

The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0007**. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** Director, Grants Policy and Oversight Staff, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4250.

APPLICATION FORMS AND INSTRUCTIONS

The application is divided into four parts. These parts are organized in the same manner that the submitted application should be organized. These parts are as follows:

- Part I: Application for Federal Assistance (SF 424) and Instructions.
- Part II: Budget Information -- Non-Construction Programs (ED Form 524) and Instructions.
- Part III: Application Narrative.
- Part IV: Assurances and Certifications --
Assurances -- Non-Construction Programs (Standard Form 424B).
Certifications Regarding Lobbying (ED Form 80-0013).
Disclosure of Lobbying Activities.

An applicant may submit information on a photostatic copy of the application and budget forms, the assurances, and the certifications. However, the application form, the assurances, and the certifications must each have an original signature. No grant may be awarded unless a completed application form has been received.

Version 02

***Applicant Federal Debt Delinquency Explanation**

The following should contain an explanation if the Applicant organization is delinquent of any Federal Debt.

INSTRUCTIONS FOR FORM ED 424

- 1. Legal Name and Address.** Enter the legal name of applicant and the name of the primary organizational unit which will undertake the assistance activity.
- 2. D-U-N-S Number.** Enter the applicant's D-U-N-S Number. If your organization does not have a D-U-N-S Number, you can obtain the number by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:
www.dnb.com
- 3. Tax Identification Number.** Enter the taxpayer's identification number as assigned by the Internal Revenue Service.
- 4. Catalog of Federal Domestic Assistance (CFDA) Number.** Enter the CFDA number and title of the program under which assistance is requested. The CFDA number can be found in the federal register notice and the application package.
- 5. Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.
- 6. Novice Applicant.** Check "Yes" or "No" only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank**.

Check "Yes" if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled "Definitions for Form ED 424." By checking "Yes" the applicant certifies that it meets these novice applicant requirements.
Check "No" if you do not meet the requirements for novice applicants.
- 7. Federal Debt Delinquency.** Check "Yes" if the applicant's organization is delinquent on any Federal debt. (This question refers to the applicant's organization and not to the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes.) Otherwise, check "No."
- 8. Type of Applicant.** Enter the appropriate letter in the box provided.
- 9. State Application Identifier.** State use only (if applicable).
- 10. Type of Submission.** See "Definitions for Form ED 424" attached.
- 11. Executive Order 12372.** See "Definitions for Form ED 424" attached. Check "Yes" if the application is subject to review by E.O. 12372. Also, please enter the month, day, and four (4) digit year (mm/dd/yyyy). Otherwise, check "No."
- 12. Proposed Project Dates.** Please enter the month, day, and four (4) digit year (mm/dd/yyyy).
- 13. Human Subjects Research.** (See I.A. "Definitions" in attached page entitled "Definitions for Form ED 424.")

If Not Human Subjects Research. Check "No" if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 12 are then not applicable.

If Human Subjects Research. Check "Yes" if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check "Yes" even if the research is exempt from the regulations for the protection of human subjects. (See I.B. "Exemptions" in attached page entitled "Definitions for Form ED 424.")

13a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check "Yes" if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I.B. "Exemptions." In addition, follow the instructions in II.A. "Exempt Research Narrative" in the attached page entitled "Definitions for Form ED 424." Insert this narrative immediately following the ED 424 face page.

13a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check "No" if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II.B. "Nonexempt

Research Narrative” in the page entitled “Definitions for Form ED 424.” Insert this narrative immediately following the ED 424 face page.

13a. Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) or Multiple Project Assurance (MPA) with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the face page, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

14. Project Title. Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.

15. Estimated Funding. Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate **only** the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 15.

16. Certification. To be signed by the authorized representative of the applicant. A copy of the governing body’s authorization for you to sign this

application as official representative must be on file in the applicant’s office. Be sure to enter the telephone and fax number and e-mail address of the authorized representative. Also, in item 15e, please enter the month, day, and four (4) digit year (mm/dd/yyyy) in the date signed field.

Paperwork Burden Statement.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1875-0106. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to:** U.S. Department of Education, Washington, D.C. 20202-4700. **If you have comments or concerns regarding the status of your individual submission of this form write directly to:** Joyce I. Mays, Application Control Center, U.S. Department of Education, Potomac Center Plaza, 550 12th Street SW, Room 7076, Washington, DC 20202-4260.

DEFINITIONS FOR FORM ED 424

NOVICE APPLICANT (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

Type of Submission. "Construction" includes construction of new buildings and acquisition, expansion, remodeling, and alteration of existing buildings, and initial equipment of any such buildings, or any combination of such activities (including architects' fees and the cost of acquisition of land). "Construction" also includes remodeling to meet standards, remodeling designed to conserve energy, renovation or remodeling to accommodate new technologies, and the purchase of existing historic buildings for conversion to public libraries. For the purposes of this paragraph, the term "equipment" includes machinery, utilities, and built-in equipment and any necessary enclosures or structures to house them; and such term includes all other items necessary for the functioning of a particular facility as a facility for the provision of library services.

Executive Order 12372. The purpose of Executive Order 12372 is to foster an intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The application notice, as published in the Federal Register, informs the applicant as to whether the program is subject to the requirements of E.O. 12372. In addition, the application package contains information on the State Single Point of Contact. An applicant is still eligible to apply for a grant or grants even if its respective State, Territory, Commonwealth, etc. does not have a State Single Point of Contact. For additional information on E.O. 12372 go to http://12.46.245.173/pls/portal30/catalog.REQ_FOR_12372.show

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

— Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 13 on the ED 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative and insert it immediately following the ED 424 face page.

A. Exempt Research Narrative.

If you marked “Yes” for item 13 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 13 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

- (1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable
- (2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.
- (3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.
- (4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.
- (5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

- (6) **Importance of the Knowledge to be Gained:**
Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.
- (7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://www.ed.gov/about/offices/list/ocfo/h>

**SUPPLEMENTAL INFORMATION REQUIRED FOR
DEPARTMENT OF EDUCATION**

1. Project Director:

Prefix: *First Name: Middle Name: *Last Name: Suffix:

Address:

* Street1:

Street2:

* City:

County:

* State: * Zip Code: * Country:

* Phone Number (give area code) Fax Number (give area code)

Email Address:

2. Applicant Experience:

Novice Applicant to this program	Yes	No	Not applicable
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3. Human Subjects Research:

Are any research activities involving human subjects planned at any time during the proposed project Period?

Yes No

Are ALL the research activities proposed designated to be exempt from the regulations?

Yes Provide Exemption(s) #:

No Provide Assurance #, if available:

Please attach an explanation Narrative:

**INSTRUCTIONS FOR DEPARTMENT OF EDUCATION
SUPPLEMENTAL INFORMATION FOR SF 424**

1. **Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.
2. **Novice Applicant.** Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. **Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

- 3a. **If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”
- 3a. **If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424
- 3a. **Human Subjects Assurance Number.** If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance

on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

Paperwork Burden Statement.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0017. The time required to complete this information collection is estimated to average between 15 and 45 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4700. If you have comments or concerns regarding the status of your individual submission of this form write directly to: Joyce I. Mays, Application Control Center, U.S. Department of Education, Potomac Center Plaza, 550 12th Street, SW, Room 7076, Washington, DC 20202-4260.

DEFINITIONS FOR DEPARTMENT OF EDUCATION
SUPPLEMENTAL INFORMATION FOR SF 424
(Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the

confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons

with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, D.C. 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/OCFO/humansub.html>

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

**U.S. DEPARTMENT OF EDUCATION
BUDGET INFORMATION
NON-CONSTRUCTION PROGRAMS**

OMB Control Number:
1890-0004

Name of Institution/Organization

Applicants requesting funding for only one year should complete the column under "Project Year 1." Applicants requesting funding for multi-year grants should complete all applicable columns. Please read all instructions before completing form.

**SECTION A - BUDGET SUMMARY
U.S. DEPARTMENT OF EDUCATION FUNDS**

Budget Categories	Project Year 1 (a)	Project Year 2 (b)	Project Year 3 (c)	Project Year 4 (d)	Project Year 5 (e)	Total (f)
1. Personnel						
2. Fringe Benefits						
3. Travel						
4. Equipment						
5. Supplies						
6. Contractual						
7. Construction						
8. Other						
9. Total Direct Costs (lines 1-8)						
10. Indirect Costs*						
11. Training Stipends						
12. Total Costs (lines 9-11)						

***Indirect Cost Information (To Be Completed by Your Business Office):**

If you are requesting reimbursement for indirect costs on line 10, please answer the following questions:

(1) Do you have an Indirect Cost Rate Agreement approved by the Federal government? ___ Yes ___ No

(2) If yes, please provide the following information:

Period Covered by the Indirect Cost Rate Agreement: From: ___/___/_____ To: ___/___/_____ (mm/dd/yyyy)

Approving Federal agency: ___ ED ___ Other (please specify): _____

(3) For Restricted Rate Programs (check one) -- Are you using a restricted indirect cost rate that:

___ Is included in your approved Indirect Cost Rate Agreement? or ___ Complies with 34 CFR 76.564(c)(2)?

Name of Institution/Organization	Applicants requesting funding for only one year should complete the column under "Project Year 1." Applicants requesting funding for multi-year grants should complete all applicable columns. Please read all instructions before completing form.

10. Indirect Costs						
11. Training Stipends						
12. Total Costs (Lines 9-11)						

SECTION C – BUDGET NARRATIVE (see instructions)

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

Section A - Budget Summary **U.S. Department of Education Funds**

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information:

If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. (2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement. (3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with

34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B - Budget Summary
Non-Federal Funds

If you are required to provide or volunteer to provide matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative

[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1890-0004**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to (insert program office), U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.

PART III - APPLICATION NARRATIVE

This narrative section of the application requires applicants to address the selection criteria that will be used by reviewers in evaluating individual applications. Please refer to the “Selection Criteria and Format” sections in this package for the competition to which you wish to submit an application.

Also, all of the competitions covered by this package have page limitations for the application narrative. Please refer to the “Page Limits” information for the competition to which you wish to submit an application.

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

Note: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the

- basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Titles II and III of the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
 8. Will comply, as applicable, with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
 9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §§874) and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 327-333), regarding labor standards for federally assisted construction subagreements.
 10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
 11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq); (f) conformity of Federal actions to State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered

- species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1721 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
 13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
 14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
 15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
 16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
 17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
 18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.

SIGNATURE OF AUTHORIZED CERTIFYING OFFICIAL	TITLE

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans and Cooperative Agreements.

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal Loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan or cooperative agreement.
- (2) If any funds other Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form – LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance.

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee or any agency, a member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

Paperwork Reduction Act

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

SURVEY ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

Purpose

The Federal government is committed to ensuring that all qualified applicants, small or large, non-religious or faith-based, have an equal opportunity to compete for Federal funding. In order for us to better understand the population of applicants for Federal funds, we are asking nonprofit private organizations (not including private universities) to fill out this survey.

Upon receipt, the survey will be separated from the application. Information provided on the survey will not be considered in any way in making funding decisions and will not be included in the Federal grants database. While your help in this data collection process is greatly appreciated, completion of this survey is voluntary.

Instructions for Submitting the Survey

If you are applying using a hard copy application, please place the completed survey in an envelope labeled "Applicant Survey." Seal the envelope and include it along with your application package. If you are applying electronically, please submit this survey along with your application.

Applicant's (Organization) Name: _____

Applicant's DUNS Number: _____

Federal Program: _____ **CFDA Number:** _____

SURVEY INSTRUCTIONS ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

Provide the applicant's (organization) name and DUNS number and the grant name and CFDA number.

1. Self-explanatory.
2. Self-identify.
3. Self-identify.
4. 501(c)(3) status is a legal designation provided on application to the Internal Revenue Service by eligible organizations. Some grant programs may require nonprofit applicants to have 501(c)(3) status. Other grant programs do not.
5. Self-explanatory.
6. For example, two part-time employees who each work half-time equal one full-time equivalent employee. If the applicant is a local affiliate of a national organization, the responses to survey questions 2 and 3 should reflect the staff and budget size of the local affiliate.
7. Annual budget means the amount of money your organization spends each year on all of its activities.

PAPERWORK BURDEN STATEMENT

According to the *Paperwork Reduction Act of 1995*, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0014. The time required to complete this information collection is estimated to average five (5) minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** The Agency Contact listed in this grant application package.

Program Performance Measures Under The Government Performance and Results Act (GPRA)

What is *GPRA*

The *Government Performance and Results Act* of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report its progress to the Congress. In doing so, it is expected that *GPRA* will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the United States Department of Education responded to the *GPRA* Requirements?

As required by *GPRA*, the United States Department of Education (the Department) has prepared a strategic plan for 2002-2007. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

- Goal 1:** Create a Culture of Achievement: Create a culture of achievement throughout the nation's education system by effectively implementing the new law, the No Child Left Behind Act of 2001, and by basing all federal education programs on its principles: accountability, flexibility, expanded parental options and doing what works.
- Goal 2:** Improve Student Achievement: Improve student achievement for all groups of students by putting reading first, expanding high-quality mathematics and science teaching, reforming high schools, and boosting teacher and principal quality, thereby closing the achievement gap.
- Goal 3:** Develop Safe Schools and Strong Character: Establish disciplined and drug-free education environments that foster the development of good character and citizenship.
- Goal 4:** Transform Education into an Evidence-based Field: Strengthen the quality of education research.
- Goal 5:** Enhance the Quality of and Access to Postsecondary and Adult Education: Increase opportunities for students and the effectiveness of institutions.
- Goal 6:** Establish Management Excellence: Create a culture of accountability throughout the Department of Education.

DUNS Number Instructions

D-U-N-S No.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

www.dnb.com/dbis/aboutdb/intlduns.htm

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.

Grant Application Receipt Acknowledgement

If you fail to receive the notification of application within fifteen (15) days from the closing date, call:

U.S. Department of Education
Application Control Center
202-245-6288

Grant and Contract Funding Information

The Department of Education provides information about grant and contract opportunities electronically in several ways:

ED Internet Home Page: www.ed.gov
