Subject: Reminder: Deadline for ENERGY STAR Window, Door, and Skylight Display Unit Labeling July 31st

Dear ENERGY STAR Partner:

The U.S. Department of Energy (DOE) would like to remind you that the final deadline for labeling your window, door, and skylight display units with the new ENERGY STAR display unit labels is approaching. Partners are asked to use the appropriate ENERGY STAR display unit label on all display units, including new units and existing displays at retail locations, by July 31, 2005.

Additional information, including label templates and labeling guidelines, is available on the ENERGY STAR Web site at: http://www.energystar.gov/index.cfm?c=windows.display_unit_labels. Partners may use the label vendor of their choice to print the labels. For a list of vendors known to be printing the labels, contact windows@energystar.gov. The labeling guidelines include information that will help you to introduce the labels to your sales representatives and prepare them to derive the most benefit from the labels.

Questions may be addressed to Jenny Dakin, D&R International, at jdakin@drintl.com or (301) 588-9387.
