

## Assessing School-Community Collaboration

Community resources are used to strengthen schools, families, and student health and learning.

Indicators	Consistently Evident	Frequently Evident	Seldom Evident	Not Evident
<ul style="list-style-type: none"> <li>Information is regularly distributed regarding cultural, recreational, academic, health, social, and other resources that serve community members.</li> </ul>				
<ul style="list-style-type: none"> <li>Partnerships are developed with local businesses and student groups to advance student learning and assist schools and families.</li> </ul>				
<ul style="list-style-type: none"> <li>Employers are encouraged to adopt policies and practices that promote and support adult participation in prevention and education.</li> </ul>				
<ul style="list-style-type: none"> <li>Student participation in community service is fostered.</li> </ul>				
<ul style="list-style-type: none"> <li>Community members are involved in school volunteer programs.</li> </ul>				
<ul style="list-style-type: none"> <li>Information about school programs and events is disseminated to the community.</li> </ul>				
<ul style="list-style-type: none"> <li>Collaboration with community agencies helps to provide learning opportunities that enable parents/caregivers to more fully participate in prevention and education.</li> </ul>				
<ul style="list-style-type: none"> <li>Staff members are informed about the resources that are available in the community, and strategies for utilizing those resources.</li> </ul>
