

## § 570.493

### § 570.493 HUD's reviews and audits.

(a) *General.* At least on an annual basis, HUD shall make such reviews and audits as may be necessary or appropriate to determine:

(1) Whether the state has distributed CDBG funds to units of general local government in a timely manner in conformance to the method of distribution described in its action plan under part 91 of this title;

(2) Whether the state has carried out its certifications in compliance with the requirements of the Act and this subpart and other applicable laws; and

(3) Whether the state has made reviews and audits of the units of general local government required by § 570.492.

(b) *Information considered.* In conducting performance reviews and audits, HUD will rely primarily on information obtained from the state's performance report, records maintained by the state, findings from on-site monitoring, audit reports, and the status of the state's unexpended grant funds. HUD may also consider relevant information on the state's performance gained from other sources, including litigation, citizens' comments, and other information provided by the state. A State's failure to maintain records in accordance with § 570.490 may result in a finding that the State has failed to meet the applicable requirement to which the record pertains.

(c) HUD may collect necessary information from states to determine whether CDBG funds have been distributed in a timely manner.

### § 570.495 Reviews and audits response.

(a) If HUD's review and audit under § 570.493 results in a negative determination, or if HUD otherwise determines that a state or unit of general local government has failed to comply with any requirement of this subpart, the state will be given an opportunity to contest the finding and will be requested to submit a plan for corrective action. If the state is unsuccessful in contesting the validity of the finding to the satisfaction of HUD, or if the state's plan for corrective action is not satisfactory to HUD, HUD may take one or more of the following actions to prevent a continuation of the deficiency; mitigate, to the extent possible, the adverse effects or consequence of the deficiency; or prevent a recurrence of the deficiency:

(1) Issue a letter of warning that advises the State of the deficiency and puts the state on notice that additional action will be taken if the deficiency is not corrected or is repeated;

(2) Advise the state that additional information or assurances will be required before acceptance of one or more of the certifications required for the succeeding year grant;

(3) Advise the state to suspend or terminate disbursement of funds for a deficient activity or grant;

(4) Advise the state to reimburse its grant in any amounts improperly expended;

(5) Change the method of payment to the state from an advance basis to a reimbursement basis;

(6) Based on the state's current failure to comply with a requirement of this subpart which will affect the use of the succeeding year grant, condition the use of the succeeding fiscal years grant funds upon appropriate corrective action by the state. When the use of funds is conditioned, HUD shall
